CANCER CURED,

NO CURE, NO PAY!

DR. JAMES C. HICKS, would respectful inform the citizens of South Carolina, and other States, that he is located at Clark's Hotel, Sumterville, S. C., where he is prepared to practice in the art of removing and healing that formidable disease, CANCER, without the use of the knife. All persons who may be afflicted with this dangerous disease and wish to be cured, will do well by calling on him. He refers to many gentlemen in this State and others of high respectability and understanding, who will testify to the efficacy of his practice. Persons who cannot conveniently call on him will be attended at their residences.

Have certificates might be produced, but perhaps the following is as satisfactory.

All letters, post paid, will meet with prompt attention, if addressed to DR. JAMES C. HICKS, Sumterville, S. C.

To the undersigned, take this method of informing the Dr. James C. Hicks to the public, as well worthy of patronage in his profession. Cancer Doctor. From general and our own observations we have been induced to think Cancers were for the most part incurable, after having attended any Cancer treated by him in a very short time, which seemed to defy all human skill, even the sight of which drew from Infirmary remarks of fear and despair. We are gladly embrace this method of recommending him to the community, thinking he deserves full credit as a benefactor to many and a great share of humanity.

JANUARY 1, 1849.

This may certify that after trying every remedy I could hear of, and trying the prescriptions of five or six of the most scientific physicians of Sumterville and Columbia, S.C., for the disease of my eyes, which I am fully satisfied was a cancer, that opinion being strengthened by one of the most extensive practitioners of Columbia, I received no permanent relief, and hearing of Dr. Hicks' skill in that disease, I procured his aid, and I now rejoice to say that he has made a permanent cure of it, and that in the very short time of about eleven weeks from the first application. My case as I have before stated was of twelve years standing, and of slow but steady progress, and to those who may be afflicted with this disease, I would say, try the Doctor's remedy by all means, for I earnestly and conscientiously believe it will succeed in every case where it is administerable, and the disease not so diffused in the system as to defy any remedy whatever.

BENJ. MITCHELL.

MONTGOMERY, Ala., Jan. 11, 1851.

To the Public.—I take this method of announcing that for twenty years I had on my nose a sore which was supposed to be cancerous; that having undergone many trials for curing it, and having always failed, I heard of Dr. James C. Hicks, of Sumterville, South Carolina, and about the first of November, 1849, I went to that place and put myself under his treatment. I remained with him until about the 1st of September, 1850, when he discharged me as being perfectly cured. My nose has been completely destroyed and the wound healed, and no sign of the disease has since appeared, and the parts around the orifice, which the loss of my nose has caused, look and feel completely sound, which I am satisfied to be the case. I would state *also* that the disease had nearly destroyed my nose before I saw Dr. Hicks. As a simple act of justice to him, and for the benefit of all who may be afflicted in a similar manner, I have given this certificate.

ADAM FELDER.

STARKEY COUNTY, N.C., March 20, 1851.

This is to certify that I have been cured of a disease that I supposed to prove fatal, and was pronounced to be a Cancer by several physicians, it made its appearance in my ear about eighteen years ago, and although a small place, it gave me a great deal of uneasiness, for it continued to enlarge, though it was never much painful. I was advised by physicians to have something done for it, but concluded to let it alone, and leaving home for Dr. Hicks, of Sumter, South Carolina, I went to see him, and put myself under his treatment, and am happy to say that he effected a cure in about seven weeks, and I hope my cure is permanent. I would say to those who are afflicted in like manner that they would do well to see him at trial—and will find in Dr. Hicks a skillful attendant and friend.

ARCHER W. ATKINS.

LEXINGTON, Williamsburg Dist., 17th C., ohs., 1851.

This is to certify that Dr. James C. Hicks has cured a gun shot sore, which appeared to be a cancerous tumor, on the nose of Mrs. Craig, of long standing, having been on her nose for three years, to my mind, well authenticated, and I believe it entirely cured.

The Clarendon Female Academy,

SUMTER DISTRICT, S. CAROLINA

THE TRUSTEES of the Institution announce, with pleasure, to the public, that they have re-engaged the services of Mr. W. K. Stuart, for the ensuing year.

The experience of the last two years, added to Mr. Stuart's previous reputation, enable the Trustees to recommend him with great confidence, as a Teacher eminently qualified to impart a thorough education to young ladies.

Mr. Stuart obtained his Collegiate education in one of the first Universities of Europe, and likewise possessed and availed himself of unusual opportunities for the acquisition of several of the modern languages of Music, and of Drawing. He is a gentleman of high moral character, has had a long experience in Teaching, and, in a word, we feel assured that no Institution affords greater facilities for obtaining a finished Education in every Department.

A competent and experienced lady will assist in the English Department. The health of the Sand-Hills of Clarendon is well known, and the Academy possesses ample accommodation for Boarders.

School will re-open on the 13th of January, 1852.

ENTERED according to Act of Congress, in the year 1851, by J. S. Houghton, M. D., in the Clerk's Office of the District Court for the Eastern District of Pennsylvania.

Another Scientific Wonder!

GREAT CURE FOR

DYSPEPSIA!

DR. J. S. HOUGHTON'S PEPSIN.

THE TRUE DIGESTIVE FLUID, OR

GASTRIC JUICE,

Prepared from RENNET, or the fourth *Stomach of the Ox*, after directions of Baron Liebig, the great Physiological Chemist, by J. S. Houghton, M. D., Philadelphia, Pa.

