

Glad to Recommend Fruitola and Traxo

Mrs. Norfroth Says She Suffered With Gall-stones for Several Years Without Relief.

In a letter to the Pinus laboratories, Mrs. Rosa Norfroth, Monticello, Ill., says: "I can not praise Fruitola and Traxo too highly. I consider it saved my life. I suffered with gall-stones for several years and could not get any relief until your preparation was recommended to me. It has been six months since I took the last bottle and I feel that I am entirely well. Have anyone doubting the merit of your preparation write me, as I will be only too glad to recommend Fruitola and Traxo to anyone suffering from gall-stones."

MRS. ROSA NORFROTH.

Fruitola and Traxo are the names used to identify two preparations that are taken in combination. Fruitola acts on the intestinal organs as a powerful lubricant, softening congested masses and disintegrating the hardened particles that cause so much suffering, and expelling the accumulation with almost instant relief. Traxo is a splendid tonic, acting on the liver and stomach with most beneficial results and is recommended in connection with Fruitola to build up and restore the system that has become run down and weakened through the supering incident to the derangement of the digestive organs.

In the files of the Pinus laboratories at Monticello, Ill., are many letters gratefully acknowledging the satisfactory results following the use of Fruitola and Traxo. Arrangements have been made for the distribution of these excellent remedies by leading drug stores everywhere. In Anderson Fruitola and Traxo can be obtained at Evans' Pharmacy—three stores.

TO HOLD WILLIAMSTON FARMERS CHAUTAUQUA

BIG PREPARATIONS ARE BEING MADE FOR GRAND MEETING IN JULY

THREE BIG DAYS

Many Learned Men Will Advise Farmers—Expect Big Attendance.

A chautauqua is a meeting where those attending combine learning and pleasure. We have institutions that teach nothing but text book study all summer; it is hard, dry study and tedious work and becomes wearisome before the summer is over. We have others who seek places of amusement and th summer ends and nothing has been learned that will earn one dollar or equip the person for a better appreciation of life and its purposes. The chautauqua was designed to combine study and pleasure, a place where a person can go and obtain knowledge and at the same time enjoy the class, pure pleasure of life, and thus send him back home a better, stronger and happier person.

It is with this end in view that the farmers chautauqua was inaugurated at Williamston last year and these combinations was the thing that made it wanted again this year, and that is making the Williamston cope work so hard to make it the biggest and best farmers meeting ever held in the United States.

They are not going to neglect the real work of the farmers institute that so often has been held over the country, for those meetings were needed and have done a world of good, but they are going to combine these farmers meetings with music, games, laughs and intermingling that will put the mind in a receptive mood for the heavy farm lessons that will be studied.

There will be great speakers present to discuss in a learned way the great problems we farmers have been trying to solve for several years. These men have made studies along some particular line until they have become experts on that particular subject, hence are able to tell us more than we have ever had the opportunity to learn.

We are going to be given time to mix and mingle with friends and thus enjoy the social side of the meeting and while it is going along we are not going to forget that God rules over all and that it is His that gives success after all, and thus we are going to be lifted up nearer His ideas in our endeavor to prepare for a better and more appreciative life while here on earth by getting ourselves in condition to make our community better and near the real life.

It is going to be three days of mental and social feasting that you cannot afford to miss, so begin making your arrangements to come and stay during the entire time.

The Southern Railway is going to give reduced rates and every thing is going to be done that possibly can to make it pleasant for you while there. Get ready to come, bring all the children, for there is going to be plenty to keep them busy hence you will not be troubled very much with them while there, for a force of people are going to be present to keep their time and minds employed at useful and pleasant work.

Everything will be free.

Only a Few Can Go. Those who are so fortunate that expense does not have to be considered are now going to health resorts to get rid of the impurities in the system that cause rheumatism, backache, swollen, aching joints and stiff, painful muscles. If you are one of those who cannot go, yet feel that you need relief from such pain and misery, try Foley Kidney Pills. They restore the kidneys to healthful activity and make you feel well and strong. Evans Pharmacy.

YESTERDAY'S RESULTS. National League. At New York 3; Boston 0. At Philadelphia 2; Brooklyn 4. At Chicago 5; St. Louis 0. At Pittsburgh 3; Cincinnati 1; rain.

