RIP VAN WINKLE IN FLORIDA.—The Florida Sentinel, of the 8th instant, gives the following wonderful case of what is called [illegible]

On Wednesday [illegible] Mr. C. A. Powers, [illegible] of St. John's County, laid himself down to enjoy a short nap, feeling somewhat fatigued after [illegible] hard labor. In a few moments he was in a sound sleep. The hour [illegible] by and still, he, apparently in the enjoyment of a healthy refreshing nap. Night came, and still he slept a [illegible] which no one could wake him. The family became alarmed, and a physician was sent for. Every method conceivable was used to awaken him, even to the application of red hot irons, but without avail. Morpheus held him in his strong embrace and no puny efforts of poor humanity could break the spell. And in the trance-like state Mr. Powers still remains. Nourishment, in the form of gruel, has been forced into his stomach by artificial means, and in that manner life sustained. His respiration is quite regular and at times, he snores in a very audible and distinct manner. The subject of this wonderful case of catalepsis is sixty-two years of age, and had been apparently in a state of good preservation and health. During the morning previous to his falling down, he had been busily engaged in pulling fodder. There seems to be a total suspension of the action of the senses and of volition, whilst the heart continues its regular pulsation.

MAY BE WORTH PRESERVING.—The Medical Home has the following recipes which may be of value:

A tea made of chesnut leaves and drank in place of water, will cure the most obstinate case of dropsy in a few days.

A tea made of ripe or dried whortle berries, and in the place of water, is sure and speedy cure for a scrofulous difficulty, however bad.

A tea made of peach leaves, is a sure cure for a kidney difficulty.

A plaster made of fresh slack lime and fresh tar is a sure cure for cancers, which with all its roots, will soon come out.

For the cure of small-pox, apply raw onions halved, under the arms, in the groins and on the bottom of the feet; change often; diet, chicken broth. Do not poison the blood by vaccination and leave posterity to atone the rotten fruits of our stupidity. Consumption, scrofula and other loathsome diseases are thus impregnated into the system. Better by far have the small pox and be free from a living death.

A MAIDEN'S HEART.—What is the worth of a maiden's heart? This question has come to be decided by cool, unsentimental experts. The daughter of a poor widow in Berlin, Germany, died of heart disease, and a young physician who attended her during her illness persuaded the mother, in the interest of science, to give him the poor girl's heart. After the lapse of some time the Doctor offered the widow for an honorarium of eight thalers (fifteen silver groschen) for all his visits and trouble. She delayed payment he complained, and then she gave out that she considered the gift of her daughter's heart as an equivalent to the sum demanded. If this was not acknowledged she required the heart to be returned, or the fee in dispute to be handed over to her. The doctor cannot produce the heart, but persists in his claim so the question must be tried, whether a maiden's heart is or not worth eight thalers (fifteen silver groschen.)

As Charity covers a multitude of sins before God, so does politeness before men.

If you would be happy, be innocent. [illegible] are the germs from which spring crimes and misery.

The only way for a rich man to be happy is by exercise and abstinence—to live as if he were poor.

We should amuse our evening hours of life in cultivating the tender plants, and bringing them to perfection, before they are transplanted to a happier clime.

True silence is the rest of the mind, and is to the spirit what sleep is to the body, nourishment and refreshment. It is great virtue, it covers folly, keeps secrets, avoids disputes, and prevents [illegible]

Let us take care how we speak of those who have fallen on life's field. Help them up—not heap scorn upon them. We did not see the conflict. We do not know the scars.

Ayer's Sarsaparilla,

FOR PURIFYING THE BLOOD.

[illegible] the reputation this extraordinary medicine enjoys, I deem it needless to add more than that its virtues are still maintained, and that it continues to cure the numerous disease, where the system seemed saturated with corruption, have been purified and cured by it. Scrofulous affections and disorders which have so long afflicted, by the insidious contamination until they were painfully afflicting, have been radically cured in such great numbers in almost every section of the country, that the public may rest assured that the virtues of this preparation are not to be lost.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again it becomes active throughout the body, and then, on some favorable occasion, rapidly develop into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver, or it shows its presence by eruptions on the skin, or foul ulcerations on some part of the body. Hence the occasional use of a bottle of this *Sarsaparilla* is advisable, even when no active symptoms of disease appear. Persons affected with the following complaints generally find immediate relief, and, at length, cure, by the use of this *SARSAPARILLA*: *St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm, Sore Eyes, Sore Ears*, and other eruptions or visible forms of *Scrofulous* disease. Also in the more concealed forms, as *Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia*, and the various *Ulcerous* affections of the muscles and nervous systems.

