THE TERRIBLE CASE OF MIKE MULLIKIN.

Down about old Boston town, in the midst of Back Bay, Mike Mullikin had his being, and also ran a dray. But the rates one day got after Mike, they would notice him no, and as one fine morning he had the pluerisy. Then followed coughs, sore throat and colds, and finally grippe and boils, and barburn inflammation then—they got him in their coils. Mike also got some bruises, corns, bunions, burns and sprains, he had rheumatic symptoms and lumbago gave him pains. Neuralgia, toothache, felons crowded fast upon his ills, bronchitis and pneumonia then knocked him off his sills. The doctor said bronchitis, too, would come most any days, and it looked like Mike might have a job of riding his own drays. But just as death began to dance and mourners all looked grim, a kindly good old neighbor said, "Try Gowans stuff on him." And so they took beloved Mike home and nursed him back to health and Mike sings Gowans praises now, and Mike still drives his dray.

Gowans is sold and guaranteed by all druggists.

AMBASSADOR PAGE FORWARDS SPEECH

Tendered to Secretary Bryan the Document Covering Remarks Made in London

(By Associated Press)

Washington, March 25.—Ambassador Walter H. Page's celebrated London speech, in which he was censured with having made certain references to the repeal of the Panama tolls exemption, was forwarded to the senate today by Secretary Bryan in response to Senator Chamberlain's resolution calling for an explanation.

Mr. Page's speech, some twenty-five hundred words in length, was furnished to the senate in full. The portion relating to the Panama canal was as follows:

"I will not say the we constructed the Panama canal for you. For I am speaking with great frankness and not with diplomatic indirection. We built it for reasons of our own. But I will say that it adds greatly to the pleasure of building that great work that you will profit by it. You will profit most by it for you have the greatest carrying trade. I can say a similar thing about the recent lowering of our tariff. We did not lower it in oredr to please you. It was for purposes that we considered economically sound for ourselves.

"Nevertheless, it added to the pleasure of doing that to reflect that thereby we should have more trade with you."

CONVICT-MADE GOODS OUTLAWED

Any Shipped Interstate Could Be Confiscated by Treasury Department

(By Associated Press.)

Washington, March 25.—After a vigorous partisan contest, the house today passed a bill to bar foreign convict-made or pauper-made goods from competition with the products of American free labor. The measure, which now goes to the senate, follows a bill recently passed by the house forbidding the shipment of convict-made goods in interstate commerce into states which prohibit the sale of such products in the open market.

Under the measure passed today all shipments of goods proven to be convict or pauper made, could be confiscated by the treasury department throug court proceedings, similar to libel prosecutions under the admiralty laws. In addition the bill provides that any consignor, seller, owner, shipper, importer consignee, agent or other persons or persons," who "knowingly and fraudulently" introduces or seeks to introduce the prohibited articles into the commerce of the United States, upon conviction shall be fined for each offense a sum not exceeding $5,000 or be imprisoned for not exceeding two years.

THE INTERURBAN COMES TO TOWN.

(Spartanburg Herald.)

The Greenville, Spartanburg and Anderson electric railway, better known as the "Interurban," is now in operation between here and Greenville, which means that we are in connection by electric lines with Greenwood, Anderson, Belton and other points served by this system. Spartanburg has long looked forward to the completion of this road and expects to derive benefit from its opening, in that it will furnish better means of transportation and that ultimately there will be marked development along this road between Spartanburg and Greenville. That section is certainly to become thickly settled and the farms in that region will in time supply produce for the local markets that is now sadly lacking.

The Herald welcomes the opening of the Interurban and hopes it will enjoy a patronage that will prove the wisdom of its construction.

Veteran Who Sent Last War Signal Dead

(By Associated Press.)

Atlanta, Ga., March 25.—Pierre Proal Hurlburt, a union veteran of the war between the states, said to have sent the last signal message of the war, died today at the home of his son, Harry D. Hurlburt, here. He was a member of the fourteenth Connecticutt regiment, and served in the signal corps of the army of the Potomac.

