Edgefield Advertiser

WEDNESDAY, SEPT. 21.

A full line of Crepe Paper, in all colors, at Lackey's, the Jeweller.

Woman was made after man--and she has been after him ever since.

You will find the warmest welcome at the place where you spend the most money.

Miss Sophie Abney has gone to Atlanta to accept a position as teacher in that city.

Sweet potatoes are selling in town at 80¢ per bushel, this is better than cotton at 5¢.

Miss Ada LaGrone has been elected teacher of the Fairview school in the Dysons section.

W. E. Lackey, the Jeweller, gives a special discount to teachers and pupils of the S. C. Co-Educational Institute.

The Abney place over in Buncombe is for rent. The house has six or seven rooms and there are nine acres of land adjacent.

Mr. D. R. Durisoe still remains quite sick at his home in our town. His many friends hope to see him out again soon.

A great many people are trying to get houses in our town or near it where they may reside and send their children to school.

The old Academy is, we hear, to be converted into a dwelling, and to be occupied by Mr. Baxley, who is connected with the S. C. C. I.

Col. O. F. Cheatham has bought a tract of land near Bath, Aiken county, where he will build and operate his dairy farm after January, 1899.

Mr. J. J. Bell, contractor, has bought for a dwelling the house next to the Dobson house, known as Dobson No. 2. Dobson No. 1 is running over with folks already.

Marion Dorn has been elected supervisor of Sumter county. Marion is an Edgefield county boy and this is, we believe, his second time as supervisor of his adopted county.

Mr. Lewis D. Landrum, of Batesburg, was in town on last Friday. Mr. Landrum thinks that Edgefield is called to go up higher on account of her fine school and big cotton factory.

Ten pounds of butter in one day? You don't say so. Yes we do, for it is a fact. Ten pounds of butter in one day is what the S. C. C. I. boys and girls and young ladies and gents dispose of in one single day.

Read the new advertisement of W. E. Lackey, the Jeweller, in another column, and if you need anything in his line give him a call. You will find a full assortment of goods in his establishment and at reasonable prices.

The cavalry company of the S. C. C. I. is composed of Wallace Tompkins, Jack Hill, Rhett Nicholson, Sam Hughes, Hugh Nicholson, and Charlie Cheatham, that is to say they ride to and from school.

The work of repairing the Bank of Edgefield will be completed this week, and the bank will again be in its old quarters. Having made some necessary changes and repairs it presents a most handsome appearance.

Capt. R. B. Cain, who has charge of the military department of the S. C. C. I., has been busily engaged since his arrival here taking measures for uniforms and organizing the boys into companies, and also in grading a drill ground on the campus.

The Baptist church was full to overflowing on last Sunday caused by the influx of the S. C. C. I. students. We haven't seen such a sight since college days at chapel. In the afternoon the students and teachers attended the Methodist church.

The South Carolina Presbytery met at Upper Long Cane church, Abbeville county, on Tuesday, Sept. 20th. Rev. G. G. Mayes went as a delegate from our Presbyterian church. There may be others whose names we failed to get.

Mr. T. B. Lanham has accepted a position at Conway in Horry county. He goes to enter the employment of a large clothing firm at that place. Mr. Lanham is an excellent business man, and it is with genuine regret that Edgefield gives him up. Mr. Lanham's family will join him about Oct. 1st.

Fifteen pounds of steak, twelve dozen eggs, a dozen fricasseed chickens, and three pounds of butter. This is what the S. C. C. I. had for breakfast Sunday morning. It made us think that we would never get another soft boiled or scrambled egg or piece of fried chicken while the world stood. But our country friends will catch on no doubt and bring in the garden truck, hen fruit, etc., galore.

The South Carolina Co-Educational Institute is already full to overflowing and still they come. Nearly every day last week they poured in on every train, in buggies and carriages. On Saturday fifteen, on Monday of this week a whole car load, more or less. And yet there is room for more, for even though there may not be room enough for all at the Institute, there will be in town. By the way, there are forty-two rooms in the Institute and more will be added.

Luther Reece, night watchman at the cotton factory, met a 'possum on the factory steps the other night coming down stairs. Luther was so surprised that he exclaimed "O! Possum!" and now everybody thinks he knows how to spell 'possum. By the way, the 'possum is said to be one of the oldest animals now on the earth—a regular aristocrat in his long line of ancestors. Geologists find his remains in the oldest fossil bearing rocks. They say he has been trotting down the corridors of time for two hundred million years, more or less; unchanged, and wearing the same grin that he put on in the garden when he saw Eve take the apple. The o in his name must be an abbreviation for old.

