LARGE CONGREGATION CHEERED McLENDON

LARGEST CROWD YET HEARD THIS WONDERFUL EVANGELIST.

INTEREST INCREASE

Sermon Last Night Was One of Mighty Truth Wonderfully Portrayed.

Probably for the first time in Anderson a preacher was cheered by his congregation when last night there were frequent handclaps of applause during Rev. McLendon's sermon.

His sermon was in part as follows:

"We seem to be living in a new era, a great political, moral, social and economical era. Whether we have been separated or combined in our advancement, I am not going to discuss in detail, but I think it behooves the church of God not to forget that we are facing a powerful hell and opposition of the devil as never before in the history of Christianity.

There has never been a time when the people were more self-satisfied, self-complacent, self-righteous, self-centered and self-sufficient than they are today. This is a day of ologies and chisms and isms. We have Universalism, Mormonism, Unitarianism and Spiritualism, and Metaphysics and Christian science and Hadisim and Theosophy and a pandemonium of doctrines cut loose to turn people away from God with just enough of religion to float their falacies.

Christian science is about three per cent mental science, three per cent Hindu philosophy, three per cent religion and the rest humbug. Then we have millenium dawnism or Fassellism. They do not seek to convert sinners to Jesus Christ, but to pervert saints from the truth. Then we have fiction and each writer has some hair brain fool fantastic idea of religion which they use to fight Jesus Christ.

Some of our fiction is abominable. Then we have immigration! I believe that is one of the things that is responsible for the falling away from God and the truth of religion. They have turned America into the backyards of Europe, and are using this country as the dumping ground for their paupers, criminals and Sabbath desecrators. They are coming here in swarms, droves, herds and covies, with their bag baggage, their leeks, garlic, onions and babies. They are turning the Sabbath of Almighty God into the continental Sunday. This a busy age; it is an age that has been commercialized, it is an age that men have been fed into the machines of industry that grind out dividends, it is a time when the bone and sinew and the life blood of human beings are capitalized. We are making our homes a lunch counter and a lodging house. David said: 'Morning, noon and night will I pray: How many of you are doing that? How many of you have family prayers. We have cut it out, we are too busy, and then again we have had about forty years of negative preaching. This old world needs Jesus Christ as much in the 20th century as it did in the 1st century and not the liberalizing tendencies of some ministers. We have a bunch now that serves out some nice little rose water, lavender scented, degospelized, review of fiction or tells of the wonders of science or spouts out something about some new discovery. What has that to do with keeping men out of hell? I tell you we should preach repentance that men should put their nose on the back tracks and clean up their past lives, and not only that, we should preach that they will be regenerated and transformed and resurrected by the power of God. And then the spirit of God will bear witness with their spirit that they are children of God. I'll tell you we need a new article in our creed. We should preach hell, eternal hell, everlasting hell just as it is recorded in the Scriptures and make no apologies for it. There is a lot of fools that think that success can only be gained by moral placidity instead of hurling God's anathemas into the ranks of the devil. I'll tell you people of Anderson that pure gospel is needed. We need to shout this thing until it circumnavigates this globe; we have got to get back to the old time truths, back to Jesus Christ, back to the Apostles, back to the spirit of our forefathers. Away with this devil concocted kid glove starch of today."

Proof That Advertising in The Intelligencer Pays

Last Friday the Anderson Cash Grocery Co. placed a small ad in The Intelligencer ONLY, announcing that they would sell two twenty-five-cent bottle of olives for thirty cents.

Yesterday Mr. Brown told an Intelligencer man that they sold over six hundred bottles of these olives Saturday.

They had bought seventeen cases of two dozen bottle each on Friday, and as they sold out Saturday, they immediately bought twenty-five more cases. From what Mr. Brown said yesterday, this last lot is going at a very rapid clip, and those who are fond of olives would do well to avail themselves of this great bargain offer while the offer is yet open.

To the merchant who thinks that advertising doesn't pay: Just put out a value anything like as good as these two bottles of olives which usually sell for twenty-five cents each at two for thirty cents, and though there are several wars on, and people saving to death in Mexico and several neighboring countries, you will get immediate results from your advertising.

WILL BUILD STORE ON NORTH MAIN STREET

CONTRACT LET FOR MODERN BUILDING AND WORK STARTS IN FEW DAYS.

WILL COST \$6,500

Will Be Occupied by People's Grocery Co. and Will Add Much to N. Main St.

A contract has been let by Messrs. Casey and Fant and J. B. and W. D. Simpson, architects, to Mr. Charles B. Pruitt for the construction of a store room on North Main street for Mr. J. H. Anderson.

The building will cost about \$6,500 and is to be erected on the south side of Main street next to the railroad cut. The frontage will be about 18 feet and the depth about 100 feet. It will be built on the order of the Ligon and Ledbetter building and will in reality be four stories.

The specifications call for a plate glass front with 12 feet plate glass down on the north side, which will be set in copper with marble base course, open doors and tile risom transoms. The outside walls are to be faced with rough text selected brick, the window sills, keys and all cornices to be of cream colored terra cotta.

The interior of the building will have metal ceilings, hardwood floors, and will be decorated and finished so that it will have the appearance of one of the brightest and most attractive stores in the city.

When completed the building will be occupied by the People's Grocery company, who will fit it up as one of the most up-to-date stores in the State.

The completion of this building will add greatly to the looks of North Main street and will be another great step toward closing up the old gap caused by the railroad cut. Material

will be placed within a few days and work will start at once.

S. C. BAPTIST ASSEMBLY.

To Be Held in Greenville July 9-16 Inclusive.

A copy of the program of the South Carolina Baptist Assembly and Bible Conference, which is to be held in Greenville July 9-16, inclusive, has been received in the city. The meeting will be held at Furman University and will doubtless be attended by many people from Anderson county.

This summer assembly and Bible conference is being undertaken by instruction given the department of Sunday school and B. Y. P. U. work of the State mission board, by the Baptist State convention at its session in Charleston last December. It is hoped that this conference will fill a long felt need.
