FORMER SHERIFF COMES OUT WITH THE FACTS

PROMINENT MAN SAYS MONEY COULDN'T BUY GOOD TANLAC DID FOR HIM

"COULDN'T MAKE MISTAKE"

"I Never Felt Better In My Life," Says Mr. Anderson. "A New Man Already."

"Money could not buy the good Tanlac has done me and I gladly recommend it for what it has done in my case," said Hon. Archie R. Anderson ex-sheriff of Harris County, Texas.

Mr. Anderson is unquestionably not only one of the best known but also one of the most popular men that ever held office in Texas. After serving as a deputy sheriff of Harris County for 12 years he was elected chief of police of Houston. He occupied this office only a short time when the sheriff of Harris County died. Mr. Anderson's friends then persuaded him to make the race for the unexpired term of sheriff, to which he was easily elected. He was honored with re-election seven different times and served the people in this most important office fifteen consecutive years. Four years ago Mr. Anderson declined re-election and retired to private life. He cast his lot among the people of Houston and is a large property owner and foremost citizen of that city.

"I was in a run down condition," continued Mr. Anderson, "and had no appetite at all. I could hardly sleep at night and did not feel like getting up in the morning I felt so tired. I had the worst form of indigestion suffering all the time with gas on my stomach and was continually belching up undigested food. I had to take my coffee without sugar, for when I drank it with sugar I would belch for hours. I would bloat and swell up like I was poisoned and suffered with neuralgic pains of the worst sort and nohing relieved except in a temporary way. I just can't tell how I did suffer in the past four years and up until a few weeks ago when I began taking Tanlac.

"When I read the testimonials of some who had been relieved of troubles like mine I felt I just couldn't make a mistake by taking Tanlac, and it has done even more for me than I expected. I began to feel better after taking my first bottle and I have just now started on my third, and I'm a different man already. I sleep like a log now and eat just any and everything I want without the slightest discomfort afterwards. I am glad to endorse Tanlac because it does the work, and I'm telling all my friends just what I am telling you. I never felt better in my life than I do since taking Tanlac. I am writing for you to publish my statement and let every suffering person who may wish benefit by my experience with this great medicine."

Tanlac, the Master Medicine, is sold by The Chesterfield Drug Co., Chesterfield, S. C.; T. E. Wannamaker & Sons, Cheraw; Mt. Croghan Drug Co., Mt. Croghan, S. C.; McBee Drug Co., McBee, S. C.; Pageland Drug Co., Pageland, S. C.; J. T. Jowers & Sons, Jefferson, S. C. Adv.

Catarrh Cannot Be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrh Cure is taken internally and acts through the blood on the mucous surfaces of the system. Hall's Catarrh Cure was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrh Cure is what produces such wonderful results in catarrhal conditions. Send for testimonials, free.

KEPT HER AWAKE

The Terrible Pains in Back and Sides. Cardui Gave Relief.

Marksville, La.—Mrs. Alice Johnson, of this place, writes: "For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful.

I could not do anything, not even sleep at night. It kept me awake most of the night . . . I took different medicines, but nothing did me any good or relieved me until I took Cardui . . .

I was not able to do any of my work for one year and I got worse all the time, was confined to my bed off and on. I got so bad with my back that when I stooped down I was not able to straighten up again . . . I decided I would try Cardui . . . By time I had taken the entire bottle I was feeling pretty good and could straighten up and my pains were nearly all gone.

I shall always praise Cardui. I continued taking it until I was strong and well." If you suffer from pains due to female complaints, Cardui may be just what you need. Thousands of women who once suffered in this way now praise Cardui for their present good health. Give it a trial. NC-133

YES! LIFT A CORN OFF WITHOUT PAIN!

Cincinnati authority tells how to dry up a corn or callus so it lifts off with fingers.

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freezone applied directly on a tender, aching corn or callus, stops soreness at once and soon the corn or hardened callus loosens so it can be lifted out, root and all, without pain.

A small bottle of Freezone costs very little at any drug store, but will positively take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to irritate the surrounding skin.

If your druggist hasn't any freezone tell him to get a small bottle for you from his wholesale drug house every time. 1-Adv.

