Continued from first page.

journals, where all the forms are strictly carried out. Mr. Patrick, the present chief, has just completed his fiftieth year of official life, after passing through all the gradations of office. The venerable Law Clerk has also been in official harness between forty and fifty years. This is one of the beauties of the Canadian civil service system. Once in office, the incumbent is there for life or during good behaviour. He knows that he will some time be promoted, and he has no motive to be dishonest. He builds or buys a house and makes a home, conscious that nothing but his own bad conduct will wrest it from him. In fact, it is to the strict integrity of the Canadian office holder, from the highest to the lowest, the jealous care with which every dollar is accounted for and the safeguards thrown around the ballot box that is due a form of government that may well make every Canadian proud of his birthright, and in many respects set an instructive example to the people south of the Canadian line.

Legislative Proceedings.

TUESDAY, APRIL 24, 1877.

SENATE.

The Senate was called to order at 12 m. by acting President S. A. Swails. Ex-President Gleaves then delivered a short address, in which he stated that owing to the decision of the courts, and the action of the president, he resigned all claims to the position.

On motion, Governor Hampton was notified that the Senate was organized and ready for business.

A motion was made to notify Lieutenant Governor Simpson of the organization, and that he forthwith come forward and take the oath of office as President of the Senate, which elicited a spirited debate as to taking the oath of office. On being conducted to the chair, Lieutenant Governor Simpson positively refused to take any additional oath—having, as he asserted, already been sworn in. He then addressed the Senate as follows:

"Having been elected lieutenant governor, and having qualified, I am ex-officio president of the Senate, and am here to assume that position and to enter upon the discharge of its duties. I am in hope, Senators, that the relation which is about being established between us will be a pleasant and agreeable one. I shall exert all my powers to make it so, and to this end would invoke the cordial co operation of the entire Senate. It will be my principal duty to enforce the rules which you may adopt for your own government. In this respect, I am but the organ of this body. I shall endeavor to perform the duty firmly, fairly and with perfect impartiality to each and every Senator; and in this effort I ask the forbearance and the indulgence of the Senate. Under the law, I am accorded the privilege of participating in your deliberations, and it would be improper in me to attempt to use my official position for the purpose of influencing your deliberations in the slightest degree, and I shall take care not to travel in this direction beyond the boundary of my duty. I have no hesitation in saying, however, that as a citizen I feel a deep and ardent interest in the future welfare of our common mother—our beloved South Carolina. I would rejoice to see her resume that proud position which was once hers amid the galaxy of States, and which may be again, by a wise and judicious course on the part of her people and officials. I would rejoice to see her rise from her prostrate condition and again take rank upon that accustomed proud life of hers among her peers; and I have no doubt that this feeling burns in the bosom of every Senator, and that everything that can be done will be done towards the consummation of this great, this glorious end."

After a slight discussion, the senators from Edgefield, Abbeville, Barnwell and Laurens were admitted to their seats—Messrs. M. W. Gary, J. C. Maxwell, T. J. Counts and R. P. Todd. It is presumed that the clerk, reading clerk and doorkeeper will retain their positions. Without transacting any important business, the Senate adjourned.

HOUSE OF REPRESENTATIVES.

The House met at 12, m., Speaker Wallace in the chair. Mr. E. W. M. Mackey, the leader of the Republican House, made no opposition. After calling the roll, the House adjourned.

VEGETINE

PURIFIES THE BLOOD,

Renovates and Invigorates the Whole System.

Its Medicinal Properties are Alterative, Tonic, Solvent and Diuretic.

VEGETINE is made exclusively from the juices of carefully selected barks, roots and herbs, and so strongly concentrated, that it will effectually eradicate from the system every taint of Scrofula, Scrofulous Humor, Tumors, Cancer, Cancerous Humor, Erysipelas, Salt Rheum, Syphilitic Diseases, Canker, Faintness at the Stomach, and all diseases that arise from impure blood. Sciatica, Inflamatory and Chronic Rheumatism, Neuralgia, Gout and Spinal Complaints, can only be effectually cured through the blood.

For Ulcers and Eruptive Diseases of the Skin, Pustules, Pimples, Blotches, Boils, Tetter, Scald head and Ringworm, VEGETINE has never failed to effect a permanent cure.

For Pains in the Back, Kidney Complaints, Dropsy, Female Weakness, Leucorrhœa, arising from internal ulceration, and uterine diseases and General Debility VEGETINE acts directly upon the cause of these complaints. It invigorates and strengthens the whole system, acts upon the secretive organs, allays inflamation, cures ulceration, regulates the bowles.

For Catarrh, Dyspepsia, Habitual Costiveness, Palpitation of the Heart, Headache, Piles, Nervousness and General Prostration of the Nervous System, no medicine has given such perfect satisfaction as the VEGETINE. It purifies the blood, cleanses all the organs, and possesses a controlling power over the nervous system.

The remarkable cures effected by VEGETINE have induced many physicians and apothecaries whom we know to prescribe and use it in their own families.

In fact VEGETINE is the best remedy yet discovered for the above diseases, and is the only reliable BLOOD PURIFIER yet placed before the public.

THE BEST EVIDENCE.

The following letter from Rev. E. S. Best, Pastor of the M. E. Church, Natick, Mass., will be read with interest by many physicians. Also, those suffering from the same disease as afflicted the son of the Rev. E. S. Best. No person can doubt this testimony, as there is no doubt about the curative powers of VEGETINE:

NATICK, MASS., Jan. 1, 1874.