SECOND GAME OF THE SERIES WITH ERSKINE

The second game of baseball between Erskine college at Due West, and the Brooklyn team of the Federal league played on the Erskine diamond Tuesday afternoon, went to the big leaguers, the score being 6 to 2. The game was good, some splendid playing being done by both sides, but it did not equal the first game played between the two teams when Brooklyn on Tuesday beat the collegians by the score of 1 to 0. The feature of yesterday's game was a home run by Cooper of the Brooklyn team.

Mr. George Evans of the Owl Drug Company and a number of the Anderson people went to Due West for the game yesterday and they said that it was a vastly better exhibition than is usually seen when college teams and professionals play.

PRIZE WINNERS CLEAN-UP DAY

Names of Those Who Won in the Contest in the Mill Villages

F. M. Burnett, secretary and D. H. Mims, mill secretary of the Y. M. C. A. spent Saturday in the sadle. They visited every street and every home in the six mill villages right around the city and inspected every yard to see which ones should be awarded the prizes in the trash cleaning contest.

It was a hard job, but the work was made all the easier because of the pleasure which it afforded. Mr. Burnett reported that of all the people in that great community, less than 5 per cent had taken no interest in the contest for the prizes for the cleanest yards. It was a sight which made his heart fill with pride, and he wishes the people of the city will just do as well when the proposition is put to them a little later. It was not his intention to announce the names of the winners until some time later, when he is to give a moving picture show in the halls of the mill villages, but as some of the winners have become known, he last night authorized The Intelligencer to publish the following list:

Anderson Mill—Pearson Simpson, Isabel Johnson.

Brogon—William Clayton, Ruth Kline.

Equinox—Tommie Stevenson, Grady Foster.

Riverside and Toxaway—Henry Sisk and Estelle Hutchison.

Orr—William Roper and Fannie Sue Harris.

Gluck—William Burke and Myrtle Ivester.

Mr. Burnett and Mr. Mims thank the children for the great interest they took in the contest and hope that the lessons they have learned will go with them through life.

None So Blind As He Who Will Not See

By MOSS.

BLIND mistakes are pitiful, but usually preventable.

Take the bichloride of mercury poisoning cases which the papers have been full of recently. The sight of a person facing sure death within a week and arranging his earthly affairs calmly and [illegible] is a pity. At the same time one usually thinks that the victim should have known better.

Blind mistakes in buying are also pitiful and also usually preventable.

Blind buying leads to DISSATISFACTION and WASTE. Blind buying becomes your COST OF LIVING.

[illegible] get little for your money.

Avoid making blind mistakes in buying. Don't rely on the man who is in business for a day. Rely on the man who advertises. RESPONSIBLE and HONESTLY in this paper.

VILLA A TOOL OF THE STANDARD OIL COMPANY!

Washington, March 25.—Representative Ainey, republican, of Pennsylvania brought up his resolution calling upon President Wilson to inform congress of the condition of foreigners in Mexico in the house today and criticised the policy of "watchful waiting." He pictured Villa, as a vulgar, generalin, brutal specimen of humanity through whom the Standard Oil Company was advancing its interests."

FORMER PREFECT JOINS REBEL FORCES

Douglas, Ariz., March 25.—General Alvaro Obregon, commanding constitutionalist troops in Sonora and Sinoia, advised rebel officials at Agua Prieta today that Gregoria Ozuna, former prefect of Lower California, with headquarters at La Paz had joined the rebel forces with 1,000 men. Ozuna, the message sead, arrived with his men at Altrata abcard the steamer Benito Juarez.

HIT IN THE FACE IN BASEBALL GAME

Hale Bewley Struck By Ball During Practice Game Yesterday

Hale Bewley, one of the popular students at the Anderson High School suffered a severe misfortune yesterday afternoon while engaged in a practice game of baseball. The young man was playing at third base during fungo hitting when the batter drove a liner in his direction. The third sacker's attention was directed elsewhere at the time and the ball struck him full in the mouth, badly lacerating his lips. He fell to the ground and was in a semi-conscious state for a time.