COULD NOT AVOID WAR.

By the Rev. Charles Steizle, in The Columbia Record.

There are still some people in this country who look upon the war as a back-yard quarrel between neighbors living in another street, with whom they never and never can have any dealings—so why get into the fight.

Even if the European war did not vitally affect our interests, the interests of common humanity would still compel us to have a part in this conflict—for the stake is such that no nation with a trace of world-consciousness can afford to remain indifferent while this stupendous struggle is on.

But the war does affect us—not only commercially and industrially, and these interests will become increasingly important, especially after the war ceases—but morally and politically.

If the morals of your back-yard neighbors are bad, so they are all the time quarrelling, don't you suppose you and your children will be affected? And don't you think your neighborhood will soon become a less desirable place in which to live?

After all, the world is just one big neighborhood, with the people of the various nations constantly climbing over one another's fences—and going back again when it suits their fancy.

And in this climbing they carry with them all the ideals and practices current in their own homes.

Can we afford to permit immoral principles and practices to become common among people who will some day be our next-door neighbors?

Do we want the standards being drilled into the muscle of Germany—developed to proficiency with cowardly submarine murders, dastardly aerial bombardments, the unjustifiable enslavement of civilians, the barbaric practice of poisoning wells and public resources, contemptible conduct now [illegible] practiced by the Germans [illegible] over into our own country?

What kind of neighbors can such people make—assuming that Germany were to triumph, and thus presume her conduct to be justified or vindicated?

Isn't it worth [illegible] from the dominance of the [illegible] such standards and principles? Then how sound we have [illegible] out of the war?

White-Breasted Nuthatch

Sitta carolinensis

Length, six inches. White below, above gray, with a black head.

Range: Resident in the United States, southern Canada, and Mexico.

Habits and common status: This bird might readily be mistaken by a careless observer for a small woodpecker, but its note, an oft-repeated yank, is very dissimilar, and, besides either woodpeckers or creepers, it climbs downward as easily as upward and seems to set the laws of gravity at defiance. The name was suggested by the habit of wedging nuts, especially beechnuts, in the crevices of bark and to hack them open by blows from its sharp, strong bill. The nuts are taken to the crotch from the trunks and limbs of trees, over which it creeps in apparent delight to dart, insects and nuts to constitute a little more than one-fourth of its food. The unused nuts are bestowed in moths and caterpillars with ants and wasps. The animal food is all in the bird's favor, such as a few ladybird beetles. Strange to [illegible] half of the vegetable food consists of mast, i. e., acorns and other nuts or nuts seeds. One-tenth of the food is grain, mostly waste corn. The nuthatch does no injury, so far as known, and much good.

CALOMEL POISONERS

A SLUGGISH LIVER

Troubles Into Your Life, Making You Sick and Lose a Day's Work.

Calomel salivates! It's mercury. Calomel sets the liver sluggish as a sluggish river. When calomel comes into contact with bile it crystallizes into it, causing cramping and nausea.

If you feel bilious, constipated and miserable I want you to go to your drug store and get a 50 cent bottle of Dodson's Liver Tone, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it does not start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel to-day you'll be sick and nauseated to-morrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it.

21 BILLIONS FOR WAR; ITS $210 APIECE; HERE'S HOW UNCLE SAM IS SPENDING IT

Washington, Sept. 8.—What is Uncle Sam going to do with all these billions of dollars he is asking the American people to pay into the treasury.

Twenty-one billions it was at 9 o'clock this morning, and we'll assume it hasn't changed much since. Whew! That's a lot of money—$210 for every man, woman and child in the United States. What on earth can the government need for it

Of course, we know all of it except a measly little billion and a third, which Uncle Sam was spending in peace times, must be raised because of the war. But what is he buying with it?

In the first place, there are seven billions of loans to our allies that Uncle Sam isn't spending at all. That leaves fourteen billions. And then, there are two billions more, included in the estimate of 21 billions, which are just an emergency fund, much of which, however, will certainly be needed to put through the soldiers' and sailors' insurance plan.

