DOG TAX NOTICE

The time for paying commutation road tax has been extended by the Board until May 1st, after which time the books will be turned over to the collectors and the usual penalty will be added.

J. Mack King, County Supervisor. 4-2-4t

PUBLIC ROAD WORKERS

The public has caused more much time against filling up the duties of public roads, by the overseers, account into the roads, and spending the County's money and, she do can persist in every detail in this, careless to keep up. Some day patience will cease to be a virtue. Then there is law against this practice. Please stop.

J. Mack King, County Supervisor. 4-2tf.

Pleading for Dogs.

Washington, April 7.—Prohibition for Alaska was assumed today in a bill by Representative Falconer, Progressive, of Washington.

MEMBER OF COUNCIL RESIGNS POSITION

MUCH BUSINESS TRANSACTED LAST NIGHT

SANITARY CHANGES

City Fathers Refused to Prohibit Women of City From Wearing Hats to Shows

WHAT COUNCIL DID

Discussed Widening Whitner street.

Agreed to pay City Tax Assessor $5 additional.

Granted recorder a vacation.

Permit Chautauqua to show without license.

Refused to prohibit women from wearing hats to shows.

Surface closets must be provided with sanitary tanks.

Heard report of treasurer.

Authorized finance committee to borrow $10,000.

Received Alderman Fouche's resignation.

The Anderson city council held a remarkable meeting last night—remarkable because of the fact that adjournment was had at 10:10 o'clock when sessions of that body usually last until after the tolling of 12 strokes. The body dispatched considerable business and did it in record breaking time.

The first thing discussed in council after the reading of the minutes of the last meeting was that the Board of Health of Anderson can not be paid $5.00 per meeting as agreed upon at the last meeting. The law says that no board of health shall receive compensation, and that if any meber refuses to serve after having accepted he may be fined $25.

B. B. Bleckley and O. D. Anderson presented a petition from the property owners of the east side of the Plaza and Whitner street praying that Whitner street be widened about two and one half feet by taking some space off the plaza and court house square and the remainder off the side walks. The matter was referred to the mayor and a committee of two with power to act, provided the proposed change will not cost more than $800.

Walter Faut was granted the privilege of opening a news stand on Main street.

An invitation was presented the mayor and council by Anderson lodge No. 1206 B. P. O. Elks to attend the exercises held in connection with the laying of the cornerstone of the new Elks Home on April 15.

Council agreed to refund to G. P. Carter the sum of $75, this being for unused license. Mr. Carter has sold his pool room and is no longer conducting a place of this kind.

It was agreed that no license would be asked from the coming Anderson Chautauqua.

Council agreed to pay the city tax assessors the sum of $25 extra for this year's work. This action was taken on account of the fact that this is the year for re-assessing the real estate and necessarily involved more time and labor.

Recorder Russell was granted leave of absence for 10 days or two weeks, the mayor to give his attention to these duties for that length of time.

Council refused to enact any legislation which would forbid women from wearing their hats to theatres. One theater man of this city requested that such action be taken, but council feared the results of such a move, more especially from the law makers' homes at home.

Water and light committee recommended that certain types of hydrants be installed from this time on, with two caps instead of one, thus making it possible to attach a steamer.

Council adopted a suggestion from the board of health that all surface closets in Anderson be equipped with sanitary water tanks before July 4. This means that every property owner in Anderson having such a sanitary arrangement at this time must equip himself with a tank of this kind before the date named.

The city treasurer made report that approximately $60,000 had been paid out on bates and that only one new camaire, one for $15,000. He further reported that there was no money with which to defray the running expenses of the city government from this date until August and that he estimated $10,000 would be necessary for this. The finance committee acting with the mayor was instructed to secure what overfunds might be necessary.

Alderman L. P. Fouche, because of the fact that he is moving to Atlanta presented his resignation as alderman from ward 4. Council accepted Mr. Fouche's resignation with regret. In his communication Mr. Fouche assured the body that Anderson and Anderson's interest would always be near and dear to him and issued a cordial invitation to all of council to visit him in Atlanta.

It was understood that special meeting will probably take place today at which time a date for the election of Mr. Fouche's successor will be set.

Council adjourned at 10:10 o'clock.

Require Fire-Proof Steamers

Washington, April 7.—Fire-proof passenger steamers after Jan. 1, 1915, would be required on Lakes, Rivers and in the coastwise trades by a bill which Representative Edmonds, Republican, of Pennsylvania, introduced today.

