Baker Institute.

The closing exercises of the winter term of this "school of the Prophets" took place on Monday and Tuesday of this week. The discussion on Monday night at the Chapel was most creditable to all concerned, and the examination on Tuesday before the Trustees and visitors exhibited a degree of improvment and proficiency we were hardly prepared to expect.

We believe our readers little know, what this Institution is doing to supply our opening work in this southern country, with Teachers and Preachers.

The spring term commences next Wednesday March 27.

The Freedmen's Bureau in receiving a letter from Grayson County, Texas, saying the Government must do something to protect the negroes, two having been most brutally murdered within the last few days. Ruffians are continually maltreating the blacks within a circle of twenty miles, a dozen have been assassinated.

The Missouri Senate on the 25th inst. passed 19 to 7 against the Bill, submitting to the people an amendment to the State Convention, to strike out the word "white". The House has yet to act.

☞ "CLARK'S INDELIBLE PENCIL for marking linen," is certain to supercede the old blotting and scratching style of marking so long endured. We have tried one and find it more than satisfactory.

Read the advertisement on our 3d page and go to "Holmes Book House" King Street with 50 cents and *try one*.

The receipts of the New York *Tribune* the second week in January for subscriptions, sales and advertising, amounted to $92,850 98, which is over thirty per cent. greater than during any previous week in its history.

☞ See advertisement of "NATIONAL FREEDMAN'S SAVINGS AND TRUST COMPANY." It is a noble institution, a safe and remunerative place to deposit your savings.

BELLS. WEST TROY BELL FOUNDERY. (Established in 1836.)

The subscribers continue to manufacture at their old and well known Foundery, their superior bells for Churches Academies, Factories, Steamboats, Locomotive, Fire Alarms, etc., made of genuine bell metal (copper and tin composition), mounted with their improved Patented Mountings, and warranted in every particular.

"That no substitute, equal to copper and tin, for making Bells, has yet been discovered," has recently been announced as the decision of the Royal Institute of British Architects and is a fact well known where bells of base material, such as Iron, Crude Steel, etc., have been brought into comparison with a good article of the genuine Bronze. Not possessing any marked resonant or vibratory qualities, such material cannot produce a good ringing bell; and, while genuine bell-metal, as material, always has a high commercial value, the other can only command the price of old iron.

An assortment of our Bells is kept at the Foundery, also with our Sceneras Agents, FAIRBANKS & CO., (SCALE WAREHOUSE,) 252 BROADWAY, NEW YORK, who will sell at Foundery price, and who, with the undersigned, will give prompt attention to all orders and communications.

For full information in regard to our Bells, send for an illustrated Catalogue.

THE INDEPENDENT,

A Weekly Journal, published every day in New York, and circulated in every State of the Union.

Edited by

THEODORE TILTON.

This journal advocates, to the best of its ability, every Struggling Moral Reform of the Time. It takes advanced views of Politics, Reconstruction, and Equal Rights. It believes in the Declaration of Independence, and steadfastly endeavors to convert the American People to the same faith. It respect Principles, and, for the sake of these, criticizes Men and Measures. It is Radical in its aims, impulses, and energies. Its pages are enriched by contributions from the best-known and best-loved writers in American Literature. Its Editorial department is the work of many pens, all having one great purpose—the Elevation of Man. It has regular correspondence from Foreign Countries and from important points in the United States. At present, it has a travelling correspondent in the South, who makes weekly reports of the condition of the Rebellious States. It publishes every week a Sermon by the Rev. Henry Ward Beecher, taken while fresh by a short-hand reporter. It has a special department of Commercial and Financial Intelligence, which, it is believed, is second to that of no journal in America for painstaking accuracy and acknowledged value. It devotes a liberal corner, every week, to the young folks, by furnishing a Children's Column, containing both amusement and instruction. It publishes a careful digest of all the News of the Day—both Secular and Religious—giving to each religious denomination a fair and impartial exhibit of its own important facts and statistics. It has, too, a department of Agriculture, conducted by a practical and experienced hand. In short, THE INDEPENDENT endeavors to equip itself with every appointment of a first-class journal—and, whenever it speaks, TO SPEAK IN EARNEST. Its circulation is, at present, about 65,000 copies, and continually increasing. Its terms are as follows:

By Mail, $2 50 for 52 numbers, in adv.
" 1 50 " 26 " "
" 88 " 13 " "
" 3 00 " 52 " after 3 months.

Dobbins' Electric Soap.

A GREAT DISCOVERY!

Time, Money, Labor, Clothes, and Women Saved!

WITH THIS SOAP A CHILD CAN DO THE WASH OF A LARGE FAMILY!

To enumerate all the advantages of using this remarkable Soap would require a large space. We only ask that every family give it one fair trial, confident that the result will be highly satisfactory.

It is used by cutting into small shavings and dissolving in hot water; then soak the clothes in the suds five to ten minutes; then a little hand rubbing will make them as clean as hours of hard machine rubbing would do with ordinary soap.

Full directions accompany each bar.

FOR CLEANING PAINT it has no equal, as it leaves the paint bright and glossy, requiring no brush.

FOR WASHING FLANNELS, CASHMERES, WOOLLENS, etc., it is invaluable. It makes the hands soft and white, and will not injure the most delicate fabric. It is used with entire satisfaction in the families of Rev. ALFRED COOKMAN, Rev. S. THOMAS Rev. E. L. D. PEPPER, Rev. A. MANSHIP, and many other members of the Philadelphia Conference, to whom we refer. Please try it. Sold by grocers. Manufactured only by