Syphilis or *Venereal* and *Mercurial Diseases* are cured by it, though a long time is required for subduing these obstinate maladies by any medicine. But long continued use of this medicine will cure the complaint. *Leucorrhœa* or *Whites, Uterine Ulcerations*, and *Female Diseases* are commonly soon relieved and ultimately cured by its purifying and invigorating effects. Minute directions for each case are found in our Almanac, supplied gratis. *Rheumatism* and *Gout*, when caused by accumulations of excrescentious matters in the blood, yield quickly to it, as also *Liver Complaints, Torpidity, Congestion or Inflammation* of the *Liver*, and *Jaundice*, when arising, as they often do, from the rankling poison in the blood. This *SARSAPARILLA* is a great restorer for the stomach and liver of the system. Those who are *Languid* and *Listless, Despondent, Sleepless*, and troubled with *Nervous Apprehensions* or *Fears*, or any of the affections symptomatic of *Weakness*, will find immediate relief and convincing evidence of its restorative power upon trial.

HALL'S

VEGETABLE SICILIAN HAIR RENEWER.

Every year increases the popularity of this valuable Hair Preparation, which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and by its tonic properties prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR-DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes."

Sold by all Druggists and Dealers in Medicines.

Price One Dollar.

Buckingham's Dye.

FOR THE WHISKERS.

As our Renewer in many cases requires too large a time, and too much care, to restore gray or faded Whiskers, we have prepared this dye, in *one preparation*, which will quickly and effectually accomplish this result. It is easily applied, and produces a color which will neither rub nor wash off. Sold by all Druggists. Price Fifty Cents.

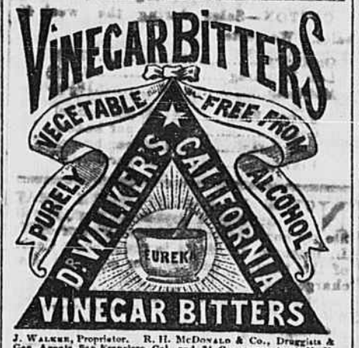
VINEGAR BITTERS



J. WALKER, Proprietor. R. H. McDONALD & Co., Druggists & Gen. Agents, San Francisco, Cal., and 34 Commerce street, N. Y.

MILLIONS Bear Testimony to their Wonderful Curative Effects.

They are not a vile Fancy Drink, Made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and A LIFE GIVING PRINCIPLE, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to directions and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

They are a Gentle Purgative as well as a Tonic, possessing, also, the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver, and all the Visceral Organs.

FOR FEMALE COMPLAINTS, in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these **Bitters** have been most successful. **Such Diseases** are caused by **Vitiated Blood**, which is generally produced by derangement of the **Digestive Organs.**

DYSPEPSIA OR INDIGESTION, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid Liver and Bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. Says a distinguished physiologist, there is scarcely an individual upon the face of the earth whose body is exempt from the presence of worms. It is not upon the healthy elements of the body that worms exist, but upon the diseased humors and slimy deposits that breed these living monsters of disease. No System of Medicine, no vermifuges, no anthelmintics will free the system from worms like these Bitters.

STEVENS & CURETON,

Lancaster, S. C.

WAXHAWS, LANCASTER COUNTY, S. C.

To P. P. Zimmerman, Esq., Secretary of the Fair of the Carolinas, Charlotte, N. C.:

The following is a correct statement of Cotton raised by Stevens & Cureton, on 1½ acres of stubble land, which was manured with 400 pounds of Carolina Fertilizer. The following is the mode of cultivation: It was thoroughly broken up 12 inches deep, and laid off in rows 3½ feet wide, and the Fertilizer applied in the drill, then bedded on it on the 15th of May, and planted the same day, but owing to the [illegible] did not come up to a stand until about the 1st of June. First working it was run around with a half shovel and partially trimmed out with a hoe. Second working it was run around with a 8 inch grub, 12 inches long, and the middles thrown out with a sweep 18 inches wide. One furrow to a row and thinned to a stand with a hoe about 12 inches between the stocks, and afterwards it was ploughed every two weeks with a sweep 18 inches wide, and hoed each time, until it was worked five times.

The following is a correct statement of the Cotton picked:

1st Picking	254
2d Picking	410
3d Picking	413
Estimated amount of unopened matured bolls	816
Total	1,923

Respectfully submitted,

STEVENS & CURETON.

I certify I weighed the Cotton picked in the above statement, and it is correct.

October 2d, 1871. W. A. GRAHAM.

At the request of MESSRS. STEVENS & CURETON, we have examined the 1½ acre of Cotton, and the estimate made above is true to the best of our ability.

D. P. DURANT,
W. A. GRAHAM,
JOSEPH RODGERS.

Premiums awarded to STEVENS & CURETON on above certificates.

We will sell the above Splendid Fertilizer at Forty-Five Dollars cash, or Forty Dollars, payable Jan. 1st, November, with interest at 7 per cent. per annum, delivered at our Warehouse in Charleston. Agents will sell at same prices, adding the freight and drayage to their Depots.