This is certainly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility, Curing after Nature's own method, by Nature's own Agent, the Gastric Juice.

☞ Half a teaspoonful of Pepsin, infused in water, will digest or dissolve *Five Pounds of Roast Beef, in about two hours*, out of the Stomach.

Pepsin is the chief element, or Great Digesting Principle of the Gastric Juice—the Solvent of the Food, the Purifying, Preserving, and Stimulating Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming an artificial Digestive Fluid, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a Complete and Perfect Substitute for it. By the aid of this preparation, the pains and evils of Indigestion and Dyspepsia are removed, just as they would be by a healthy Stomach. It is doing wonders for Dyspeptics, curing cases of Debility [illegible] supposed to be on the verge of the grave. The Scientific Evidence upon which it is based, is in the highest degree Curious and Remarkable.

SCIENTIFIC EVIDENCE!

Baron Liebig in his celebrated work on Animal Chemistry, says: "An artificial Digestive Fluid, analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed and digested, just in the same manner as they would be in the human stomach."

Dr. Combe in his valuable writings on the "Physiology of Digestion," observes that "a diminution of the due quantity of the Gastric Juice is a prominent and all prevailing cause of Dyspepsia;" and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint, finding everything else to fail, had recourse to the Gastric Juice, obtained from the stomachs of living animals, which proved completely successfully."

Professor Dunglison, of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject. His experiments with Dr. Beaumont, on the Gastric Juice obtained from the living human stomach, and from animals, are well known. "In cases," he says, "digestion occurred as perfectly in the artificial as in the natural digestions."

Dr. John W. Draper, Professor of Chemistry, in the Medical College of the University of New York, in his "Text Book of Chemistry," page 366, says, "It has been a question whether artificial digestion could be performed—but it is now universally admitted that it may be."

Dr. Carpenter's standard work on Physiology, which is in the library of every physician, and is used as a Text Book in all the Colleges, is full of evidence similar to the above, respecting the remarkable Digestive power of Pepsin, and the fact that it may be readily separated from the stomach of the calf or Ox, and used for experiments in Artificial Digestion, or as a remedy for diseases of the Stomach, and deficient secretion of Gastric Juice.

☞ Call on the Agent and get a descriptive Circular, gratis, giving a large amount of Scientific Evidence, similar to the above, together with Reports of Remarkable Cures, from all parts of the United States.

AS A DYSPEPSIA CURER.

Dr. Houghton's Pepsin has produced the most marvellous effects, in curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption. It is impossible to give the details of cases in the limits of this advertisement; but authenticated certificates have been given of more than Two Hundred Remarkable Cures, in Philadelphia, New York, and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful, but permanent.

It is a great Nervous Anti-lote, and particularly useful for tendency to Bilious disorder, Liver Complaint, Fever and Ague, and the Evil effects of Quinine, Mercury, and other drugs on the Digestive Organs, after a long sickness. Also, for excess in eating, and the too free use of ardent spirits. It almost reconciles Health with Intemperance.

OLD STOMACH COMPLAINTS.

There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad they may be, it gives *instant relief! A single dose removes all the unpleasant symptoms*, and it only needs to be repeated for a short time to make these good effects permanent. *Purity of Blood and Vigor of Body* follow at once. It is particular excellent in cases of Nausea, Vomiting, Cramps, Soreness of the pit of the Stomach, distress after eating, low, cold state of the Blood, Heaviness, Lowness of Spirits, Despondency, Emaciation, Weakness, tendency to Insanity, Suicide, &c.

Dr. Houghton's *Pepsin*, is sold by nearly all the dealers in fine drugs and Popular Medicines, throughout the United States. It is prepared in Powder and in Fluid form—and in Prescription with for the use of Physicians.

Private Circulars for the use of Physicians, may be obtained of Dr. Houghton or his Agents, describing the whole process of preparation, and giving the authorities upon which the claims of this new remedy are based. As it is *not a secret remedy*, no objection can be raised against its use by Physicians in respectable standing and regular practice. Price: *One Dollar* per bottle.

☞ OBSERVE THIS!—Every bottle of the genuine PEPSIN bears the written signature of J. S. HOUGHTON, *M. D.*, sole Proprietor, Philadelphia, Pa. Copyright and Trade Mark secured.

☞ Sold by all Druggists and Dealers in Medicines.

Notice.

I RECEIVED Orders from W. H. B. Richardson, Chairman of the Western Board of Commissioners of Roads for Clarendon County, dated 26th September last, to issue warrant to J. H. Prescott, esq., as Overseer on the Vance's Ferry Road, to take the hands belonging to that Jurisdiction and work upon said Road twelve consecutive days according to Law, at the expiration of the twelve days work, if the Road should not then be in a passable, or safe condition, upon information from said overseer to that effect, to give public notice of the same. This day I received information from Mr. Prescott, overseer of the said Vance's Ferry Road, that he had agreeable to the above instruction worked upon said Road twelve days with all the hands belonging to that Jurisdiction, and he considers the Bridge to be entirely unsafe, (as the abutment is entirely rotten,) even for a single horse to pass over.

Therefore the public are warned from passing over the Vance's Ferry embankment and Bridge, both in person and property of any kind, as it is reported to be entirely unsafe.

By order of the Chairman,

L. B. BROGDEN, *Clk Com. R.*
