MEETING AT GREENWOOD

TOLBERTS ARE HELD RESPONSIBLE FOR RIOTING AND BLOODSHED.

Resolutions are Passed—Deploring Awful Conditions Which Have Prevailed in That County Recently—Citizens Are Assured That Troubles Are Ended and That Law and Order Will Be Enforced in Future.

(Augusta Chronicle.)

Greenwood, S. C., Nov. 15.—At a mass meeting of the leading citizens from all sections of the county in the court house this afternoon, State Senator Waller presiding, the following resolutions were adopted:

"We, the citizens of Greenwood county, representing every section of same, in mass meeting assembled, hereby express our regret for the conditions which have recently prevailed in the neighborhood of Phœnix and the occurrences which led to them.

"We assert that the responsibility therefore rests solely upon John R. Tolbert, R. R. Tolbert, Joseph W. Tolbert, Thomas P. Tolbert and Robert L. Henderson, whose incendiary teaching and evil influences culminated in the murder of J. O. Etheridge at Phœnix on the morning of election day and the shooting from ambush of two white men on the evening of the same day.

"The white men returning quietly on their way home, these acts of murder and highway assault induced a feeling of retaliation, the results of which, however, have been greatly exaggerated.

"Now that the excitement has subsided and all armed bands have returned to their homes, we urge all good citizens, both white and colored, to go to their homes and we pledge ourselves for their safety and protection in the enjoyment of their rights and the discharge of their lawful pursuits.

"We assure the colored people they have nothing to fear, if they are orderly and law abiding.

"Resolved, That we indorse the action of the Phœnix mass meeting, and the assurance is given by the sheriff and other officials that the property of the Tolberts, under management in their absence, shall be protected."

Citizens of Ninety-Six, in mass meeting today, adopted similar resolutions.

Like resolutions were also passed by the citizens of Phœnix Saturday and all trouble here is at an end.

There is no more trouble at Donnalds, where an outbreak of negroes seemed imminent a few days ago.

Stuart Miller is improving somewhat, but his condition is desperate. His nervous system is so wrecked that recovery is not at all sure. It was found today that he was saved from immediate death last Tuesday night by a pistol in the pocket of his army shirt. A large ball hit this pistol, breaking it up considerably.

Cresswell Fleming, who was with Miller, is recovering. His wounds are very painful. He also had the narrowest sort of an escape from instant death. Younger is recovering.

Thanksgiving Proclamation.

Gov. Ellerbe has issued the following Thanksgiving proclamation:

To the People of South Carolina:

Greeting: By virtue of the power vested in me as Governor of the State of South Carolina. I hereby set apart and appoint Thursday, the 24th day of November, 1898, as a day of Thanksgiving.

Upon that day it seems eminently appropriate that the people should refrain from their usual vocations and assemble in their places of worship, to express their gratitude to God for the blessings He has bestowed and to invoke a continuance of His mercy and care.

And while thus giving evidence of their grateful feelings, let them not be unmindful of those who have been less blessed—the needy and the distressed.

In testimony thereof, I have hereunto set my hand and caused the great seal of the State to be affixed at Columbia this 14th day of November, 1898, and in the One Hundred and Twenty-second year of the Independence of the United States of America.

WM. H. ELLERBE, Governor.

Bucklen's Arnica Salve.

The best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by Robertson & Gilder and W. E. Pelham.

MORE BLOODSHED.

WOMAN KILLED AND TWO MEN WOUNDED IN GREENWOOD.

Wanton Cruelty—Rumor That the Post Office at McCormick Will be Discontinued—The President Reported to Have Promised to Enforce Order.

[Special to Greenville News.]

Greenwood, S. C. Nov. 14,—A private telegram received at this place says James Tolbert, post master at McCormick, arrived at Washington and had an interview with President McKinley today asking for federal aid in holding his position, saying he was driven away by threats to kill him.

The President appeared to be very much worried over the situation. He is reported here as having said that the ordinary process of law will be first pursued and if that fails to restore order it shall be enforced by troops if necessary.

A telegram received by the Greenwood Journal says: "McKinley has weakened and abolished McCormick."

