MEMPHIS, Tenn., March 1850.

The Faculties, for intellectual abilities, moral worth and professional acquirements, will compare favorable with the most distinguished in our country. The medical faculty constitutes an anomaly in this or any other country—all of them are able lecturers and the best of teachers.

Those who will contemplate our geographical position, and the extent of our population, can have no doubt as to the eligibility of our situation for an enterprise of the kind. As to health, including all seasons of the year, we deny that ANY OTHER CITY HAS MORE.

A common error exists in the minds of many students relative to the place of studying medicine; those who intend practicing among the diseases of the West and South should certainly educate themselves at a school whose faculty are practically acquainted with those diseases.

That the public may be satisfied of the permanency of this school, we feel it our duty to state, that the Trustees and Faculty form a UNIT in action which augurs well for its future success; and that the peculiar internal organization which connects them, cannot be interrupted.

CAN BE EFFECTUADLY CURED BY

DR. HOOFLAND'S
CELEBRATED GERMAN BITTERS,

PREPARED BY

DR. C. M. JACKSON,
AT THE GERMAN MEDICINE STORE,
120 Arch Street, Philadelphia.

Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States as the cures attest, in many cases after skilful physicians, had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are, withal, safe, certain and pleasant.

READ AND BE CONVINCED.

Chas. Robinson, Esq., Easton, Md., in a letter to Dr. Jackson, Jan. 9, 1850, said—

"My wife and myself have received more benefit from your medicine than any other we have ever taken for the Dyspepsia and Liver disease."

"The Tenth Legion," published at Woodstock, Va., Jan. 10, 1850, said—

"A GREAT MEDICINE."

"We have uniformly refrained from recommending to the public any of the various Patent Medicines of the day, unless thoroughly convinced of their value. Among those we consider worthy of notice is the German Bitters, invented by Dr. Hoofland, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this medicine have been tested, has fallen under our observation. During the last summer, a son of Mr. Abraham Brabill, of this country, was very seriously afflicted with Liver Complaint, and after trying in vain various remedies, he purchased a bottle of the Bitters and after using it, was so much relieved of his distressing malady that he procured another bottle, and is restored entirely to health.

READ FURTHER A FEW FACTS.

The "Philadelphia Democrat," the leading German journal of Philadelphia. The editor said, Nov. 24th—

"We again call attention to the removal of the German Medicine store, the principal depot for the sale of Dr. Hoofland's German Bitters, from 278 Race to 120 Arch street, one door below Sixth. Owing to the increased demand for this medicine, and for the accommodation of his numerous patients, Dr. Jackson has been compelled to occupy a larger store. We wish him success in his new quarters; he is deserving of it. The Bitters Mixture is without doubt the greatest medicine extant for diseases of the Liver and Bowels. A stubborn case of Chronic Diarrhœa has come under our notice, wherein the patient had exhausted the Materia Medicas of the different schools of medicine with no apparent benefit. He was induced to use these bitters, and a few bottles of them have entirely cured him. Many such cases we could refer to. We hope our readers will recollect this great restorative, should they be so unfortunate as to require its use. Dr. Jackson possesses the original unpublished receipt of Dr. Hoofland, and he prepares this medicine with this care. Those purchasing should call at his store, or see that his name is written upon the wrapper outside, and blown in the bottle, as imitations of all good articles are common."

Judge M. M. Noah, a gentleman with great scientific and literary attainments, said in his "New York Weekly Messenger, Jan. 6. 1850,

"DR. HOOFLAND'S GERMAN BITTERS.—Here is a preparation which the leading presses in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times, the late Dr. Christopher Wilhelm Hoofland, Professor to the University of Jena, Private Physician to the King of Prussia, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of humbug, and therefore a medicine of which he was the inventor and endorser may be confidently relied on. He specially recommended it in liver complaint, dyspepsia, debility, vertigo, acidity of the stomach, constipation, and all complaints arising from a disordered condition of the stomach, the liver and the intestines. Nine Philadelphia papers express their conviction of its excellence, and several of the editors speak of its effects from their own individual experience. Under these circumstances we feel warranted not only in calling the attention of our readers to the present proprietor's (Dr. C. M, Jackson's) preparation, but in recommending the article to all afflicted."

MORE EVIDENCE.

The "Philadelphia Saturday Gazette," the best family newspaper published in the United States, the editor says of

DR. HOOFLAND'S GERMAN BITTERS.

"It is seldom that we recommend what are termed Patent Medicines to the confidence and patronage of our readers, and therefore, when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgotten after they have done their guilty race of mischief, but of a medicine long established, universally prized, and which has met the hearty approval of the Faculty itself.'

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor, is, that there is more of it used in the practice of the regular Physicians of Philadelphia than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure liver complaint and dyspepta, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver—it is preferable to calomel in all bilious diseases—the effect is immediate.—They can be administered to female or infant with safety and reliable benefit, at any time

Jew David's or Hebrew Plaster,

THE GREAT REMEDY.

For Rheumatism, Gout, Pain in the Side, Hip, Back, Limbs and Joints, Scrofula, King's Evil, White Swellings, Hard Tumors, Stiff Joints and all Fixed Pains whatever. Where this Plaster is applied, Pain cannot exist.

THESE PLASTERS possess the advantage of being put up in air-tight boxes—hence they retain their full virtues in all climates.

HAVE YOU FRIENDS GOING TO CALIFORNIA?

