Large Real Estate Deal Consummated

R. C. MCKINNEY SELLS TO G.
H. BAILES BUILDING USED
AS P. & N. STATION

CONSIDERATION
EXCEEDS \$21,500

Real Estate Market is Reawaken-
ing—Largest Transaction in
Some Time.

Mr. R. C. McKinney has sold to Mr. G. H. Bailes the property on North Main street used by the Piedmont and Northern Railway as a passenger station, the consideration being \$21,500, or approximately \$900 a front foot.

The property was purchased by Mr. McKinney several days ago from Messrs. D. R. King and Geo. W. Evans. The price Mr. McKinney paid these gentlemen for the property could not be learned.

In the transaction Mr. McKinney took over a major portion of Mr. Bailes' property at the corner of North McDuffie and East Earle streets.

Becoming Active.
This is the first big deal in city property that has been consummated in some time, and, it is understood, is but the forerunner of others that are to follow shortly.

The news of this big deal will prove of unusual interest generally, as it indicates that the market is living up. Doubtless this sale and others, it is reliably stated, are to follow in the near future will have a marked effect on business generally, serving to create a more optimistic sentiment and acting as a layer to start other business going.

Dealing Extensively.
Mr. McKinney has been dealing rather extensively in Main street property recently. Within the past 18 months he has handled something over 200 front feet of Main street property.

The purchasing of this property by Mr. Bailes puts him in possession of two buildings in that quarter, he having owned for some time the adjoining building in which is located the Acme Cafe.

What Mr. Bailes plans to do with the property, is not known. It is presumed, however, that he purchased the property as an investment.

Faith in Anderson.
The enterprising business man has again demonstrated his firm faith in Anderson. He already owns a considerable amount of valuable real estate in various parts of the city, and that he, in the face of present business conditions throughout the country, takes on more property of this nature, goes to show that he has an abiding faith in Anderson's future. His example is calculated to be of immense influence for good on local business conditions, for which he is entitled to the thanks of the general public.

ENGLAND MUST INCREASE ORCE TO WIN VICTORY; RUSSIANS STILL LOSING

(CONTINUED FROM PAGE ONE.)

vincial towns has largely subsided.

Paris, May 12.—A Havas agency dispatch from Athens said the allied fleet reentered Dardanelles last night and bombarded forts at Killid Bahr, Chanak Kalesi, and Nagara. Bombardment was interrupted at 8 o'clock and resumed three hours later and still continues.

Although the Turks have been strongly reinforced the bombardments are causing them to lose heavily. They are steadily losing ground. The Turkish trenches are filled with bodies.

Geneva, Switzerland, May 13.—The Journal de Geneve has received a dispatch from Saloniki saying that many persons have been killed or injured in riots in Constantinople. Mob numbering thousands, the newspaper says, plied the principal shops and hotels. The sultan's guard has been called out.

According to this information, the

Pera Palace hotel, the largest and most pretentious European hotel in the city was sacked. The police were overwhelmed.

Food prices in Constantinople have doubled, and there is widespread misery among the poorer classes. The hospitals are crowded with wounded soldiers.

BUT TWO CASES WERE TAKEN UP YESTERDAY

(CONTINUED FROM PAGE ONE.)

neys for the defense were Paul Dickson and S. M. Wolfe. The jury was out but a short time and they returned a verdict of guilty of manslaughter.

The case of Cornelius Gambrell, alias Son Gambrell, was taken up next. Gambrell is the man charged with hitting Dr. E. H. Parks in the head with a bottle several weeks ago.

The defense presented a number of witnesses who swore that Son Gambrell was in Belton at the time Mr. Parks was struck. Dr. Parks went on the stand and swore that Gambrell is the man who struck him. The evidence was all in when the court recessed last evening and nothing remains this morning but the arguments and the judge's charge to the jury.

Mr. Leon Rice is representing the defendant.

The case for tomorrow is probably that of C. R. Alexander, charged with the murder of his wife. This case will take up most of the day. Alexander is in the county jail at present.

DEMANDS REPARATION FOR AMERICAN LOSSES; ENUMERATE INDIGNITIES

(CONTINUED FROM PAGE ONE.)

people of the United States will look to the imperial German government for just, prompt and enlightened action in this vital matter.

Expressions of regret and offers of reparation in the case of neutral ships sunk by mistake, while they may satisfy international obligation if no loss of lives results, cannot justify or excuse the practice, the natural and necessary effect of which is to subject neutral nations and neutral persons to immeasurable risks.

Washington, May 13.—The United States' note to Germany, demanding that attacks on merchantmen carrying non-combatants shall end, was dispatched to Berlin today. At one o'clock today communication had been

cleared over the telegraph wires from Washington and was started on its way over the cables. As a courtesy, a copy is to be delivered to British Ambassador Bernstorff here.

A special guard of plain clothes policemen was placed around the German embassy today. Uniformed police heretofore have been there and detectives have been looking after the embassies generally, but it was not until today that a special guard was provided. Officials said it is merely a precaution.

Secretary Bryan announced that the note to Germany will be made public late today, and added it contained between 1,200 and 1,500 words.

Orders Ads. Discontinued.

Washington, May 13.—The German embassy last night notified newspapers throughout the United States to discontinue publication of its advertisements warning Americans against trans-Atlantic travel on ships of the allies. Telegrams and letters to the newspapers gave no reason for discontinuing the advertisement, but at the embassy it was declared it had been run sufficiently long.

Finding More Bodies.

Kuonstow, Ireland, May 13.—Rain a choppy sea interfered with the search today for bodies of the Lusitania's dead, but six were found near Skull and several others under a life raft. The bodies were brought here.

The body of Charles Frohman, the American theatrical manager will be sent to the United States Saturday on the steamship New York.

TAKE PLEDGES TONIGHT

For Season Tickets For Chautauqua Next Year.

Superintendent Don F. Thomas of the Chautauqua Chautauqua announced last night that the pledges for season tickets for next year's attraction would be called for Friday evening. Owing to bigger and better attractions which are going to be put on next year, he stated, the price of season tickets hereafter will be \$2.50 each. As a matter of fact, he said, this price is being paid this year for season tickets in all but ten or twelve of the hundred or more cities in which the chautauqua is being held, and Anderson is fortunate in being among the small number of cities where tickets are being sold this year for \$2.00.

McCormick Vertical Lift Mower

The McCormick vertical lift mower has all the good features of the regular McCormick mowers, and, in addition, it is so made that the cutter bar can be raised to a vertical position and lowered without stopping the team. This makes the McCormick vertical lift mower one that is meeting great demand for cutting on rough and stumpy ground. It permits the driver to cut close to the stump, or rock, and save all the hay without loss of time or inconvenience. The cutter bar also can be raised high enough to pass over stones and stumps by means of a very convenient foot lift.

While the McCormick vertical lift mower is an exceptionally good machine for cutting in rough and stony ground, it is practical for all kinds of grass cutting. It will do good work in any place where the machine can be drawn by horses and under conditions where an ordinary machine could not be used. As an all-purpose mower it is unsurpassed.
