## MOB KILLS SHERIFF AND NEGRO PRISONER

### SHERIFF HOOD AND NEGRO SHOT WHILE ON WAY TO TRIAL

NEGRO WAS TO BE TRIED FOR AN ASSAULT ON WHITE WOMAN.

RELATIVES OF WOMAN LED MOB

Three Charged With Murder In Short Time After Shooting—Militia On Scene

Winnsboro, June 14.—Sheriff A. D. Hood, of Fairfield county, and Jule Smith, a negro facing trial charged with an assault on a white woman, were killed two persons probably fatally injured and six others hurt as the result of an attack upon the sheriff's party while escorting the negro to jail early today.

Clyde Isehnauer, a relative of the woman attacked Ernest Isehnauer, his brother, and William Morrison, a brother-in-law, were indicted by the grand jury this afternoon, charged with murder.

LATER—Clyde Isehnauer died at a Chester hospital late tonight.

Winnsboro, June 14.—Two persons were shot and killed here today and five officers wounded, one probably fatally, when a mob of about 100 men attempted to take a negro, charged with criminal assault, from the sheriff and his aides, who were taking him to the court house for trial.

The dead are: Sheriff A. D. Hood and Utes Smith, the negro prisoner. The alleged assault with which Smith is charged was committed in April. At the time the officials here, fearing violence, took the negro to Columbia and placed him in the state penitentiary there for safe keeping until time for trial here.

The sheriff and his deputies, had just reached the court house this morning with the prisoner, when a mob attempted to seize Smith. The officers warned the mob to desist, but his orders were disregarded. Some one fired at the negro. Shooting immediately became general and continued for about ten minutes in the street in front of the court house. The negro prisoner was among the first to fall.

With Governor Manning out of the State, Adjutant General Moore at Columbia was notified of the riot and immediately started here in an automobile with a supply of ammunition. It is said local troops were unable to aid in maintaining order because they had no cartridges for their rifles.

Columbia, June 14.—Sheriff A. D. Hood was desperately and probably fatally wounded and two or three of his deputies shot by a mob of men this morning which according to reports reaching Columbia which stopped the sheriff who was taking Utes Smith, a negro, to Winnsboro to be placed on trial this morning, for rape.

The negro is reported to have been lynched. Mayor Robinson, of Winnsboro. (CONTINUED ON PAGE SEVEN.)

### ADMIRAL FULLAM WARNED AGAINST ATTEMPTS TO INTIMIDATE WITNESSES

Annapolis, June 14.—A charge of tampering with the evidence of witnesses before the court of inquiry investigating irregularities in examination papers at the naval academy was made today against Admiral Fullam, superintendent, by Congressman Hay, counsel for the seven midshipmen defendants.

Mr. Hay said the evidence of the midshipmen that they had been taken to the superintendent's office and that either the superintendent or an aide told them that if they took a certain position in this case what would happen to them indicated tampering with the evidence of witnesses. As a result of Congressman Hay's statement, the president of the court wrote Admiral Fullam requesting that witnesses and possible defendants summoned through the superintendent's office be not instructed as to the probable status in which they would have been placed by virtue of any action they might take as witnesses or defendants.

### FRANK HEARING IS ADJOURNED TO WEDNESDAY

ARGUMENTS WILL BE CONCLUDED AND CASE LEFT IN HANDS OF SLATON.

### COUNSEL MAKE STRONG PLEAS

Ex-Congressman Howard Seeks to Place Blame For Murder on Jim Conley.

Atlanta, June 14.—Testimony for and against Leo Frank, which was presented at his trial on the charge of murdering Mary Phagan, and in subsequent court proceedings, was exhaustively reviewed before Governor Slaton today in the hearing of Frank's application for a commutation of his sentence. The hearing was adjourned until Wednesday. The argument will be completed then and the case submitted.

Solicitor Dorsey spoke for four hours and undertook to convince the governor of Frank's guilt on the testimony of other witnesses than Jim Conley, the negro.

Eliminating Conley's evidence, Dorsey sought to show incidents and circumstances surrounding the crime, brought out at the trial, which pointed to Frank as the perpetrator.

Former Congressman Howard, representing Frank, relied upon the record to show Frank's innocence. Howard attacked Conley's affidavits and testimony, and declared Conley's story a cunning invention to save his own life and place the crime on another.

