HELP YOUNG FARMERS TO START RAISING HOGS

FARMERS AND MERCHANTS BANK HAVE MADE GOOD PROPOSITION

TO LOAN MONEY

With Which to Purchase Hogs to Start With—Business is Profitable.

The Farmers and Merchants bank of this city are behind a new scheme and a good one to promote the raising of good hogs and cattle.

They propose to loan money to young farmers in the county who want it to buy a pair of hogs of good strain and in this way also help anyone in getting cattle of good stock. They propose to loan this money at a moderate rate of interest.

This proposition ought to be seized by numbers of young men in Anderson county. Both of these businesses need attention in this section. If properly looked after they will be self-sustaining in a short time and will make money for the man that makes the investment. Much money can be realized from both hogs and cattle and it has been said that the south is the future home of this business. If this be so, or whether it is not, there is money in the business and now the young man has an opportunity to get aid to start with.

In another column the Farmers and Merchants Bank is running the following notice:

"In order to encourage hog raising in Anderson county the Farmers and Merchants bank will be pleased to loan money to young farmer boys with which to buy a pair of hogs of good strain of blood and in this way enable you to make a beginning in hog raising. We will also be glad to aid you in getting cattle of good stock to raise from. We will also aid you as far as we can in finding and purchasing the hogs and cattle. We will lend you this money at a very moderate rate of interest.

The business if properly looked after will be self-sustaining in a little while and will then become a source of profit."

J. I. BROWNLEE, Cashier.

Personal

Calhoun Lomax, of Jacksonville, is visiting his parents, Mr. and Mrs. J. C. Lomax at Bellevue Hotel.

Mr. J. H. Anderson, court stenographer of the Greenville circuit, spent last night in Anderson.

CARD OF THANKS

We wish to thank our friends who were so kind during the illness and death of our dear daughter and sister, May Ho who goeth all things well, be their daily guide.

W. M. Watt and family.

CHICHESTER'S PILLS

TO ABOLISH OFFICE SCHOOL SUPERVISOR

VOTES FILED FROM 75 OUT OF 200 TRUSTEES IN ANDERSON COUNTY

VOTE 28 TO 47

Matter Will Likely Come Up Again at Meeting of Trustees Association.

Yesterday at a meeting of the county board of education the votes from the trustees over the county were taken in regard to the question of maintaining the office of rural school supervisor and after counting them it was found that 75 out of 200 filed their votes, 28 for continuing office and 47 for abolishing.

A vote was taken some time ago but not enough schools were represented and the county board decided to write each trustee a letter asking him to say "yes" or "no." This was done on the following letter was mailed to each of them:

Belton, S. C., May 18, 1915.

Dear Sir:

"As only a small per cent of the trustees of the county voted on the rural supervisor question at the last county meeting, the county board of education wish to get an expression of opinion from each trustee in the county on the question.

"Do you, as trustee, wish the office of supervisor of rural schools continued in Anderson county?"

"The pay for this work comes partly out of the county board fund and partly from the three mill tax.

"Please answer at once as we wish to settle the matter as early as possible.

J. B. WATKINS,

E. C. McCANTS,

"Please address your answer to J. B. Felton, Anderson, S. C., County Superintendent of Education."

The county board merely tabulated the votes and at the meeting of the county trustees association on the first Monday in July, the matter will very likely be brought up again.

TWO ANDERSON COUNTY MEN ELECTED OFFICERS

J. W. Washington of Belton and Frederick Strickland of This City.

News comes from Atlanta, Ga., that Mr. J. W. Washington of Belton has been elected president of the Interstate C. I. Superintendents association which was in convention in that city. Mr. Washington is well known in this city and is a prominent oil mill man of Belton.

The report also says that Mr. Frederick Strickland of this city was elected to the office of secretary and treasurer. This makes two prominent Anderson county men at the head of this association.

ABOLISH COUNTY SCHOOL

Hearing Before County Board Education Yesterday.

Yesterday a number of the trustees and patrons of the Cross Road school, Lebanon and Hopewell districts, appeared before the county board of education to argue the question of abolishing the Cross Roads school. The office of Supt. Felton was not large enough to accommodate the crowd and the meeting was adjourned to the court room.

After hearing the arguments on both sides, the board decided to do away with the Cross Roads school.

It seems that this point is exactly two and one-half miles from the other schools but the people around there wanted to keep the school and to make a district there. There has been much dissatisfaction on there for some time but it is thought that the matter now is settled.

Best Exercise in the World.

In the June Woman's Home Companion appears an article entitled, "The Man Who Wanted to Die." It is the story of a young man, twenty-four years old, who suffered from such physical and nervous depression that he could not accomplish anything. He was unable to find out what ailed him until he fell into the hands of a wonderful physician who discovered that he was suffering from auto-intoxication. The doctor put him on a diet and arranged his exercise and rules of living with the result that in time he got into good condition. On the subject of exercise the doctor advised as follows:

"Walking is the best exercise. Do some of it every day. Next to walking comes bowling. You can't throw a bowling ball without stooping clear to the floor, and every stoop stimulates the liver and exercises the intestines. Fifty per cent of the sickness in the world would be eliminated if everybody bowled. Walk or bowl every day. And at night lie flat on your back and raise your legs above your head, slowly, as many times as you can without fatigue. Then, anchoring our toes under a weight of some sort, raise and lower the body. These two exercises repeated fifteen or twenty times night and morning will do a lot for you. And you'll be surprised to find how quickly you develop endurance. Start with five times and increase each day or two until you reach twenty."

