most, and owners the least.'

Eating Meat for a While If Your Bladder is Bothering You,

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relive them, like you relieve your bowels; removing all the body's urinous waste, else you have backache; sick headache, dizzy spells; your stomach sours, tongue is conted, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

the night.

Either consult a good reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the actd of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular

Sage and Sulphur Darkens Gray Hair

It's Grandmother's Recipe to Restore Color, Gloss and Thickness.

Hair that loses its color and lus re, or when it fades, turns gray, dull and lifeless, is caused by a lock of sulphur in the hair. Our grandmoth er made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of wo-men and men who value that even color, that beautiful dark shade of hair which is so attractive, use only

this old-time recipe.

Nowadays we get this famous mix ture by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. Besides, it takes off dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair taking one small through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance

SKIN BREAKS **OUT AND ITCHES**

Use it like a cold cream and dry Eczema eruptions right up.

The moment you apply bold-sulphur to an itching or broken out skin, the itching stors and healing begins, says a renowned dermatologist.

This :cmarkable sulphur, made into a thick cream effects such proppt relief, even in aggravated Eczema, that it is a never-ending source of amasement to alwaicians.

even in aggravated Eczema, that it is a never-ending source of amasement to physicians.

For many years bold-sulphur has occupied a secure position in the treatment of cutaneous eruptions, by reason of its cooling, parasite-destroying properties and nothing has ever been found to take its place in relieving irritable and inflammatory affections of the skin. While not always establishing a permanent cure, yet in every instance, it immediately subdues the itching irritation and heals the Eczema right up and it is often years later before any cruption again manifests itself.

Any good druggist will supply an ounce of bold-sulphur, which should be applied to the affected parts 19-c the ordinary cold creams. It isn't unpleasant and the prompt relief afforded in very welcome, particularly when the Eczema is accompanied with torturous itching.