### WAS ACCUSED OF BRUTAL ASSAULT

Alleged to Have Assaulted Daughter of Prominent Farmer—Was Escaped Convict.

Toccoa, Ga., June 14.—Sam Stephens, a Hall county negro was removed from the Stephens county jail here early today by an armed mob of about 100 men and hanged to a nearby tree and his body riddled with bullets.

The negro, who was serving a sentence for attempted assault in Hall county, escaped from the convict camp Friday night. He took refuge in the woods near here and late yesterday was alleged to have attacked a farmer's sixteen year old daughter while the remainder of the family were away from home.

Stephens captured last night at Madison, S. C., and brought here. His alleged victim is said to have identified him.

### NAT. CASH REGISTER OFFICIALS WIN CASE

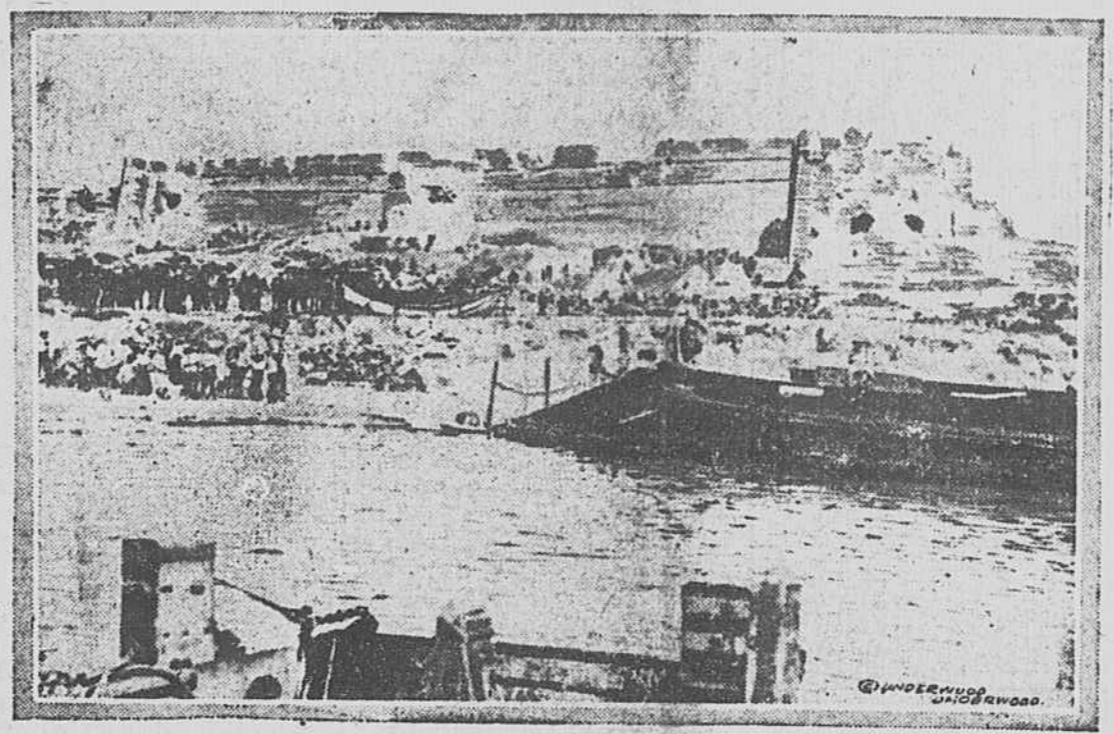

Supreme Court Refuses to Review Action of Court Which Dismissed Cases.

Washington, June 14.—The refusal of the supreme court to review the action of the court of appeals in reversing the conviction of the National Cash Register official or violations of the Sherman law is regarded as another defeat for the government. Its legal advisers considered this the most important prosecution ever instituted under the criminal section of the anti-trust law. The court assigned no reasons for its action.

### N. C. NEWSPAPER MEN HOLDING THIRTEENTH ANNUAL MEETING

Asheville, N. C., June 14.—The thirteenth annual meeting of the Southern Publishers' association began here today. Sessions will last through tomorrow. Circulation, advertising and the relation between the newspaper and the government, were prominent topics discussed today. About 100 publishers are in attendance today.