RESUME WORK DONE BY RURAL SUPERVISOR

MISS MAGGIE GARLINGTON ABLY FILLED OFFICE DURING TWO YEARS

TERM HAS EXPIRED

Nearly 75 School Improvement Associations Have Been Organized.

Yesterday Miss Maggie M. Garlington's second term as supervisor rural schools of Anderson county came to a close. For two years she has most ably filled this office and it is hoped that the work she has done and started will continue to show for the good the county and its schools as it has done since she has been in office.

During the two years Miss Garlington was supervisor she made approximately 250 visits to the various schools in the county, trying to help teachers in the work they were doing, giving to trustees in the classroom from the primary departments up. In this way she came in close contact with all of the teachers and greatly aided them in their work.

When Miss Garlington first took up her work here there were only about 25 members in the teachers club but aided largely by the assistance of her, the club now has a membership of about 150. These clubs are a great help to the teachers and monthly meetings are held. At these meetings the teachers exchange ideas and suggestions and in this way much good is accomplished.

Miss Garlington has also been responsible for the establishment of a number of the schools in the county and has greatly aided these that had libraries to add new books. Through her office she has also aided many schools in putting in new suitable desks, blackboards and other furniture. A large part of this was done through the rural school improvement associations which have been organized by Miss Garlington and of which the county now has nearly 75, as many that Anderson is the banner county in the State, having more than any other county. There were none of these organizations when Miss Garlington began her work and through them \$6,000 has been raised for school work, in some instances this money going toward the teachers' salaries.

Miss Garlington has also published a bulletin entitled, "Course of Study and Helps," for Anderson county schools, which she says if followed will be her greatest work here. This little book contains suggestions and helps for teaching from the primary department on up.

In short, Miss Garlington has ably filled the office the purpose of which is to build up schools and communities, to develop a higher standard among the people and to create a bond of sympathy between the teacher and parents, the importance of the latter being probably the most important for in doing this, the former will naturally follow.

PLANNING PICNIC FOR POOR IN ANDERSON

Salvation Army Arranging Day's Outing in North Anderson Park.

The Salvation Army of this city is planning to give a picnic on July 14th, at North Anderson park. This outing will be given for the poor mothers and children who seldom have a chance to enjoy a day of this kind and the army expects to have about 300 out on that day.

The Salvation Army here under Ensign Arthur Belcher, officer in charge, is now soliciting funds to aid them in this undertaking and assistance from anyone will be greatly appreciated. This is a worthy cause and the day will be one of enjoyment for the mothers and children.

The June Woman's Home Companion.

The June Woman's Home Companion is called "The Bride's Number" because it contains so many articles and stories relating to weddings, families, in which weddings are soon to take place, will find in these articles many and varied practical suggestions of great value and interest—always with a view to obtaining the most beautiful effects at the least expense. Some of these articles are: "In Their New Home," by Charles E. Jefferson; "My Wedding Morn," by a bridegroom; "The Bride's Own Page;" "The Bride's Cottage;" "Handicraft Gifts for the Bride;" "The June Bride and Her Attendants;" "Her Wedding Veil;" and "The Bridal Shower."

In the same issue the campaign for better moving pictures is continued—over one hundred films being recommended. Other articles deserving special mention are: "Mrs. Larry's Adventures in Thrift;" "The Man Who Wanted to Die;" and "Made-in-America Vacations."

Fiction is contributed by Sophie Kerr Underwood, Mary Heaton Verse, Anna McClure, Sholl, Temple Balloy, Mary Brecht Pulver and Caroline Klingensmith Gardner. The regular Fashion, Cooking, Young People, Better Babies and Household departments complete an issue unusually entertaining, beautiful and helpful.

Looking Them Up

Are you looking up the new styles before deciding on your Summer Suit? It's a good plan. There's a great variety of style-models this year---no use buying one that you won't like after you get it.

The Best Way

To make a selection is to go to a store like this that has all the new styles,—not only those that all the stores show, but the late ideas of swell custom tailors. We are in position to get such goods—and do get them. If you like your clothes to be a little different from the other fellows, you will appreciate some of our new things which we received this week.

Come In And Spend a Little Time Looking Around

Look as long as you like. We'll put our time against yours, and you won't be under the slightest obligation to buy, if you don't happen to see what you want.

Suits from \$10 to \$25 Thin Suits from \$5 to \$10

FOURTH REEL TO BE SELECTED

WORTH \$50.00 TO ME

My system was all run down. I was a nervous wreck. I had three doctors to tell me they could not do me any good. I had given up all hope. I bought a \$5.00 bottle of NANZETTA'S PRESCRIPTION, taking one dose of it, I decided it was not worth one cent. I took it back and understanding the GUARANTEE, I went home and started taking the medicine, and my health is improving so much, I would not take \$50.00 for the benefit I derived from one bottle and have bought more.
