GRISWOLD'S COTTON GINS.

THE Subscriber has a better location and is much better prepared for manufacturing GINS than and other Establishment in operation. He has made any sold double the number of any other maker in the country, his sales averaging one Thousand per annum. This unequalled demand justifies the reputation claimed for his Gins, viz: that they *Gin faster, run lighter, clean the seed better, take out more moats, make better lint, have Patent Water Boxes, far more durable* and *secure* against *Fire* than any *other,* and that all other water boxes whether double or single are, not only a *deception,* but are an *infringement* on his *rights,* and will *subject* the *Planter* who uses them to *pay damage* for a *violation* of the Patent *Laws.*

These advantages justify him in offering to supply the Planting Community with Gins on better terms, according to quality, than any other Factory, Premium Gins *not* excepted.

Planters of South Carolina can order these Gins through Messrs. Herriot & Brailsford, Charleston; Mr. M. W. Coleman, Hamburg; Messrs. Law & Drumon, and Mr. Jesse Drafts, Columbia; Mr. Duncan Malloy, Cheraw; Mr C. Matheson, Camden; Messrs. Townsend & Douglas, Bennetsville, and his Travelling Agents, or by letter directed to him at Griswoldville, Jones County, Georgia.

Gins delivered at the purchasers nearest Steamboat landing or Railroad station.
