RAGS WANTED.

THE Subscribers are about to erect a PAPER MILL in the vicinity of this place, and its success depends in a great measure upon the aid of almost every person in the community in preserving the only material that can be used in the manufactory of this useful article; house keepers, and all others, are therefore earnestly solicited to collect and preserve all RAGS produced in their families. There is not a house but will afford many pounds in the year if attention be paid to saving them. It will afford to the poor many necessaries which would otherwise be lost to them; and the rich, by allowing them as a perquisite to some favorite servant, will render essential service to this infant manufactory, of our own state; and we flatter ourselves that the aid of the community in this respect will enable us to perfect this undertaking, and by that means keep in circulation in our own state, and among all classes, very large sums of money that are yearly carried out of it for the article of paper. There is no rag originally composed of flax, hemp or cotton, but which will answer for some kind of paper.

The following prices will be paid for all Rags delivered at the store of Mr William T Little in this place.

White Linen, — $3 per 100 lbs.
Cotton, Flax or Hemp, — 2 per 100 lbs.

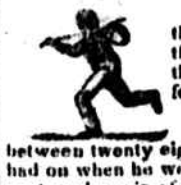
Fifteen Dollars Reward.



RANAWAY on Saturday the thirteenth of June last, from the Public Works, at or near the Catawba river, a negro fellow by the name of

BOB,

between twenty eight and thirty years of age, he had on when he went away, a blue broad cloth coat, and a pair of dark grey twilled pantaloons, his other dress not recollected. Bob is near or about five feet eleven inches high, stout, trim and well made, he is of a tolerable black complexion, in conversation ready, plausible and intelligent, has had the misfortune, notwithstanding, to sustain some loss about his ears; a considerable portion of one, to wit, the left ear has been taken off with the knife, and a small peice either cut or bit out from the lower part of the other, he went off in company with another negro fellow called Tom, belonging to Mr. George M'Cullough, the principal at the Works aforementioned, it is presumed that Bob has in the first instance, shaped his course for either Statesburgh or Yorkville, as it appears he has connections at both those places, there if not arrested he may in all probability proceed to some one or other of the northern or western states. Any person who will apprehend said fellow, and either deliver him to me, or lodge him in any jail so that I get him, shall have the above reward, and all reasonable expenses paid.