MR. H. R. STEVENS: Dear Sir—We have good reason for regarding your VEGETINE a medicine of the greatest value. We feel asured that it has been the means of saving our son's life. He is now seventeen years of age; for the last two years he has suffered from necrosis of his leg, caused by a scrofulous affection, and was so far reduced that nearly all who saw him thought his recovery impossible. A council of physicians could give us but the faintest hope of his ever rallying, two of the number declaring that he was beyond the reach of human remedies, that even amputation could not save him as he had not vigor enough to endure the operation. Just then we commenced giving him VEGETINE, and from that time to the present he has been continuously improving. He has lately resumed his studies, thrown away his crutches and cane, and walks about cheerfully and strong.

Though there is still some discharge from the opening where the limb was lanced, we have the fullest confidence that in a little time he will be perfectly cured.

He has taken about three dozen bottles of VEGETINE, but lately uses but little, as he declares that he is too well to be taking medicine.

Respectfully yours,
E. S. BEST,
MRS. L. C. F. BEST.

All Diseases of the Blood

If VEGETINE will relieve pain, cleanse purify and cure such diseases, restoring the patient to perfect health after trying different physicians, many remedies, suffering for years, is it not conclusive proof, if you are a sufferer you can be cured? Why is this medicine performing such great cures? It works in the blood, in the circulating fluid It can truly be called the GREAT BLOOD PURIFIER. The great source of diseases originates in the blood; and no medicine that does not act directly upon it, to purify and renovate, has any just claim upon public attention.

Recommend it Heartily.

SOUTH BOSTON, Feb. 7, 1870.

MR. STEVENS: Dear Sir—I have taken several bottles of your VEGETINE, and am convinced it is a valuable remedy for Dyspepsia, Kidney Complaint, and general debility of the system. I can heartily recommend it to all suffering from the above complaints. Yours respectfully,
MRS. MONROE PARKER,
384 Athens Street.

U. S. MAIL!

All Persons at a distance treated by Mail with Perfect Success by describing their Symptoms.

Dr. Townsend showing manner of Inhaling

OXYGENATED AIR!

(Send for our large and beautifully illustrated paper, sent free to any address.)

CURES

CATARRH!

WE MAKE A SPECIALTY of treating patients by Mail. Please write and describe your symptoms.

Why? because Inhalation is the only way that the Air Passages can be reached, and Catarrh is a disease of the Air Passages of the Head. Use this Treatment as we direct, which is easy and pleasant, and we guarantee a perfect CURE of Catarrh.

Bronchitis!

ALL PERSONS THAT read this are invited to send for our 32 page beautifully Illustrated Paper, sent free to any address.

Why? for the same reason as given above. The Bronchial Tubes are simply conductors to carry air to the Lungs, hence Inhalation must go direct to the seat of the disease, and if you will follow our directions, we guarantee to cure Bronchitis.

ASTHMA!

WE GUARANTEE TO CURE Coughs, Colds, Diptheria, Pneumonia, Neuralgia, and nearly all other severe attacks when all other remedies fail.

Why? because Asthma is a contraction of the Bronchial Tubes, caused by inflammation and irritation of the mucus membrane lining the Bronchial Tubes.—Use Oxygenated Air as we will direct and we will warrant a Cure. We have cured cases of 20 Years standing.

CONSUMPTION

DYSPEPSIA WE CURE. Liver and Kidney complaints are effectually reached by Oxygenated Air.

Can be cured. Why? because we have cured hundreds of cases, some of them being given over to die by all physicians of other schools of practice. Consumption is a disease of the Air passages and over two-thirds of the cases are caused by Catarrh. We guarantee a cure if you will come in season.

BLOOD DISEASES!

Dr. Townsend's Oxygenated Air will purify the blood in one-third the time that any other known remedy can. Why? because of its use Oxygenated Air it goes direct to the Lungs and passes through the tissues and comes in direct contact with the blood as it is forced into the Lungs by the action of the heart. All the blood in our veins returns to the heart every four minutes; if the blood is good, and forced from the heart to the lungs, and the more Oxygen you inhale into the lungs the more you purify the blood. When Oxygen comes in contact with the impurities in the blood it chrobnizes and burns, causing the blood to be heated so that it warms every part of the body, and acts on its revolutions through the system. If your blood is pure you cannot be sick. We drive Mercury and all other impurities out of the blood. We cure all the impurities in the blood in one third the time of any other known remedy.

CANCERS —AND— TUMORS!

CURED without cutting or drawing blood, with very little or no pain. Any person troubled with Cancer and Tumors will please write for testimonials &c., from patients cured. We warrant a perfect cure.

W. M. PARK, M. D.

Late of the McCLELLAN U. S. A. Hospital, Philadelphia, Pa., who has been so successful throughout New England in the cure of Cancers and Tumors, takes charge of this department.

Address all letters as heretofore,

E. T. TOWNSEND, M. D.
122 High Street, Providence, R. I.

Physicians wishing to locate in some town or city in this business, can be furnished with territory and our illustrated papers for advertising the same, by addressing as above.

Caution!

There are unprincipled persons in Boston and elsewhere that are using the BOUHS LIQUID and trying to palm it off as MY TREATMENT of Oxygenated Air, and claiming it to be like mine. None genuine unless the words "DR. TOWNSEND'S OXYGENATED AIR" ARE BLOWN IN THE BOTTLE YOU ASK ON LABEL.

Merchant Tailoring.
