LEGAL NOTICES

INCOME TAX PAYERS TAKE NOTICE.

The time for making Income Tax Returns will close the 1st of July. All who fail to make income tax by that time will have to pay cost and penalty. This is from Carlton W. Sawyer, Comptroller General, at Columbia, S. C., so I would be glad to have you make these returns at once, so your Auditor will not be embarrassed.

Those who refuse to make Income Tax Returns will be compelled to do so at heavy cost. This is the law and so long as it is, I will have to enforce it for Anderson County.

Winston Smith,
Auditor.

Columbia, March 13, 1915.
Mr. Winston Smith, County Auditor, Anderson, S. C.

Dear Sir: The State tax commission of the State of South Carolina has sent me the following communication relative to the enforcement of the income tax law:

"The time for making returns under the income tax law of this State expired on the 20th of February last, and a very large number of persons liable to the payment of the tax omitted to make such returns within the time limited.

"The neglect to make the returns in time may have been caused by an erroneous impression that the returns and payment of the income tax to the federal government relieved these tax payers from paying the income tax imposed by the laws of this State.

"The failure to make returns within time has been caused by an erroneous impression that the returns and payment of the income tax to the federal government relieved these tax payers from paying the income tax imposed by the laws of this State.

"In order, therefore, to save such persons who will now come forward and make the proper returns, I, Carlton W. Sawyer, under, and by virtue of power conferred upon the comptroller general, with the approval of the governor, in Section 767 of Volume 1, Code of Laws of South Carolina, 1912, do hereby extend the time for the making of returns and assessment of income taxes without penalty until the first day of July, A. D. 1915.

You will govern yourself accordingly.

CARLTON W. SAWYER,
Comptroller General.

Approved.
RICHARD I. MANNING,
Governor.

Claims Against the County.

All claims against the county must be filed with the clerk of the county commissioners on or by the 1st day of each month in order that said claims may receive attention at the next board meetings. Claims not so filed will be laid aside for thirty days.

J. Mack King,
Supervisor.

Cottonseed Flour as Food for Humans

From the results of tests conducted at the Texas agricultural experiment station it has apparently been found that flour made from cotton seed is a valuable food for general consumption. This is a new product which is being manufactured in the South and offered as an inexpensive substitute for meat. It is remarkably high in protein, which is the nutrient, or flesh-producing substance in meat, and is readily digested by the gastric juices. It is also said to be quite palatable and satisfying. From the June Popular Mechanics magazine.

Salts If Backache And Kidneys Hurt

Stop Eating Meat For a While If Your Bladder is Bothering You.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, can not injure and makes a delightful effervescent lithia water drink.

Whooping Cough.
"When my daughter had whooping cough she coughed so hard at one time that she had hemorrhage of the lungs. I was terribly alarmed about her condition. Seeing Chamberlain's Cough Remedy so highly recommended I got her a bottle and it relieved the cough at once. Before she had finished two bottles of this remedy she was entirely well." writes Mrs. S. F. Grimes, Brookville, Ohio. Obtainable everywhere.

Pioneer Twilight Sleep Babies Are Vigorous.

Mrs. C. Temple Emmet, great-granddaughter of the original John Jacob Astor and pioneer twilight sleep mother of America, said at her country home, overlooking Smithtown Harbor, Long Island, that the doctors' controversy now going on here over the treatment has not lessened her belief in it in the slightest degree.

So confident is she, from her own experience, that twilight sleep is the ideal state at childbirth that she is preparing to pass through the sleep for the fourth time.

The next time she takes the treatment, however, it will be in this country and not abroad. The family expect to pass the summer at Paul Smith's in the Adirondacks, N. Y.

The three twilight sleep members of the Emmet household are Jane Erin, seven; Winthrop, five, and William four. The birth of each took place at Freiburg, Germany, where the twilight sleep methods originated. The five older children were brought by the stork in the old-fashioned way.

Mrs. Emmet is the honorary president of the Twilight Sleep Association, which has a growing membership and which plans to found a Twilight Sleep Hospital.

The three twilight sleep Emmet youngsters are sturdy, rosy-checked, bright-eyed, children, who can run

almost as fast as a gallon of gasoline can make a machine go. They look well able to tackle any kind of real food without the aid of a diet guide.

Mrs. Emmet appeared almost incredulous that anybody could actually doubt the benefit of twilight sleep. She made it plain that the trouble, in her opinion, is one of men, methods and equipment.

"The trouble," said Mrs. Emmet, "is not with twilight sleep but with many doctors and their methods and equipment. They have not followed the Freiburg technique."

Inexpensive Garage Built of Tank Staves.

One solution of the private-garage problem for the motor car owner whose residence is temporary, or who desires an inexpensive, portable structure, which is also slightly, has been found by a Spokane man who has constructed a tank-shaped house out of tanned and grooved staves and iron hoops. The garage, which is described in the June Popular Mechanics magazine, is so built that it may be knocked down in less than an hour's time and reassembled by a workman in a slightly longer period.
