Saloesday in September

Was a lovely fall day with a light shower to lay the dust and cool off the August heat. It was also a fine day for work and though it was "Labor Day" or rather a rest day there was no let up seen, it was a hungry rush to get in all time possible. The crowd was small and these only stayed long enough to finish their call and go back home. There were no special sales, and nothing to interest—not even one yell from Mr. David.

BLACK SPRINGS, Ark., Sept. 18, 1901.

Rev. J. W. Berry (of Arkansas Methodist Conference, writes:) "Enclosed find fifty cents for which please send me two packages of "TEETHINA." We wonder how we have raised children without it. The other day a lady in Missouri sent us a package and it came at a most opportune time: our babe was in a serious condition; his bowels had been in bad condition for days, and nothing that we gave did any good; the second dose of "TEETHINA" gave perfect relief and he has had no further trouble. Other members of the family have used it and every dose has been a perfect success.

THE NEW YORK WORLD
Thrice A Week Edition.

The Most Widely Read Newspaper in America.

Time has demonstrated that the Thrice-a-Week World stands alone in a class. Other papers have imitated its form but not its success. This is because it tells it impartially, whether that news be political or otherwise. It is in fact almost a daily at the price of a weekly.

In addition to news, it publishes first-class serial stories and other features suited to the home and fireside.

The Thrice a Week World's regular subscription price is only $1.00 per year and this pays for 156 papers. We offer this unequalled newspaper and the Democrat together one year for $1.67.
