London, Dec. 11.

The Paris journals of Wednesday have red. The announcement of the Mo-eur, in reply to the Constitutionnel, that difference with the United States was erely what it was last year, has calmed the blic of the Bourse, and occasioned a con-derable rise in the funds. It has not had, owever, so favorable an effect upon the De-uties now assembling in the capital, who nd their famed amendment set aside, as it ere, and the discussion brought back to a oint which, in the opinion of all, was long ince passed.

DIED—At Maracaibo, in the State of Zulia Columbia, about the middle of Nov. 1835, Abra-am Nones, Esq., aged about 42, a native of hiladelphia:—for many years Consul of the nited States of America, for the State of Zulia, nd a respectable merchant of Maracaibo. Mr. ones died as he had lived, generally beloved and espected by all who knew him; he was an able re-presentative of his country, honorable and upright all his relations through life: his home and con-ialate was ever open, not only to his own country-en, but to all, indiscriminately—and all alike hared his unbounded hospitality. His loss will ong continue to be felt.