Had it not been for the presence of mind of Samuel Fleishman, the young fellow might have strangled as a result of the blood in his nose and throat and he was said to be choking when Mr. Fleishman came to the rescue and rendered assistance. A physician soon revived him.

De Wertenuela $2,000 damages in a suit that was brought by them against Paul Claude and Maurice De Cleve, owner of an automobile which collided with the Reyes machine near London in August [illegible] General Reyes and his daughter were severely injured.

DRY GOODS NOTES.

Sales of 7,600 bales of cotton sheetings were made for China shipment last week at 7 1-8c and 7 1-4c.

Of the 4,032 bales of cotton goods exported last week, 843 went to Bolivar, 450 to Central America, 319 to Chile and 303 to Haiti.

A large business is being done in clouding fabrics to be used in manufacturing Panamanian coats.

Repeat orders and [illegible] are being featured in sample offerings in silks for fall.

There are 250,000 Northern automatic looms for cotton fabrics now installed in mills in the country.

Agents for the leading lines of silk and cotton staple hosiery find trade closer than a year ago.

Reports of a general cessation of full employment in textile factories are becoming common.

VIRGINIA DISLIKES DANIELS' ATTITUDE

Placed Contracts for New Supply Ship and Transport With Northerners

Newport News, March 25.—Declaring that the action was unjust and unfair to the Newport News shipbuilding company, and that it is currently reported such action was taken for political purposes and "to erect ramparts for the democratic party in Pennsylvania and Massachusetts at the expense of the State of Virginia, which is accordingly penalized for being safely democratic." Resolutions were adopted at a mass meeting of citizens, held at the academy of music last night, calling upon congress to cause an investigation into the circumstances under which Secretary of the Navy Josephus Daniels awarded the contracts for building the supply ships and transport to the Boston navy yard, respectively. Further these resolutions request that congress refuse to vote the appropriation of $400,000 asked by Secretary Daniels for putting the yards in shape in order that they might be able to build the vessels.

Shake-Up in Japanese Navy.

Tokio, March 25.—An extensive shakeup occurred among the officials of the Japanese navy today in connection with the recent naval scandals. Among the priciple changes gazetted was that of Vice-Admiral Wa Masumoto, who was relieved of the command of the Kure naval station. His sucessor there is Vice-Admiral Shigatero Yoshimatsu.

Resign from Directorate.

New York, March 25.—Henry Phipps who has been identified with the United States steel corporation since its organization, announced today his resignation from the directorate and the finance committee of the corporation. James A. Farrell, president, succeeds him on the finance committee, it was said.

POLITICS AND POLITICIANS.

The senate has voted $300,000 for the erection of a hospital in Washington to be known as the Gallinger Hospital in memo of Senator Gallinger of New Hampshire, who was one of the most successful practicing physicians in New England before he went to the senate.

The government at Washington and London are unceremoniously ignoring the demands of Carranza to deal with him directly when they have grievances. While no direct statement has been forthcoming from other nations, it is believed that they will follow the example of England and the United States.

Cleveland is going to try a scheme which most other communities have been too much tied down to habit even to consider. That is to cheat the clock for the purpose of putting more daylight into the average person's day. By discarding Central time and adopting eastern time for local use, Cleveland will do business on a schedule considerably ahead of the sun's schedule instead of considerably behind it. Work will begin an hour earlier and end an hour earlier and in the spring and summer there will be plenty of time after working hours for outdoor daylight sports and recreations.

Confirms Report of Loan.

Washington, March 25.—Chargo O'Shaughnessy, in a report to Secretary Bryan, confirmed the news that a preliminary loan of 50,000,000 pesos had been obtained. It was pointed out that the resumption of interest payments on the foreign debt, suspended last January, probably would tend to make Mexico's foreign creditors anxious over the security of their claims.