That leaves us with about twelve billions that Uncle Sam is sure to spend next year, of which $570,000,000 are required for ordinary civil expenses.

Now we come to the real war expenses. The army is the biggest item, with total estimated expenses of $7,825,000,000 for the year. Of this, $3,653,000,000 go through the quartermaster corps to pay the soldier and provide food, clothing and shelter. Another big item of $3,154,000,000 goes to buy guns and ammunition. The medical service alone is in for $130,000,000 and there are more than $700,000,000 for aviation.

The navy expects to spend $1,524,000,000, of which $897,000,000 are for ships and guns, and the balance to meet running expenses, ammunition, fuel, pay, etc.

Outside of the direct army and navy war expenses, however, are all sorts of indirect war expenses, $1,653,000,000 in the aggregate. The biggest item is merchant ships, the construction, purchase and operation of which calls for $1,323,000,000. Food control will cost $164,000,000.

The president also has a fund of $100,000,000 for anything connected with national defense, generally believed to be being devoted to the anti-spy activities. There is $45,000,000 for war risk insurance and $47,000,000 put aside for Liberty bond cost and interest. This completes the list except for some trifling items of less than a million each for alien detention, export control, and the council of national defense.

It is certainly some money and we are going to have to dig like terriers to get it for Uncle Sam. But there are two things we want to remember.

In the first place, nearly everybody in the country is working for Uncle Sam now, either on his own payroll or on the payroll of the corporation doing his work.

Second, and most important, Uncle Sam is trying to crowd into one year he military and naval preparations that ought to have been made and paid for during the last 25 years.

IRON PINE FOR BLEEDING GUMS

IF TROUBLED WITH SORE, BLEEDING GUMS, USE THIS MOUTH WASH THE DENTIST USES

GOOD FOR CUTS AND OLD SORES

Any person troubled with sore, bleeding gums, which oftimes are almost too sensitive to touch, will be glad after rinsing the mouth with a half-and-half solution of nascent iron, known as "Acid Iron Mineral" which may be secured at most every drug store.

Dentists use it to stop bleeding and as a mouthwash when extracting teeth and it is perfectly harmless. It acts as a germicide and antiseptic as well as a splendid healing agent.

For cuts, sore throat, nasal iron is fine. Also as a lotion on the spot tops bleeding and prevents soreness and festering. Thousands of people troubled with old sores never healing have found the solution in Acid Iron Mineral, which being highly concentrated form of nascent iron makes a superb external remedy.

Go to the nearest drug store and ask for a bottle of Acid Iron Mineral. If dissatisfied, send $1 to the Herbalene Chemical Corp., Roanoke, Va., for a large bottle.

NOTE: For piles, ulcers, sores and skin affections, the Herbalene Chemical Corp. has perfected an ointment containing of this high concentrated nascent iron and soothing medicinal ingredients, which combined makes this ointment unexcelled. Ask your druggist for a fifty cent jar of "A-1-33 Ointment" or send direct.

Stomach Troubles Since Childhood PERUNA Made Me Well

I Now Enjoy The Best of Health

Mr. Wm. W. Everly, 3325 North Hancock Street, Philadelphia, Pa., writes:

"I have been troubled with stomach disorders since childhood, but after taking six bottles of your Peruna, I now enjoy the best of health. I also had catarrh in the head, which practically has disappeared, thanks to the Peruna Co. for their good work."

Those who object to liquid medicines can procure Peruna Tablets.

Take One Pain Pill, then—Take it Easy.

For Neuralgia, nothing is better than

Dr. Miles' Anti-Pain Pills

Used by thousands for a generation

Those who have suffered from neuralgic pains need not be told how necessary it is to secure relief. The easiest way out of neuralgia is to use Dr. Miles' Anti-Pain Pills. They have relieved sufferers for so many years that they have become a household necessity.

"I have taken Dr. Miles' Anti-Pain Pills for five years and they are the only thing that does me any good. They have relieved neuralgia in my head in fifteen minutes. I have also taken them for rheumatism, headache, pains in the breast, toothache, earache and pains in the bowels and limbs. I have found nothing to equal them and they are all that is claimed for them."
