—Mr. Ben DuPre Hodge, formerly of this county, and now a successful orange grower in Florida, accompanied by his family, is visiting relatives in the Fork.

The bump of self-esteem of the man who loves his neighbor as himself must be something prodigious.

It is asserted that Wanamaker is the only Maker that our Postmaster General sincerely worships.

A man's place in the bosom of Abraham will depend largely on his conduct in the bosom of his family.

Sheriff Bradham is a perfect terror to the evil-doers of this county. It is a shrewd one that can escape his lynx eye.

It is said that sixty millions of dollars is paid out every year in the United States for the salaries of teachers.

The people of the Packsville section are now enjoying the satisfaction of having the finest crops they have had in a number of years.

Rev. W. S. Stokes expects to return this week from his summer vacation, and will preach next Sunday morning at 11 o'clock in the Methodist church.

Last Sunday the scholars of the Presbyterian Sunday-school celebrated "Children's Day." Addresses were delivered by B. P. Barron, Esq., and Mr. W. C. Davis.

There is a large revival meeting in progress at the Pine Grove church in Douglas township. Twenty-two infants were baptised last Sunday, and a number of persons have joined the church.

John Lewis, colored, had a preliminary to-day before Trial Justice Timmons, charged with stealing $100 from Mr. J. T. Flowers a month ago. He was commited to jail to await his trial at the next term of court.

There is a fine opportunity for one of Clarendon's young men if they will take advantage of the chance for obtaining a scholarship in the Citadel academy. Read the notice and requirements in another column.

Granulated sugar, 4 pounds for 25 cents, or 16 pounds for a dollar, at M. Kalisky's.

Rev. T. E. Jasper returned Saturday from Kersaw where he had been conducting a revival meeting. He preached sixteen times in eight days. There were sixteen additions to the Kershaw Baptist church, and the meeting resulted in general good to the town.

A protracted meeting is in progress in the Baptist church in this place, conducted by Rev. T. E. Jasper, pastor of the church, and Rev. M. W. Gordon, of St. Stephens. Several persons have joined the church. These will be baptized next Sunday night in the font in the Baptist church. Preaching every morning at eleven o'clock and every night at eight.

Last week we mentioned that the streets are being taken for a baseball field, and we must make the same complaint again. The batting of balls in the streets is a dangerous practice and should be stopped at once. There is no telling how soon some child or lady will be struck in the face, by the careless throwing of balls. It is not only a dangerous practice but a very boisterous one.

Corwitz Sarsaparilla is the best blood purifier. 128 doses for a dollar at Dinkins & Co.'s drug store.

Ex-Senator Allen G. Thurman, of Ohio, has been interviewed on the political situation. He favors the nomination of Grover Cleveland for President in 1892, and thinks that either Ex-Governor Gray or Governor Campbell should be on the ticket with him. The Ex-Senator is in favor of the free coinage of silver, but he thinks that the tariff will be the all-absorbing issue in 1892, and that the ticket and platform will be made up on that basis.

Fresh gilt edge butter, only 30 cents a pound, at M. Kalisky's.

The scheme of electing United States senators by popular vote appears to be gaining support all over the country. It has been endorsed by many prominent newspapers, both Republican and Democratic, and by political conventions of several kinds. The Indianapolis Sentinel is of the opinion that the scheme will be adopted "at no distant day," but what point in the future must be passed before the "distant day" which it has in mind shall have come and gone we cannot say.

Summerton News.

SUMMERTON, July 14.—The weather the last week has been very cool for the time of year. I saw one man riding around with his overcoat on. Is it as cool other places as here, or is it on account of the location of our town?

You seemed to doubt our ice story last week. It was told me by a man of undoubted veracity. You must be considerably behind the times if you can't believe that story. In Sumter they can take common well water and in a short time make solid blocks of ice.

I know a man down here that caugh a white shad with hook and line last spring fishing for bream. A live black bear walked through the main streets of Summerton last Sunday morning and even the little darkies did not get scared. We get a good deal of our news by telephone and it is very reliable.