Lonnie Webb, an employee of the Grendel mill, formerly of 192 Broadway, Augusta, was shot by a negro last night. The negro runs a blind tiger. Some boys were getting liquor from him when he fired three shots, one striking Webb in the stomach just below the ribs, the other passing around under the skin to the right side. The ball passed through his coat, waistcoat and two shirts. It was fired from a common pistol. Otherwise it might have been fatal.

Three men on their way to Greenwood this morning fired into a negro cabin near Piney Grove church, the ball striking a negro woman in the stomach. When she was found she was in a horrible condition, dying alone on a pile of cotton. A doctor was sent for but he says she can not possibly recover.

Kennedy McCaslan, of Hunter post office, near Troy, in Abbeville county, went to the house of a negro named Hunter who farms on McCaslan's land, today after dinner to get a portion of the cotton raised on the land. From the reports it seems that McCaslan and the negro could not agree upon the divison of the cotton and had some words, whereupon the negro ordered McCaslan off the place. As McCaslan did not go fast enough, the negro fired on him, the load taing effect in the side of the face, tearing it pretty badly.

McCaslan's condition is said to be quite serious. It is not thought that he will recover.

The negro was captured and taken to Abbeville and lodged in jail after some difficulty with a few who wanted to lynch him. In the scuffle between the sheriff and the mob the negro had one eye knocked out.

A mass meeting has been called at Greenwood court house tomorrow at 1 o'clock.

Government Official Clayton is here finding out what he can for the government. He telegraphed the President today that he feared no further trouble.

There is no telling what the abolition of the McCormick post office will bring about.

Many a husband imagines that his wife is happy, healthy and strong, when she is really enduring in silence almost unbearable tortures. She meets him at the door on his return from work or business with a smile and a kiss. To be sure, she looks a little white and pallid, but she is vivacious and cheerful in his presence, and he does not realize that anything is wrong. If he had but come home during the middle of the day, he would have found, instead of the cheerful wife, a weak, sickly, nervous invalid, with headache, pains in the back, "stitches" in the side, burning and dragging down sensations and utter despondency and melancholy.

In almost every case of this kind the woman is really suffering from weakness and disease of the distinctly feminine organism. Frequently she does not realize her own condition. If she does, she shrinks from undergoing the "examinations" and "local treatments" insisted upon by the average physician. Dr. Pierce's Favorite Prescription is the medicine needed by women who suffer in this way. It acts directly on the sensitive organs concerned and makes them strong, healthy and vigorous. It allays inflammation, heals ulceration, soothes pain and tones and builds up the shattered nerves. It transforms weak, sickly, nervous, despondent invalids into happy, healthy wives and competent mothers. It fits for wifehood and motherhood. It makes "examinations" unnecessary. Honest dealers do not suggest substitutes for a little added profit to be realized thereon.

"I had suffered untold misery for years with ovarian trouble, an exhausting drain, constipation, painful periods and other annoying troubles," writes Mrs. Annie James, of No. 27 Seventh Street, Memphis, Shelby Co., Tenn. "Thank God, my health has been fully restored and I can gladly say I am a well woman to day. I used six bottles of Dr. Pierce's Favorite Prescription and was completely cured."

Dr. Pierce's Pleasant Pellets cure constipation and biliousness. They never gripe. All good dealers have them.

A Revolt of Order.

(Commercial Advertiser.)

The best justification of Wilmington's militant Caucasians is their scrupulous observance of forms of law. They temporarily suspended law and order in order to maintain law and order. But as soon as control of the city by its good citizens had been established with arms, it was confirmed by the machinery of law. The might of public sentiment compelled the distrusted city government to resign, and in the method provided by law successors were elected from among the leaders of the uprising. Yesterday there was a legal city government, powerless because discredited, and a mob, disciplined, quiet and deliberate, but still a mob, to which alone life and property could look for safety. Now there is an equally legal city government, elected and installed by strictly constitutional forms, and possessing both technical and actual power. It has replaced the mob with a large force of duly appointed and sworn special officers, and while order will be maintained in precisely the same manner as before, the armed men who now patrol the streets will have legal right to fire on the disorderly.