The campaign liar was much in evidence in the second primary.

Mr. M. A. Taylor will continue to deliver ice until the weather gets a little cooler, just now it looks as if summer had come back again.

Haltiwanger is a German name. Halti means good and wanger means enough. Hence we may call Jake Haltiwanger, in the future, Jake Goodenough—good enough for Paul and Silas and good enough for Edgefield.

The ADVERTISER would be pleased to have a call from delinquent subscribers as soon as possible. The picking of cotton has been delayed on account of the rain, but those who owe for their paper will please not put off payment any longer than possible.

The jewelry establishment of Wm. Scweigert & Co., Augusta, Ga., is perhaps not surpassed south of Baltimore. Always up to date in all of its appointments, recently it has been overhauled and made new in rosewood and mahogany, counters, tables, show cases, etc. The whole interior makes a thing of beauty and excellence.

"Raise your own wheat." Of course it is a good thing to make your own bread. Mr. J. A. C. Jones, of our town, caught the prevailing epidemic of "raise wheat," and last fall proceeded to do so. We give his experience in his own language as near as possible: "I bought two bushels of wheat, for which I paid $1.25 per bushel; this is $2.50 for the wheat. I paid a man $1 to sow and plow it in, $3.50; 50¢ to harrow the land, $4; I paid $1 for hauling wheat to thresher, and 50¢ for hauling wheat home again, $5.50; I paid 50¢ for carrying wheat to mill. Six dollars, all told, is what it cost me to make my wheat crop and get the flour home. Results: I made twenty-nine shocks; wheat threshed out three bushels and three pecks of clean wheat. This wheat sent to mill gave me five small bags of different grades, one of first patent, one of second, one of middlings, one of shorts, and one of bran. Pou Jones brought the five bags home from the mill and emptied them all together in a barrel, bag after bag, fine flour, seconds, shorts, bran. At the mill where I had my wheat ground I could have bought wheat at $1 per bushel." Raise wheat, make your own flour and be happy.

PERSONAL MENTION.

Mrs. F. M. Warren spent Monday in town.

Mr. J. Q. Stillwell spent last Saturday in Augusta.

Mrs. Dr. J. H. Self, of Selfs, is visiting her aunt, Mrs. J. A. White.

Mr. Henry Kearsey is up and out after a severe case of malarial fever.

Mrs. America McManus has removed from Edgefield county to Augusta, Ga.

Miss Lizzie Warren spent a few days last week with Mrs. J. H. Cantelou and other friends in town.

Mr. J. C. Self, of Selfs, this county, has accepted a position to clerk in the town of Greenwood.

Mrs. Arthur S. Tompkins, who is sick with fever, is some better at this writing, we are glad to state.

Mr. R. A. Tompkins, who has been seriously ill, is considerably improved, though still confined to his bed.

Mrs. D. C. Tompkins, of Meeting Street, will remove to Greenwood the latter part of this month, so we hear.

Mrs. J. B. Norris, of Columbia, spent last week with her brother, the Hon. Thos. H. Rainsford.

Mrs. J. M. Wise and Mrs. Geo. W. Wise, Jr., were up from Trenton on Thursday to attend the S. C. C. I. opening.

Mrs. Jefferson and Miss Jackie Stevens, of the Meeting Street section, spent Sunday in our town.

Mrs. Sarah Collett, of Horn's Creek, who has been sick for the past two weeks, is much better.

"What is your idea of a political economist?" "Well," replied Senator Sorghum, reflectively, "there's lots o' different kinds. But my idea of the genuine article is the man who manages to put by enough while he has an office to pay the expenses of gettin' it another term."

Mr. J. A. C. Jones will board pupils for the South Carolina Co-Educational Institute at reasonable rates. 4t

CARDS OF THANKS.

EDITOR ADVERTISER; Please allow me space in your columns to express my gratitude to those who so liberally supported me in the last election. As to those who misrepresented me, I have nothing to say, but leave the matter with them and their God.

Respectfully,
P. N. LOTT.

MR. EDITOR: Please permit me, through your columns, to express my thanks for my election to the office of Supervisor, I shall always gratefully remember the interest my friends have shown in my behalf.