NOTED PHYSICIAN SAYS INSECTS WORST ENEMY TO TROPICAL COLONISTS

(CONTINUED FROM PAGE ONE) ficient area to accommodate in safety the first group of settlers shall have been drained and kerosened and supplied with good water, so as to be protected against malaria, typhoid, hook-worm and water and fly-borne diarrhoea and dysentery.

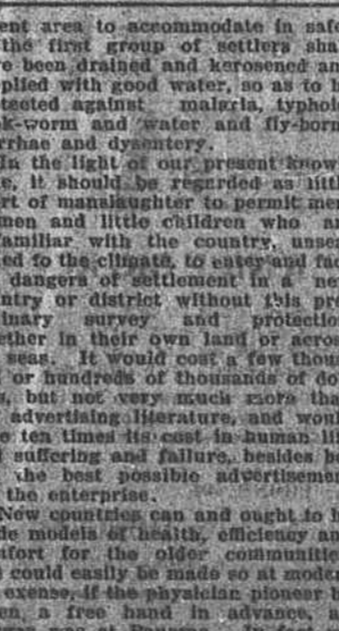

"In the light of our present knowledge, it should be regarded as little short of manslaughter to permit men, women and little children who are unfamiliar with the country, unaccustomed to the climate, to enter and face the dangers of settlement in a new country or district without this preliminary survey and protection, whether in their own land or across the seas. It would cost a few thousand or hundreds of thousands of dollars, but not very much more than the advertising literature, and would save ten times its cost in human life and suffering and failure, besides being the best possible advertisement for the enterprise.

"New countries can and ought to be made models of health, efficiency and comfort for the older communities, and could easily be made so at moderate expense, if the physician pioneer be given a free hand in advance, as Gorgas was at Panama. In fact we can pretty nearly assure success, if the soil be good and the water sufficient.

"It must be remembered in fairness that bad as insects are, they do not originate the diseases they spread, but only carry them from one infected human being to other healthy ones. Deprive them of their source of infection, and they become comparatively harmless. If the new country be uninhabited or sparsely settled, it is easy to cure or isolate such cases of malaria, yellow fever, typhoid, summer diarrhoea or other diseases carried by insects. Then after a few weeks or at the outside months waiting the infected insects will be all dead. Generally speaking, however, new settlers bring their diseases with them, and a most effective way of protecting a new settlement against hot malarial diseases, would be a thorough physical examination of all intending settlers and their families. A few weeks isolation or appropriate treatment with quinine, sulvaran, tannol, etc., would be sufficient in the vast majority of cases to clear up all risk. Such examinations would be worth twice their cost to the individuals examined alone, and in combination with a proper sanitary survey, turn new emigrants and new colonies into little health-havens."

Bilious Attacks. When you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This induces the stomach and causes nausea, vomiting and a terrible headache. Take Chamberlain's Tablets. They will cure you. Get your dose today. It will save you from a bilious attack.

Professor Dismissed From Pennsylvania.

Assistant Professor Scott Nearing. The trustees of Pennsylvania University have created a sensation by the removal of Assistant Professor Nearing of the Wharton School of Finance. This has been done because he preached doctrines of political economy not in harmony with the beliefs of those who control the institution. The professor had been warned some time ago that he would get into trouble with his writings, but he chose to go on. Now it is charged that the trustees who took this action were supporters of the regime of liceases who have attempted more or less experimentally to control Pennsylvania politics.

Restored to Good Health. "I was sick for four years with stomach trouble," writes Mrs. Olin Cass, Zanesville, Ohio. "I lost weight and felt so weak that I almost gave up hope of being cured. A friend told me about Chamberlain's Tablets, and since using two bottles of them I have been a well woman." Obtainable everywhere.

LEGAL NOTICES

ROAD TAX COLLECTORS. The collectors of road taxes in the various townships have tax receipts numbered and printed with the supervisor's name printed at the bottom thereof. Only receipts of this description are legal and delinquents are warned not to pay party without receiving this sort of a receipt. J. MACK KING, Supervisor, A. C. June 14th, 1915.

CASTORIA

For Infants and Children. Mothers Know That Genuine Castoria Always Bears the Signature of Dr. J. C. Williams. In Use For Over Thirty Years CASTORIA