The railroad commissioners were in our village last week. They came over the W. & S. road on an inspecting tour.

Rain is very much needed in this community and if it doesn't come very soon the corn crop will be a failure. The cotton seems to be holding up pretty well. C.

Sumter News.

[*Sumter Freeman, July* 14.]

Mrs. H. A. Lowry, of Manning, is in the city visting relatives.

Married, on July 8th, at the residence of the bride's parents, in Marion, S C., Mr. V. H. Phelps and Miss Golda Brown.

Judge Fraser has no free pass; has never owned one. Sumter has a good record on the free pass question, let other counties show up.

Mr. C. F. A. Bultman has sold his herd of cattle to Mr. R. L. Oswald, of James Island. It is one of the finest in the State, and no doubt brought a good price. Mr. Oswald, we understand, will continue the dairy business here.

[*Sumter Freeman.*]

Mr. John R. Keels Suspended.

Judge Izlar has filed his "Judgment Order" on the rule to show cause against J. R. Keels, Attorney.

After reciting all the facts in the case, already published in the *Freeman* and so well known to our readers, and the answer of the defendant, (or failure to answer except by a general denial,) he concludes his order thus:

"I have determined that it would be best, under all the circumstances of the case, not to make an order disbarring the respondent, but to protect the court and the public by passing an order suspending and forbidding the respondent from appearing and practicing in the circuit and probate courts of this State, during the pendency of indictments against him growing out of the facts upon which the present motion is based; with leave to the bar of Sumter to renew the motion to disbar at the termination of such prosecutions.

"It is therefore ordered and adjudged, that the respondent, John R. Keels, be and hereby is, suspended from his office as an attorney, solicitor, and counsellor in the circuit and probate courts of this State, during the pendency of indictments against him growing out of the facts upon which the rule to show cause was based, and forbidden to appear in any cause civil or criminal in said courts, or to practice therein, either directly or indirectly.

"Further ordered that the bar of Sumter have leave to renew the motion to disbar said respondent upon the termination of the indictments for forgery now pending against him; and that the clerk of this court do forthwith serve on said respondent a duly attested copy of this judgment."

This is the course advised by the *Freeman* as wise and proper. We are pleased to see that the Judge acted so justly and discreetly.

Rev. Plink-Plunk on Woman.

My experience, however, hez taught me dat she is de crankiest, teazinest, aggravatinest, wilfullest, scrappiest, expensivest; an' at de same time de cunningest, sweetest, dearest, loveliest, indispensiblest creature in de hull wide worl'.

A Victim of Cigarettes.

FINDLAY, OHIO, July 11.—Harry Curtiss, a glass worker 18 years old, was found dead in his bed to-day. An autopsy showed his heart paralyzed, caused by the excessive use of cigarettes, he having been in the habit of smoking three or four boxes daily.

Sayings and Doings of the Colored People Throughout the County.

Rev. E. H. Wilson is making strenuous efforts to liquidate the debt on Trinity A. M. E. Church in this place. A festival in and of the church was held in the school house last evening.

Rev. Whitehead and members of the Baptist church are discussing the building of a new church of worship.

Rev. J. P. Crawford, pastor of Presbyterian church, left for Conyers, Ga., to be gone for a few months. Rev. Green, a student of Biddle University, will officiate in his absence.

Rev. I. B. Smith, pastor of Warren Chapel M. E. Church, will preach at the school house building Thursday night, 16th.

The District Conference will convene Thursday, July 23rd, lasting until Sunday. It comprises the counties of Charleston, Florence, Darlington, Sumter, and Clarendon. About fifty delegates will be in attendance. The program of the conference will appear next week.

Odd Fellows Lodge No. 2469 has nearly completed its lodge hall at a cost of about $800. An entertainment for their benefit will be held at the new hall beginning Thursday night, 16th. The white friends of Manning and St. Paul have contributed very liberally toward the enterprise, for which assistance the lodge feels very grateful.

