Be sure to see me before you buy anything in my line; your price buys the goods.

Yours for Business,

M. E. Rutland, Batesburg, S. C.

The Best Fertilizers for Corn

That the yield of corn from the average farm can be greatly increased by intelligent and liberal fertilization has been repeatedly demonstrated. Large crops of good corn result from preparing the land well, using the right kind and quantity of fertilizer, good seed and proper cultivation.

Virginia-Carolina Fertilizers

will greatly "increase your yield per acre" of corn or any other crop. In some cases remarkable results have been obtained.

Mr. C. W. Caruthers of Sumpter County, Fla., writes: "Words cannot express the value of your fertilizer. It is really so far ahead of other companies' goods, that it would not pay anyone to use other brands, were they given free and put in the field. I can prove what I say to be a fact. I made a test on five acres. I used on one half the land your fertilizer and on the other half another company's fertilizer, same grade; the land received the same cultivation every time. *I kept a correct account of the amount of money I got off each half and I got $300 more from the land on which I used Virginia-Carolina Fertilizer than I did off the other half. I got four times as much corn from the land on which I used your fertilizer.*"

Write today to nearest office of the Virginia-Carolina Chemical Company for a free copy of the new 1909 Farmers' Year Book or Almanac, full of the most valuable and unprejudiced information for planters and farmers; or ask your fertilizer dealer for a copy.

You Are Paying for Armour's Fertilizers

How can that be if you don't buy them?
This way:
Anything you absolutely need, you pay for, whether you get it or not.
In order to secure the maximum yield from your land you must have a balanced, mechanically perfect fertilizer, containing exactly the quantities of plant food required by your crop and so made that it will not give these up all at one time but continuously through the growing season. That's ARMOUR'S.
We have numerous testimonials stating that the users of our goods have made from 1-4 to 1-3 more cotton per acre than with any others—like this for instance:
"I have used other brands on the same soil and have made FOUR BALES TO THE PLOW MORE when I used Armour's Brands." J. T. CR[illegible], Pendleton, Ga.
Do you need that extra four bales to the plow?
Then you need **Armour's Fertilizers**—and pay for them if you don't, in the end. In fact, that's the very reason why you **do** pay for them. If you use them they pay for themselves and leave a handsome profit over.

Pirates of the Air!

"They come like thieves in the night, dropping hundreds of feet from high up in the sky, catch themselves, circle once or twice, then come at the owl like a thunderbolt."

A quotation from the unusual and interesting story of decoying hawks, which is but one of the many splendidly illustrated articles which appear in the big March issue of

RECREATION

¶ This number is the first of a series of double numbers at the regular price, and is the most superb issue of an outdoor magazine ever published. It contains magnificent full-page plates worthy of framing, reproduced from photographs of thrilling moments in outdoor recreation.

Nowhere else will you find such helpful, entertaining articles illustrated exclusively by the most expert photographers. RECREATION is famous from the fact that the men who write for its pages have "Been There" and can start you planning your outdoor campaign.

We want you to become acquainted with the magazine and all its helpfulness.

BUY THE MARCH NUMBER AT ANY NEWSDEALER'S. IF HE CANNOT SUPPLY YOU, SEND US 25 CENTS AND WE WILL SEND YOU A COPY BY RETURN MAIL.

And, if at the same time, you will mention the name and address of the dealer who cannot supply you with the magazine, we will send you the beautiful RECREATION Calendar free.

Remember RECREATION is the only magazine that will start you right and help you to make the most of the outdoor season. Address

RECREATION, 24 West 39th St., New York.

MEETZE RELEASED

Lexington, March 15—W. P. Meetze the white man from New Brookland who was arrested last week upon the charge of obtaining money under false pretense from the Home bank in this town, was released from custody on Saturday upon the payment of the amount of the transaction.

DEAD

His face looked natural and his friends said that death came from "heart failure"

An announcement of this character is usually the "Mantle of Charity" thrown around the passing away of some unfortunate and is certainly expressing it more delicately, than if it were said, his death was the result of a protracted spree of drunkness.

A true history of the majority of cases where simply, "Heart Failure" is assigned as the cause of death would show that the Liquor Habit, after having wrought every other kind of failure in the man's life, kindly, as a fitting climax, brought about his death from "Heart Failure" but whiskey was the direct cause of that heart failing.

We offer apratical, scientific' individual treatment for acute and chronic alcohoism without the use of dangerous hypodermics Our patients after having been with us are absolutely cured and they stay cured.

Send your friends or relatives to us, and they will return with renewed energy, better men and sober through and through, ready to begin life over again. We know that we can cure the worst case and can convince you with letters from Senators, Doctors, Governors and men in your own county.