D. A. Henning, Jr., of Greenville was in the city last today on a visit to his father.

DEMOCRATS CALLED TO GATHER SATURDAY

CHAIRMAN GIVES NOTICE OF MEETING

WILL MAKE PLANS

Presidents and Secretaries Are To Be Elected and Delegates To County Convention

Gen. M. L. Bonham, chairman of the Democratic Executive committee of Anderson county yesterday issued a call for a meeting of the Democratic clubs of the county to take place next Saturday. At this time a president and a secretary will be selected by each of the clubs and a delegate will be elected from each club to the county county convention which will meet on May 4. This is the first gun fired in the campaign of 1914 and from now on there will be candidates galore appearing in the field. The actual political season proper is not supposed to open until the county meeting in May, but already there are numerous avowed candidates for various offices scouting over the county soliciting the vote of the "dear peo-pul" and these will lose no time between the meeting Saturday and the county convention.

Local politicians say that the coming campaign will be one of the most strenuous Anderson people have ever experienced and some say that it will surpass the affair of two years ago. This is hard to believe.

The question of what political faction will control the coming conventions is one of great moment with the politicians at this time and the various factions are putting forth their best efforts. Not one opportunity will be passed under either side if present indications count for anything.

C. E. TOLLY URGED TO RUN FOR MAYOR

Friends Say That They Will Offer Popular Man For This Important Office

A report was going the rounds in in Anderson last night to the effect that C. E. Tolly would be put forward by his friends for the office of Mayor when the campaign opens here in May.

When Mr. Tolley was interviewed by a reporter for The Intelligencer last night in regard to the report Mr. Tolly said that he had not fully decided as yet on what action he could take. He said that unless some one announced his candidacy for mayor upon the platform in which he is most interested that he would announce himself.

Mr. Tolly said that he did not desire the office but unless some one comes out advocating the progressive ideas that he has always entertained he would declare himself in the race. He further said that should he announce his candidacy it will be conducted along a line of progressiveness, advancing Anderson and placing it upon the map, a position she has long deserved.

"Should I enter the race," said Mr. Tolly, "I will, at the proper time and the proper place, give full expression of my views on all public matters."

MILLS MAY GET SEWER LINES

Possible That System May Be Installed Here, Following Action of Council

Owing to the fact that council took the action it did last night in regard to sanitary conditions in Anderson being improved, and too, because of the fact that the mill officials of Anderson really desire to improve conditions it is possible Anderson mill villages may soon have sewerage systems installed.

It was announced in Greenville a few days ago that the mills there are contemplating a trunk line of sewerage and it is said that Jas. D. Hammett, one of Anderson's foremost mill men, is contemplating the same step for Anderson. It was impossible for The Intelligencer to get in touch with Mr. Hammett last night and therefore his ideas or plans could not be ascertained.

INVADING SPARTANBURG

Fitting School Boys Will Go Today to Get Revenge.

The Anderson Fitting school baseball team will journey over to Spartanburg Wednesday to cross bats with the Wofford Fitting school. The boys have been practicing hard and they intend to put up a little game for the [illegible]. The following will represent Anderson:

[illegible] C.; Stevens, 1b.; Simpson, 2b.; Cleveland, ss.; Zimmerman, [illegible]; Parks, c.f.; Richardson, l.f.; Sullivan, H., p.; Hunter, p.; Snow, substitute.

Lord Seligman, "Chief Guesser," Mme Rohlmann, "Demo Player," Prof. Parks "Gang Raiser," Hoy Major "Night Rider" Stinger Sullivan, "Big Sister," Ralph Smith "Donor Head."

Mr. Leo Seligman will deliver an oration on "Hannanism Crossing the Alps." A big crowd is expected to hear the oration.

TOWN TERRORIZED BY A CRAZY NEGRO MAN

WITH VICIOUS KNIFE HE MADE THREATS

IS LATER CAPTURED

Brought To Anderson From Pendleton Yesterday and Lodged In County Jail

Reports reached Anderson yesterday morning from Pendleton to the effect that a negro man had terrorized the town, having armed himself with a knife and parading the streets he threatened to kill anyone laying hands on him. The report said that the citizens formed a posse and armed with baseball bats, wagon spokes, and other weapons managed to subdue the negro and lodge him in jail.

Later The Intelligencer learned that this report was somewhat exaggerated. The negro, Lewis Martin, was known to be insane and when he managed to secure the knife yesterday steps were at once taken to have him arrested. The officers did experience some little trouble with him and it was necessary to call in the citizens to assist, but the affair was not as bad as first reports received here had it. Martin was lodged in the jail at Pendleton until yesterday afternoon, at which time he was brought to Anderson by W. H. Whitlock and A. H. Cranshaw. He turned over to the county officials and it is presumed that he will be sent to the asylum at Columbia.

