## WILLIAMSTON TO HAVE FARMERS CHAUTAUQUA

Extensive Preparations Under  
Way For Large Attendance  
July 28-30.

It is not going to be very long till the time for the farmers chautauqua will be here and you want to begin making preparations to attend. We want to be able to say at the close of this chautauqua that Williamston has held the largest and most valuable farmers meeting ever held in the United States.

We can, and we are going to, but you will have to help us make it so, for you are a part of this community and a part of South Carolina and this state can't do its best without your very best energies and soul being thrown heartily into it. We know you are going to begin work, in fact, we know you are already at work advertising by telling your neighbors and writing your friends about the Williamston Farmers Chautauqua. You are rounding up your work so you can return your farm loose for these three days and get your time and life and soul to the chautauqua for the entire three days. It is not simply going to be a dry-farming affair. It is going to be filled to the brim with live things and you are going to be the liveliest thing there.

We are going to have some of the best speakers in the nation to address us, one of the best bands in the South will furnish the music and your two colleges, Clemson and Winthrop, are going to supply the real school work. You come and put in two hours each for the three days in the meetings conducted by those two institutions and you will have received a real short course in agriculture.

Exhibits and Demonstrations. Furman Seed Co., Anderson, will have one of the best and most beautiful seed exhibits ever presented to the eye of the South Carolina farmer. Mr. Smith has said he was going to do it and when he says a thing it is just as sure as "d-d."

Hon. E. J. Watson, agriculture who gave such a splendid exhibit last year will have a brand new exhibit this year, which will be even larger and better than the one he gave us last.

There are going to be a number of farm implements people present with farm machinery of various descriptions and will not only have it there for you to look at but will give actual demonstration, so you may not only see but learn how to use improved machinery, in case you have not already learned.

Admission Free. Remember it is free. You will not have to pay one cent admission to any of the meetings, and any one of them will be well worth a dollar, therefore if you attend all the meetings during the three days you will have easily made \$18.00 worth of information that may be taken and applied to your farm which will grow into hundreds of dollars as the years go by.

We are looking for you July 28-29-30.

TOWNVILLE. Townville, June 18.—After a careful examination of the school records, Mr. Witt has been able to compile the following statistics in regard to the attendance of the various students at the townville high school during the past session. The unusually hard, rainy winter prevented better attendance.

In the first grade Masters Roy Boleman and Dan Kay had perfect attendance. In the other grades, Messrs. Thamer Galloway and Buster Price and Misses Bernice King, Inez and Willie Sue Boleman and Eliza and Darris Price were not absent during the session.

Absent only one day: Messrs James Price and Max Hunt and Misses Etta Whitfield and Lottie Bell Boleman. Misses Adella Gilea and Clara Dickson were absent twice.

The following were absent five times or less: Namely, Messrs. Raymond Gaines, Ben Dickson, Frank Giles, Claude Fant, Thompson Grubbs and Joe and Fred Kay and Misses Macie Gaines, Eunice Gant, Mae Shirley, Inez King and Matilda and Gertrude Whitfield.

These statistics were compiled from the day the student entered until the day the school closed. Mr. J. R. Fant has been commissioned as trustee to succeed the late Mr. J. Walter Dickson.

Deep Pit Torn in Earth by Gas Eruption. Quite a remarkable earth eruption occurred near Sinton, Texas, recently after gas had been struck at a depth of 2,200 feet, at a new well which was being sunk. When the stratum holding the gas was reached by the drill the casing that lined the bore was blown for a considerable distance in the air by the terrible force of the flow. For approximately three weeks the well remained uncapped and the gas shot out in great volumes. Then, without warning, a hole 75 feet in diameter and extending presumably to the bottom of the original well, was blown in the earth. Almost instantaneously this fissure was filled, with water in 100 feet of the surface, with boiling water. All the well-drilling machinery disappeared in the great pit.

### LESS MEAT IF BACK AND KIDNEYS HURT

Take a Glass of Salt to Flush  
Kidneys if Bladder  
Bothers You.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act normally. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

Lumpkin, and was being operated as a restaurant by Mr. J. A. Carroll. The fire was caused by an explosion from a gasoline stove, and the conflagration took place so quick that it was impossible to save any of the contents or fixtures.

## A Message For Every One Who Is Looking For a Home of Their Own.

I still have some fine tracts of land for sale in Anderson, Abbeville and Oconee counties.

I want to remind all who are in the market for the purchase of a farm this summer or next fall to keep me in mind. I have placed more men, young and old, on farms of their own than any other man in Anderson county.

I have the right price and can make terms to suit all purchasers. Whether you want to pay cash or on easy terms, see me before you buy and I can make it to your interest to buy from me.

I have these lands in tracts from 36 acres to 1,500 acres, therefore can get up any size tract you want.

When in town call at my office at 134 East Benson Street and let us talk over this matter with you. If you have been renting land quit that kind of business and own your own; or if you already own your farm and want more land or want to trade your farm, come in and see me.

Yours very truly,

**J. J. Fretwell**