### WILSON LOOKS FOR PEACEFUL REPLY TO NOTE

IS VERY MUCH ENCOURAGED OVER REPORTS RECEIVED TO DATE

### OUTLOOK FOR PEACE BEST YET

Less Anxiety Is Felt Than Any Time Since Lusitania Was Sunk.

Washington, June 14.—President Wilson feels encouraged by the reports that pending negotiations between Germany and the United States will likely have a peaceful outcome.

Those who have discussed the situation with the president and other officials have found the belief prevalent that the chances for an amicable understanding with Germany are much better than they have been at any time since the Lusitania was sunk. It is understood that this feeling is based upon official and unofficial reports from Bemerlin. Senator Simmons, of North Carolina, after seeing the president and talking with other officials, said tonight he had found a general feeling of optimism.

### EMPEROR WILLIAM MAY DRAFT GERMANY'S REPLY

Berlin, via The Hague, June 14.—Germany is waiting to hear from the Kaiser.

It is accepted here that Emperor William himself will have much to do with the framing of the German reply. One report is that the Kaiser will return from the Galician battle front for a personal conference with Meyer Gerhardt, ambassador Bernstorff's special envoy, when Gerhardt arrived to explain the feeling at Washington.

Though there is not confirmation from official sources, the fact that the full text of the American rejoinder was rushed to the emperor at all possible speed is taken to mean that he intends to play an important part in the drafting of Germany's answer.

### ALLISON HEADS HIGHWAY ASSO.

Chattanooga Man Succeeds E. K. James as President Dixie Highway Association.

Chattanooga, June 14.—The Dixie Highway association directors today elected Judge M. M. Allison of Chattanooga, president of the association vice E. K. James, resigned. C. E. Gratton, of Rome, was elected chief engineer.

### TWO KILLED IN SHIP COLLISION

STEAM YACHT VANADDIS AND LINER BUNKERHILL MET IN FOG.

### BOTH VICTIMS WERE PASSENGERS

One Died After Being Rescued By Yacht's Crew—Crew Investigating.

New York, June 14.—C. K. G. Billings' steam yacht Vanadis, which collided last night on Long Island Sound with the Metropolitan liner Bunkerhill, reported at Glencove, Long Island, this morning with the body of John J. Brown, of Boston, aboard.

Brown, with the other victim, George H. Hendrik, of Boston, was brought to New York last night by the Bunkerhill after the accident. Brown, Kendrick and three injured were passengers on the Bunkerhill bound for Boston. The vessel struck in a thick fog. Brown was picked up from the water by the yacht's crew and died soon after. Kendrick was crushed to death while at dinner. Crewer at Glencove had started inquiry.

### ANTI-TRUST LAWS IMPORTANT FACTORS

Bureau of Corporations Finds Legislation Has Far Reaching Effect.

Washington, June 14.—Results of an extensive study of trust laws and unfair competition were submitted to President Wilson today in a report prepared by the old bureau of corporations for its informative value to congress in enacting legislation. Federal anti-trust laws, judicial decisions and their influences upon forms of business organization are discussed, as are the state laws and those of foreign countries.

The chief conclusions of the study are that the development of anti-trust legislation and consequent judicial decisions have been important factors in shaping forms of business organization and that interpretations of the Sherman law, especially the more recent decisions, have demonstrated its far reaching effect. Practically no twilight zone has been left, the report says, which can not be reached by state or federal law.

## AUSTRO-GERMANS REPORT CAPTURE OF MANY RUSSIANS

### NO VIOLENCE RESULTS FROM CHICAGO STRIKE

SYSTEMS ARE TIED UP WHEN 14,000 EMPLOYEES QUIT WORK.

### CHIEF WANTS 1,000 EXTRA POLICEMEN

Expects Trouble When Companies Make Effort to Operate With Strikebreakers.

Chicago, June 14.—The first day of Chicago's big street car strike passed without serious disorder. No surface cars were run, only a few elevated trains operated and there was nothing resembling the regular service except on steam railroads and suburban lines, which was inadequate.

A brick thrown through a elevated train window was the only violence. The quiet was not accepted by police authorities as assuring tranquility. The chief of police said he would ask extra policemen in the event of disorder when the companies make a real effort to operate.