KEYS GILMER MAY BE A CANDIDATE

Mentioned As Being Foremost In List of Possibilities In Ward Four

Although no date has yet been chosen for the election in ward four to elect a successor to P. L. Fouche, resigned, it was said last night that Keys Gilmer, one of the best known business men in ward four, would be put forward by his friends to serve on the unexpired term of Mr. Fouche.

No statement was obtained last night from Mr. Gilmer but friends of his said that he would probably be nominated at once and they predict with all confidence that he can have the place in the event that he should desire it.

FINEST FIELD EXPERT EVER SAW

P. H. Calvin Says He Never Saw a Finer Field of Vetch Than The Drake Place

"It is the prettiest field of vetch or any other kind of cover crop I ever saw, and the Drake boys are farmers who deserve credit. The field is uniform throughout and as prettily planted as possible," said Paul H. Calvin, assistant live stock expert, when interviewed at the offices of the Chamber of Commerce yesterday. He referred to the 40-acre vetch field of Ralph and Wade Drake, near the outskirts of the city. It will be remembered that last fall The Intelligencer referred to this field of vetch, to be planted, stating it was being plowed by a tractor.

Mr. Calvin also said that cover crops throughout Anderson county were in splendid condition generally, and that oats especially were looking fine, and that the county would undoubtedly raise the largest crop in its history.

J. W. Holbrook, agricultural demonstrator, under the auspices of the Chamber of Commerce, also stated last week that cover crops were doing splendidly.

WILL INVITE BIG BANKER TO COME

Mr. McAdoo Will Be Urged To Come To Anderson For The Bankers' Meeting

The bankers of Group 1 of the state bankers association will meet in Anderson the first week in May. Many of the bankers of Anderson are delighted because Richmond has been selected as the regional banking center for this section and it is probable that Anderson will line up behind an old state man for the position of director in this back. B. B. Gossett said Tuesday that he would invite Mr. McAdoo, secretary of the treasury, or Mr. John Skelton Williams to attend the meeting here next month, and he expects the local bankers to do the honors as nicely as was the case of the last meeting in Greenville.

Censure for Kitchenmeth.

Washington, April 7.—Congressional censure for Representative McDermott of Illinois, as a result of the disclosures of the lottery investigation was agreed upon today by the house judiciary committee.

Miss Beatrice Reese of near Townville was in Anderson yesterday for a few hours.

WOMAN FAILED IN HER EFFORTS AT SUICIDE

FIRED SHOT THROUGH HER RIGHT TEMPLE

IS NO TYET DEAD

Mrs. James Murdock Is Still Living, Despite Self-Inflicted Wounds Yesterday

Reports reached Anderson yesterday that Mrs. Anna A. Murdock, who lives about seven miles from Honea Path, had killed herself yesterday morning shortly before 8 o'clock by shooting herself through the right temple. At first it was commonly accepted fact that she was dead but at midnight last night physicians in Honea Path said that she was not dead and although they could hold out but little, if any hope of her recovery. The bullet struck her in the right temple and passed through her skull, inflicting a dreadful wound.

The report received here says that Mrs. Murdock is the wife of James I. Murdock and a daughter of John Thomas Ashley, Sr. She is about 31 years of age and has three children. At the time of the incident one of her boys was in the room.

Drs. Babb and Shirley of Honea Path were summoned immediately after the shooting took place and Dr. Babb told The Intelligencer last night that he could hardly hope for the patient's recovery.

It is said that Mrs. Murdock has been in ill health for some weeks and this is presumed to be responsible for the rash act. Evidently she had planned her action as a report says that the following note was found in the room:

"Darling, take good care of the baby and the other two boys. I know you are the dearest man in the world."

Mr. and Mrs. Murdock have been married for about 15 years and the domestic relations have always been happy. With the exception of ill health and despondency caused thereby there is no known reason for Mrs. Murdock wishing to take her own life.

DIRECTORS HAVE BEEN REDUCED

Stockholders of the Dime Savings Bank Held Meeting Yesterday Morning

The stockholders of the Dime Savings Bank held their first meeting yesterday morning, at which time they went over the affairs of the institution and expressed themselves as being well pleased. The report of the president showed that the business affairs of the bank are on a firm financial basis.

The number of directors was changed at this meeting of the stockholders, that body being reduced from 13 to nine. The following gentlemen were chosen: J. H. Craig, John W. Linley, A. S. Farmer, M. M. Mattison, E. M. Duckworth, J. D. Brown, J. H. Barton, J. B. Humbert and S. E. Parker. Leon L. Rice was selected as attorney.

J. D. Brown was elected president, John W. Linley, vice-president, and W. E. Watson, cashier.

Dr. R. G. Witherspoon of Holland's store was in the city yesterday.