The truck of the Manning hook and ladder is nearing completion, and Manning will soon be able to boast of a company of this kind, which, if properly managed, will be very useful in time of fires. Robert A. White is president.

We think the colored people are endeavoring to improve themselves and ask only a fair consideration from the white brother in this commendable line. R. A. S.

Feeling His Way.

"Nellie," he said with a kind of experimental, immature, early, home-grown smile on his anxious face, "I I may count on you as—as a friend, may I not?"

"Certainly, Alfred," she replied.

"As—as a good friend?"

"To be sure."

"You have no objection to looking on me as—as a distant relative, perhaps?"

"No, I have no objection to that."

"Second cousin, as it were?"

"I am willing to be your second cousin."

"Or first cousin once removed?" he persisted, mopping his forehead with a trembling handkerchief.

"Well, I have no objection to that either."

"And I might as well be a first cousin, mightn't I?"

"Yes, I suppose so."

"Do you feel, Nellie," he went on, hastily swallowing something large and buoyant, "as if you could be a—be a—sister to me?"

"No, Alfred."

The invitations are out.

$100 REWARD, $100.

The readers of the MANNING TIMES will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for the list of testimonials. F. J. CHENEY & CO., Toledo, O.

A WONDER WORKER.

Mr. Frank Huffman, a young man of Burlington, Ohio, states that he had been under the care of two prominent physicians, and used their treatment until he was not able to get around. They pronounced his case to be consumption and incurable. He was persuaded to try Dr. King's New Discovery for consumption, coughs, and colds, and at that time was not able to walk across the street without resting. He found, before he had used half of a dollar bottle, that he was much better; he continued to use it and is to-day enjoying good health. If you have any throat, lung, or chest trouble try it. We guarantee satisfaction. Trial bottle free at J. G. Dinkins & Co.'s drug store.

The Last Resting Place.

NEW YORK, July 12.—Mrs Jefferson Davis in a lengthy letter addressed to the veterans and people of the Southern States, finally decides that her husband's remains shall rest permanently in Richmond.

WHAT YOUR GREAT GRANDMOTHER DID.

She hetcheled the flax and carded the wool, and wove the linen, and spun the tow, and made the clothes for her husband and ten children. She made butter and cheese, she dipped tallow candles, to light the house at night, and she cooked all the food for her household by an open fire-place and a brick oven. Yes; and when she was forty years of age, she was already an old lady whose best days were over. Her shoulders were bent and her joints enlarged by hard work, and she wore spectacles and a cap. Her great grand-daughter, with all the modern conveniences for comfort, refinement and luxury, may be as charming and attractive at forty-five as at twenty. Especially is this true if she preserves her health and beauty by the use of Dr. Pierce's Favorite Prescription, which wards off all female ailments and irregularities, cures them if they already exist, keeps the life current healthful and vigorous, and enables the woman of middle age to retain the freshness of girlhood upon brow and cheek, the light of youth in her eyes, and its elasticity in her step. Sold by all druggists.

Mr. C. D. Payne, publisher of the Union Signal, Chicago, Ill., writes: I never saw anything that would cure headache like your Bradycrotine.

Priest—"Well, Dennis, you're married, I hear. I'm very glad of it. How do you and your wife get along together?" Dennis—"Well, yer riverence, Oi think we get along besht togither whin we're apart."

Presto! Change! Gray and faded beards made to assume their original color by applying Buckingham's Dye for the whiskers. It never fails to satisfy.

The Never Failing Remedy.

Those who continue to suffer with contagious blood disease, after having gone through the usual course of treatment, have one consolation: They can fall back on the never-failing specific, S. S. S. Sometimes they suffer from the disease itself, and sometimes from the effects of the treatment itself, especially if mercury and other mineral poisons have been employed. In either case they can find an infallible remedy in S. S. S. It would be better to take advantage of the remedy before undergoing other treatment, as thousands have done and are doing, but it is not everybody's foresight that is as good as his hindsight.

He Wouldn't Waste the Money.