Chicago, June 14.—Approximately a million and a half people here walked, motored or railroaded to work today. Fourteen thousand street car employees struck at midnight. Not a wheel turned on 1,300 miles of surface and elevated lines after 4 o'clock, when the last cars reached the barns. There has been no disorder.

Seven hundred policemen guarded the car barns, prevented crowds. The men cheered as they left the cars. Union leaders, street car officials and Mayor Thompson conferred all yesterday and vainly attempted arbitration. Strikers demanded guarantee of wage increase. Employers refused and said it would require nearly a million and a half dollars annually to meet demand. They announced they would not attempt to operate cars today.

Taxis, jitneys, buses and motor trucks did a thriving business. Roller skates and bicycles were used by thousands.

Arrangements to bring 5,000 strike breakers to operate and guard the cars were begun today.

### TAKE RUSSIAN POSITIONS ALONG FORTY-THREE MILE FRONT.

### RUSSIANS ADMIT SLIGHT ADVANCE

War Party Seems to Have Won Election in Greece—King Still Ill.

London, June 14.—Germany today claimed another decided success along the eastern line. In the region of Sclawa the German report said along forty-three miles the entire positions of the Russians were taken and sixteen thousand prisoners captured. The Russian official communication merely mentioned the locality of action, declaring that the Austro-Germans did not resume the offensive. Petrograd admits the Austro-Germans have again crossed Dniester.

In the west the French continue their battering tactics against the formidable German positions. Berlin claims the French suffered a severe defeat on the frontier north of Sochez.

Full returns from the Greek elections are unavailable.

Former Premier Venizelos seems to have triumphed. The Greek king's continued illness may prevent the war party victory from having any immediate results.

Great Britain which had braced itself for the announcement of the issue of another billion and a quarter dollars war budget did not hear it made in the house of commons today. The house adjourned without receiving the expected announcement.

London, June 14.—Although the French appear to be unrelenting in the offensive, which is resulting in slow progress on a portion of the western front in continental war, the situation in the eastern arena where the Austro-German forces are utilizing every available resource to deliver a crushing blow to the Russians remains of utmost importance. No confirmation has been received of the report that the Teutons have recaptured Zurawna, but further south they are across the Dniester river and are on Russian soil in Bessarabia.

General Activity in the East.

Not for months has there been such general activity in eastern theatre operations. Checked at center of the Galician line, Austro-German armies have developed an offensive at both wings at the same time and they starting another battle in Poland, north of Brzansyz.

There is confused fighting in the Baltic provinces, so it may be said the contenders once more at grips from the Baltic to the Rumanian frontier. The stand the Russians have been making recently in Galicia indicates to British observers that shortage of ammunition has been overcome. It was this shortage, according to belief, that enabled the Teutons last month to sweep across the country and take Przemysl in record time. Press dispatch from Petrograd says 20,000 men in the army of General Mackensen were killed as a result of an attack on Russian positions near Mocielaka, Galicia. Nothing is said as to the outcome of the struggle, but official announcement Berlin today says Mackensen occupied Russian positions along entire front from Cyryniawa to Sienawa.

Heavy fighting has been resumed on the Gallipoli peninsula. The Turkish war offices announces that attacks of French and British forces against the Turkish right wing were repulsed and that the allies were (Continued on page seven.)

### SECURITY LEAGUE URGES PREPARATION

Prominent Speakers Think U. S. Should Improve Army and Navy.

New York, June 14.—Better military and naval preparedness by the United States was urged here tonight by speakers of national prominence at a mass meeting auspices of the National Security league, which began a two days' peace and preparation conference. Twenty-five states are represented.

### VILLA URGES MEETING TO FORM PEACE PACT FOR GOVERNMENT OF MEXICO

Washington, June 14.—The United States was formally notified today by Gen. Villa, in behalf of the Mexican convention forces, that he had telegraphed Gen. Carranza urging a conference for the restoration of peace and the constitutional government of Mexico. This is the first tangible development resulting from President Wilson's warning to all Mexican factions that unless they soon reached an agreement among themselves other means would be employed by the United States to relieve the suffering population from further devastations of the military element. On Carranza's reply depends the next move in the situation.

The announcement that Villa had initiated a peace movement was received with satisfaction in official quarters.
