WEALTH OF EARTH COMES FROM EARTH

Great Fortunes of America's Wealthiest Men Made in Real Estate.

Are you aware of the fact that all the wealth of the earth must come from the earth? Do you also know the immense wealth of the Mackays, the Floods, the Astors, the Vanderbilts, and the Lesters was first founded on real estate? In a few cases, among the immensely wealthy families named above where gold and silver mines played a big part in the beginning; that the real fortunes which came afterwards, were made possible—in fact built by fortunate investments in real estate. Are you aware of the fact that the corner of Broadway and Forty Second Street in New York, one of the most important, most used, and consequently most valuable corners of

the Metropolis, was once the Astor farm? The letters of Chicago, one of the richest families of this country, owe their money to the fact that they saw what others did not see, a long time ago—that the swamps which were then where State street now is, would in time be very valuable. Marshall Field, often spoken of as the great Merchant Prince, did not make his money from his gigantic department store, but from the purchase and sale of Chicago real estate. This article could run on and on naming hundreds of the Captains of Finance and Industry, whose names are synonymous with great wealth; and in every one of them, the first beginning, and in many cases the actual amassing of their immense wealth had sprung from real estate. Then, if this be true, why not emulate the example of these Captains of High Finance, Big Business, and Industry? Nothing succeeds like success. How many times have you seen any real estate in a live town or city depreciate in value? How many times have you seen instances where a small investment in real estate has paid perfectly astounding dividends? This little analysis is intended to demonstrate the very, very, very small

chance of loss, in purchasing real estate in a live town (meaning one that is steadily growing in population) and the overwhelming odds in favor of your investment proving very profitable if made in North Anderson. Just one more in 'ance to convince you that North Anderson is considered by experts in the real estate business, as an investment par excellence, is the fact that the Equitable Life Insurance Company has offered to, and is now lending money on North Anderson real estate property, whereas they have never loaned money on suburban development property before—anywhere, or at any time. Why hesitate? Let us "show you." It will cost you nothing; but on the other hand, may be the first step to a large fortune; or at any rate to a nice home among the best neighbors on earth. Silly Slogan. "See America first!" How can we do it When old Columbus Beat us to it? —Boston Transcript. "Mother, may I go out and vote?" "Oh, yes, my darling D. A. F. ter." —Washington Post.

In Honor of Miss Holland. A pretty compliment to the month's bride was the shower given yesterday afternoon by Mrs. Alvin Agnew in honor of Miss Tommie Holland. About twenty-five guests were invited to Mrs. Agnew's attractive home on Rose Hill, each bringing an article for the bride-elect's kitchen— with the article were directions for using, and these were very humorous and bright and were the source of much merriment.

A kitchen contest was also given the guests and the prize, a beautiful bunch of pink roses were won by Mrs. Shealy.

The shower was very original, Mrs. Shealy dressed as a maid, brought in the articles for the bride on a large silver waiter, and presented it to Miss Holland.

Miss Nancy Campbell gave a very charming and appropriate recitation, "Matrimonial Experiences."

The attractive hostess served a dainty salad course.

Delightful Meeting R. E. Lee Yesterday. In spite of the rain and mud about thirty ladies attended the Robert E. Lee meeting at Mrs. Pat Majors yesterday afternoon.

Mrs. Major and Mrs. Frank Gillard were hostesses and most charmingly did they acquit themselves of their duties. The dreariness and clouds without were forgotten, in the brightness and attractiveness within. Sweet peas and rhododendrum were used everywhere throughout the house and filled the rooms with their fragrance and beauty.

This was the time for the annual election of officers, but this was postponed until a later meeting.

The president, Mrs. Beatty, appointed the chairmen for decoration day, and were: Catholic Cemetery, Mrs. M. L. Bonham; Silver Brook Cemetery, Mrs. George Broyles; Presbyterian, Mrs. J. P. Sullivan, and Baptist, Mrs. Ben Wilson.

Mrs. Wilson will as usual have charge of the tablet in the court house, and Mrs. Beatty the Confederate monument.

Plans were made for the annual tea to be given the old ladies of the Confederacy on June the 3rd, at the home of Mrs. J. P. Sullivan.

The chapter also discussed plans for a musicale tea to be given at the residence of Mrs. Charles Sullivan, the last week in May.

The only program was "Current Events" by Mrs. M. L. Bonham, which were very fine, and a sweet solo by Mrs. W. J. Muldrow.

During the social hour the hostesses served an elegant three course menu, that was especially enjoyable.

E. Grimes, Crooksville, Ohio. Obtainable everywhere.

Eat Less and Take Salts for Kidneys

Take a Glass of Salts if Your Back Hurts or Bladder Bothers.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health. When your kidneys feel like lumps of lead, your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of J. J. Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is bladder disorers. J. J. Salts is inexpensive; can not injure, makes a delightful effervescent lithia water beverage, and belones in every home, because nobody can make a mistake by having a good kidney-flushing any time.

Great Pitching Star Still Shines.

Walter Johnson.

Walter Johnson, the great pitcher of the Washington Club, was pleased. Johnson depends almost wholly on his bewildering speed, and the time must soon come when he will lose that. He cannot be expected to last as long as pitchers who study batters and win with their tricks. But Washington fans are happy this year that he shows indications of going through the season as great as ever.

UGH! CALOMEL MAKES YOU SICK. DON'T STAY BILIOUS, CONSTIPATED

"Dodson's Liver Tonic" Will Clean Your Stagnant Liver Better Than Calomel and Can Not Salfivate.

Calomel makes you sick; you lose a day's work. Calomel is quick-acting and it salivates; calomel injures the liver. If you are bilious; feel lazy, sluggish and all knocked out, if your bowels are constipated and your head aches or stomach is sour, just take a spoonful of harmless Dodson's Liver Tonic instead of using sickening, salivating calomel. Dodson's Liver Tonic is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working, your headache and dizziness gone, your stomach will be sweet and bowels regular. You will feel like working. You'll be cheerful, fat, full of energy, vigor and ambition.