In executing the duties pertaining to my office I shall bear malice toward none, but my sole aim shall be to make my administration a success. I shall do what I conceive to be my duty regardless of fear, favor or affection. The people have put into my hands a trust which, by God's help, I shall never betray.

D. D. PADGETT.

MR. EDITOR: I express my gratitude and appreciation to my friends for the support I received in the recent campaign, which was conducted harmoniously and without bickerings, altogether it was a pleasant one.

I entertain the same kind feelings for my fellow citizens as I did before I entered the race, and I shall pursue the even tenor of my way and meet you again in the "sweet by and by."

With kindest regards,
P. B. MAYSON.

MR. EDITOR: Seventeen votes isn't much of a beat, but a miss is as good as a mile, and I got left. But I am not sore over the defeat, on the contrary I have no ill will against any one whose conscience is clear, and I appreciate the compliment paid me by the citizens of Edgefield county in giving me such a large vote, and I shall ever cherish it in my memory.

I shall support the administration of my successful opponent, it is to the interest of every citizen to do so. Thanking my friends for their hospitality and support. I am Thankfully yours,

J. M. BELL.

Use of Salt.

The Augusta Chronicle learns that C. Godfrey Gumpel, an English scientist, has spent 27 years in studying the effect of salt upon the body and is about to publish a book which he thinks will be revolutionary. He attributes diphtheria, apoplexy and various other diseases to a deficiency of common salt in the system.

We are inclined to think that Proffessor Grumpel is on the right line and if his book can be obtained on this side of the water, it should be widely rea. We cannot expertly speak as to the prevention of the diseases mentioned, but he may be right. We do know that, so far as our individual experience is concerned, salt is at once the cheapest and most benignant preservators of health. No headache or neuralgia or congestion can get lodgment of any duration when salt and water are procurable before breakfast. Other people may be differently constituted. An old friend of ours, 80 years of age, a marvel of body for his years, ascribed his good condition to the judicious use of salt. The Hindoos say that their freedom from throat disease comes from saline gargles daily. A Hindoo mother teaches her infant this habit and sees that it is practiced. Salt is one of the greatest blessings when used with freedom and discretion, and this was pointed out years ago by the late eminent Dr. L. A. Dugas.

Eczema!
The Only Cure.

Eczema is more than a skin disease, and no skin remedies can cure it. The doctors are unable to effect a cure, and their mineral mixtures are damaging to the most powerful constitution. The whole trouble is in the blood, and Swift's Specific is the only remedy which can reach such deep-seated blood diseases.

Eczema broke out on my daughter, and continued to spread until her head was entirely covered. She was treated by several good doctors, but grew worse, and the dreadful disease spread to her face. She was taken to two celebrated health springs, but received no benefit. Many patent medicines were taken, but without result, until we decided to try S. S. S., and by the time the first bottle was finished, her head began to heal. A dozen bottles cured her completely and left her skin perfectly smooth. She is now sixteen years old, and has a magnificent growth of hair. Not a sign of the dreadful disease has ever returned.

H. T. SHONS,
2704 Lucas Ave., St. Louis, Mo.

Don't expect local applications of soaps and salves to cure Eczema. They reach only the surface, while the disease comes from within. Swift's Specific

S.S.S. For The Blood

is the only cure and will reach the most obstinate case. It is far ahead of all similar remedies, because it cures cases which are beyond their reach. S. S. S. is purely vegetable, and is the only blood remedy guaranteed to contain no potash, mercury or other mineral.

WINE OF CARDUI

For Mothers!

THE discomforts and dangers of child-birth can be almost entirely avoided. Wine of Cardui relieves expectant mothers. It gives tone to the genital organs, and puts them in condition to do their work perfectly. That makes pregnancy less painful, shortens labor and hastens recovery after child-birth. It helps a woman bear strong healthy children.

McELREE'S Wine of Cardui

has also brought happiness to thousands of homes barren for years. A few doses often brings joy to loving hearts that long for a darling baby. No woman should neglect to try it for this trouble. It cures nine cases out of ten. All druggists sell Wine of Cardui. $1.00 per bottle.

For advice in cases requiring special directions, address, giving symptoms, the "Ladies' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tenn.

Mrs. LOUISA HALE, of Jefferson, Ga., says: "When I first took Wine of Cardui we had been married three years, but could not have any children. Nine months later I had a fine girl baby."
