CARD.

TO THE MERCHANTS OF THE SOUTH

THE undersigned, Wholesale Dealers, advise you of the fact that Charleston is again a market for the purchase of goods, and in view of the early opening of the spring trade, we beg to solicit the resumption of the patronage so liberally extended to this market in the past.

We are aware that many old and respected firms will be missed from our number, but many familiar names will be found in new associations, ready to supply the wants of the Trade, as of yore, and other old and new firms will be added to our number at an early day.

The cash and short credit system having been universally adopted in all the Northern markets, we are necessarily compelled to adopt a like system as the only safe one on which to conduct business, and the heavy percentage once necessary to cover bad debts will now be avoided. Small profits and quick returns will be the rule, and under its working we hope not only to restore to our ancient city its former prosperity, but to extend her trade to the full extent of the capabilities her excellent geographical position and natural advantages afford. Our interest and ambition combine to stimulate us in attaining this result.

The South Carolina Railroad is now open to Columbia, and its President has officially informed us that the Augusta line will be completed to Blackville this month, and that on the first of February he will receive through freight to Augusta. A line of steamers to Savannah will afford facilities for shipping in that direction. It is our purpose to have in store by the last of February a complete and varied assortment of goods in our respective lines adapted to the spring trade, and every exertion shall be made to promote your interests.

We extend to you the hand of commercial fellowship, and solicit your co-operation and patronage in our efforts to make Charleston the centre of Southern trade. Give us the encouragement we ask, and you will enjoy all the advantages of a cheap home market.

THIS WRINGER has again taken the FIRST PREMIUM in the Great Fair of the American Institute—it has also taken the FIRST PREMIUM at the State Fairs of New York, Vermont, Pennsylvania, Ohio, Michigan, Indiana, Illinois, Kentucky, Iowa, Wisconsin, Connecticut River Valley Fair, Champlain Valley Fair, and at most of the County and Institute Fairs throughout the country.

Over 200,000 have been sold and are now in use in the United States, *and we never heard of one that was not liked.*

The UNIVERSAL is superior to all other Wringers, in having *large* rolls of solid India Rubber, protected by strong COGWHEELS that they cannot slip or *break loose from the shaft*. Its strong wood frame cannot be broken, and does not *rust or soil the clothes*. Every Universal Wringer is WARRANTED.

We select a few testimonials from persons widely known to the public, who speak from actual experience, and are above suspicion of misstatement.

"My family would as soon give up the cooking stove as the CLOTHES WRINGER. It cannot be too highly recommended.—[Solin Robinson.

"This is the first Wringer I have found that would stand the service required of it."—[J. P. Huggins, Lovejoy's Hotel.

"We think the Machine MUCH MORE THAN PAYS FOR ITSELF EVERY YEAR IN THE SAVING OF GARMENTS. We think it important the wringer should be fitted with COGS."—[Orange Judd, Editor of American Agriculturist.

"I heartily commend it to economists of time, money and contentment."—[The Rev. Dr. Bellows.

Prices:

Large Wringer, "A"	$12,00
Medium " "B"	10,00
Doty's Washer, Family Size,	14,00
" " Hotel "	18,00

Merchants or good canvassers can make money rapidly selling them in every town. Exclusive sale guaranteed and liberal terms given to responsible parties who first apply. Descriptive Circular and terms sent free.

SUBSTITUTE FOR PERUVIAN GUANO.

Baugh's Raw Bone

SUPER-PHOSPHATE OF LIME!

Baugh & Sons.
MANUFACTURERS & PROPRIETORS,
No. 20, South Delaware Avenue,
PHILADELPHIA.

This valuable MANURE has been before the agricultural public, under one name, for twelve years past, and its character for vigor of action and permanence in effect is well established. Before the war it was introduced to some extent in the Southern States, and was found to be highly adapted to

Cotton, Tobacco and all Crops.

And as a perfect substitute for Peruvian Guano, (afforded at less than one half the cost,) it has been adopted by agriculturists of known intelligence and discrimination. It is warranted not to exhaust the soil, but on the contrary permanently to improve it. The sales now amount to many thousand tons annually, and the facilities for its manufacture are extensive and complete.

Pamphlet describing its distinctive claims, may be had on application to the undersigned, agent of the manufacturers, from whom the MANURE may at all times be obtained.

☞ Planters and Dealers would do well to send in their orders early to
