THE PRINCETON PRESS.

THE design of the inventor was to get up a Press which would answer a great purpose of the original by Gilman Rawson, of New York, in 1851, but cheap, fast, easily managed, and capable of turning off at least 500 sheets per hour.

The Press will throw off from 500 to 800 sheets per hour, doing the work equal to any Cylinder Press. It stands about 30 inches from the floor, and is the most convenient of all Presses to make ready and run on. It is capable of printing on book work, cards as well as newspaper, and will engrave as well as any other Cylinder Press. It requires, to work it, only to turn the fly wheel and a boy to feed the sheets.

The Inking Apparatus is very complete, and different from the apparatus used in Cylinder Presses generally, being more like that used in the Power Presses. Two rollers pass over the forms to each impression, taking ink for each sheet.

The Press of this description for newspaper and job-printing, bed 44 by 28½ inches, with roller mould, roller stocks, blanket, flying and registering apparatus, &c., complete, will be furnished for $500. If intended for book work chiefly, an extra ink fountain will be furnished for $20. The press, fly wheel, &c., will weigh about 2000 pounds. The sides, &c., are iron. Length of frame, seven feet—height, to front edge of feed board, three feet six inches. Any size made to order.

The following is the list of Sizes and Prices as far as established:

Bed 28 by	20,	$400.	Bed 48 by	31,	$580.
" 34	24,	450.	" 50	32,	600.
" 44	28½,	500.	" 52	32,	625.
" 46	30	540.			

The beds will take chases their full breadth, and within two inches of the length.

TERMS.—One-half cash; one half, note, at 4 months, with approved security; or 2½ per cent discount for cash.

Boxing and Cartage, $13.

For more than three years the inventor of the above Press has been improving it, working it all the while, and ascertaining, with great care and expense, the best mode of carrying out all the details—and he flatters himself he has succeeded in perfecting it; and is now manufacturing the Press himself. No Press will leave his premises without being thoroughly tested, and without it performs to the entire satisfaction of the purchaser.

LIVERY AND SALE STABLE.

THE undersigned has purchased the stock heretofore employed by Col. L. P. SADLER, and respectfully informs his friends in this vicinity and

THE TRAVELLING COMMUNITY

generally, that he will carry on, at the old stand in the rear of G. R. Ratchford's Store, the business of a Livery and Sale Stable, in all its departments.—He is fully prepared with

A GOOD STOCK

to furnish accommodations at a moment's warning; and will hire horses and vehicles by the day or convey travellers by experienced and

CAREFUL DRIVERS,

to any desired point. His lots are sufficiently large to enable him to extend every accommodation to

DROVERS,

and he solicits from them a call before putting up elsewhere.

By offering for the public service a first-rate stable, and by the strictest attention and an earnest endeavor to please on his part, the undersigned hopes to deserve and receive a generous measure of public patronage. He will at all times be found at the Stable, or at Mr. Ratchford's Store.