By all means advise them to take along a supply of this plaster, it may save them hundreds of dollars, if not their lives, as the exposures which they have to endure in the mines is sure to bring on disease, which might be easily cured by the use of this celebrated plaster, for the want of which many have been obliged to quit their labors and fall into the hands of the physicians, who, by their extravagantly high charges so soon take away the hard earnings of the bravest laboring man. By sleeping in tents or on the ground, Rheumatism, Spinal Disease, Stiff Joints, Lame Back or Side, and all like diseases are sure to trouble them, and many times entirely lay them up, when the simple application of this plaster would give them immediata relief, and enable them to proceed with their labors without delay.

It has been very beneficial in cases of weakness, such as Pain and Weakness in the Stomach, Weak Limbs, Affections of the Spine, Female Weakness, &c. No female, subject to pain and weakness in the back or side, should be without it. Married ladies, in delicate situations, find great relief from constantly wearing this Plaster.

The application of the Plaster between the shoulders has been found a certain remedy for Colds, Coughs, Phthisic, and Lung Affections, in their primary stages. It destroys inflammation by perspiration.

JEW DAVID'S OR HEBREW PLASTER IN NORTH CAROLINA.

MESSRS. SCOVILL & MEAD: I have been troubled with the chronic rheumatism for the last twelve years. On the 1st of July, 1849, I was so bad that I could not turn myself in bed, and the pain so severe that I had not slept a wink for six days. At this time my attending physician prescribed the "Hebrew Plaster," and it acted like a charm; the pain left me, and I slept more than half of the night, and in three days I was able to ride out. I consider the "Hebrew Plaster" the best remedy for all sorts of pains now in use.

Mothers, Read This Attentively,

For the speedy and permanent cure of Diarrhœa, Dysentery, Cholera, Infantum, Cholera Morbus, Cholic, Summer Complaints, Flatulency Pains in the Stomach, &c, and from all derangement of stomach and bowels from Teething.

☞ The time has again arrived when diseases of the stomach and bowels carries its thousands to a premature grave. Is there no remedy to stay the march of death? We answer, YES—the Cordial will cure and prevent nine-tenths of all cases of disease affecting these organs. More than five thousand cases of disease were cured by it during the past year. All families consulting the welfare of their childrea and selves, will act wisely to have this article by them. In all cases of failure the money will cheerfully be returned, and to those who are unable to purchase, it will be cheerfully bestowed.

THAT IT WILL, AND HAS CURED, THE WORST FORMS OF DISEASE OF THE STOMACH AND BOWELS READ THE FOLLOWING EVIDENCES

From the Spirit of the Times.

Dr. Keeler's Cordial and Carminative, is certainly a valuable desideratum in every family, to the young and to adult, but particularly wheree there are children. We speak advisedly, because we have thoroughly tried it, and proved its healing and efficacious properties in our family. We would most cordially recommend the public to give it a fair trial, which is only wanting to appreciate its value

From the North American and United States Gazette, Sept. 4th 1847.

In these days, abounding in fruit, it behoves every one to be prepared with a remedy for the evil effects which it sometimes produces—we have been told by those that knew and who have tried it—that Keeler's Cordial is an article which has been used in some of the severest cases of Summer Complaint, both in infants and grown persons. The Cordial can be procured at the corner of Third and South Streets.

From Neal's Saturday Gazette August 28th 1847.

Dr. Keeler's Cordial.—We would call the attention of our readers to this invaluable medicine, which will be found advertised at length in our columns. As a corrective in cases of Diarrhœa, a disease very prevalent at the present time, it is highly spoken of by all who have used it.—It is perfectly safe in its nature, and we speak experimentally, when we say that it affords immediate relief.

From the Pennsylvania Inquirer, Sep. 1st, 1847.

Dr. Keeler's Cordial and Carminative.—This article is advertised in another part or our paper, it is warmly recommended by families who have tied it. It is especially useful among children, and has effected hundreds of cures. The doctor is abundantly supplied with testimony upon the subject, some of which is very strong. The Cordial is not a quack nostrum, but a carefully prepared medicine, and perfectly free from any thing injurious.

From the Daily Pennsylvanian, Sept. 16th 1847.

We are constrained to say that the "Carminative" of Dr. Keeler's now extensively used in this City, is rapidly making its way to public favor. Its ingredients are of course unknown, but it is mild in its operation, pleasant to the taste, and a remedy quite as good as any now used for the same complaints.

From the Daily News, July 15th, 1850.

Summer Complaint.—The season when this complaint exists is now here. If persons having it in their families would only purchase a bottle of Dr. Keeler's Carminative Cordial, they would save much expense and trouble. We peak of the virtues of this medicine knowingly.

From the Spirit of the Times, Kutztown, July 18, 1848.

We wish to direct the attention of the readers of this paper to Dr. Keeler's cordial and Carminative, advertised in another column. It is a medicine highly esteemed by every one that has used it in Diarrhœa, Dysentery, Cholera infantum, ect, which at this season is so frequent. It is a perfect innocent medicine and gives immediate relief.

Prepared and sold 294 Market street Philadelphia—where may also be had Dr. Keeler's Cough Syrup, Vermifuge Syrup, Rheumatic Lotion, Liver and Sanative Pills, Medicines of unsurpassed efficacy. ☞ Also Dr. Keeler's SARSAPARILLA, a celebrated remedy in all Scrofula and Constitutional Disorders.