The incident is notably Anglo-Saxon. It is like the occasional uprisings of the law abiding in mining camps. When disorder and crime become too prevalent the whole community rises and forms itself into a government for restoration of order. The tiresome old theory of the social compact finds its only possible illustration in these uprisings. The native force of the community swells up and the same spontaneous agreement upon which all government rests in the last analysis exerts itself to create government out of its elements. The revolution in Wilmington is a parallel case. That its set purpose is maintenance of law and order is shown by the acts of the new city government. A crowd having collected to lynch two negro disturbers who were in jail under arrest, the newly chosen mayor put himself at the head of an armed guard to protect the jail and prevent the lynching.

The behavior of the crowd that wrecked the negro printing house made as significant an episode. While the negro publishers were fleeing for their lives to another county and the crowd was demolishing the printing machinery and stock, some hothead set the building on fire. This was not the purpose of the mob, and the fire department was promptly sent for. The whites were determined to do no more violence to property and order than was unavoidable to carry out the measures they deemed necessary for the ultimate vindication or order. Their refusal to burn the building of a man whom they would have hanged had they caught him shows their self-control and conservatism. It is like the Porteous mob, who, while dragging their victim through Edinburg to his death, broke open a store for a rope to hang him with, and left the price of the rope on the counter, where the shopkeeper found it in the morning.

It is likely that Wilmington has passed its crisis. The government is now in the hands of conservative citizens, having the confidence of the community. State troops have been ordered to the scene, and if there is any more shooting it will undoubtedly be done by authorized ministers of law.

Deadly Cancer Cured at Last!

Do Not Give Up in Despair—There is Hope!

For ages it has been thought that Cancer is incurable, and those so unfortunate as to have this dreadful affliction have considered themselves beyond hope of recovery. The doctors are absolutely unable to afford any relief, and the poor sufferer might well consider himself on the way to an early grave.

It is now easy to see why the doctors have failed to cure Cancer. Their theories have been all wrong, and hence their treatment misdirected. They have made the mistake of thinking that by cutting out the sore or ulcer, known as Cancer, the disease would be gotten rid of, and the patient restored to health. But the cruel knife accomplishes nothing, for the Cancer promptly returns, and is always more virulent than before.

It has been demonstrated, beyond doubt, that Cancer is a blood disease, and can not be cured by the surgeon's knife because *the blood can not be cut away.*

"Several years ago my wife had an ulcer on her tongue, which, though annoying, was not regarded seriously at first. It refused to heal and began to grow, giving her much pain. The doctors treated it for quite a while but were unable to do her any good, and finally pronounced it Cancer of a most malignant type. We were greatly alarmed and gave her every remedy recommended, but they did not seem to reach the disease, and it continued to spread and grow. Upon the advice of a friend she began to take S. S. S., and after a few bottles had been used a decided improvement was noticed, and continuing the remedy she was cured completely and the permanence of the cure has been proved, as no sign of the disease has returned, though ten years have elapsed. H. L. MIDDLEBROOKS. Sparta, Ga."

The cures made by S. S. S. are permanent. It is the only blood remedy which can cure obstinate deep-seated blood diseases, because it is the only one which acts on the correct principle of forcing out the poison and ridding the system of it forever.

S. S. S. never fails to cure the worst cases of Cancer, Scrofula, Catarrh, Eczema, Contagious Blood Poison, Rheumatism, old sores, ulcers, etc., it matters not what other remedies have been used in vain. It is the only blood remedy guaranteed.

Purely Vegetable

and contains not a particle of potash, mercury, arsenic or other minerals.

"Saved Her Life."

MRS. JOHN WALLET, of Jefferson, Wis., than whom none is more highly esteemed or widely known, writes. "In 1890 I had a severe attack of LaGrippe and at the end of four months, in spite of all physicians, friends and good nursing could do, my lungs heart and nervous system were so completely wrecked, my life was despaired of, my friends giving me up. I could only sleep by the use of opiates. My lungs and heart pained me terribly and my cough was most aggravating. I could not lie in one position but a short time and not on my left side at all. My husband brought me Dr. Miles' Nervine and Heart Cure and I began taking them. When I had taken a half bottle of each I was much better and continuing persistently I took about a dozen bottles and was completely restored to health to the surprise of all."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address,

DR. MILES MEDICAL CO., Elkhart, Ind.
