M'Lendon Meeting Closes on Sunday

UNLESS SOMETHING UNFORESEEN HAPPENS GREAT REVIVAL WILL END.

2,286 CONVERSIONS

At Both Services Yesterday 109 Professed Conversion, Running Total Number Up.

On account of the rain last evening about 7:30 the crowd which attended the M'Lendon services was not as large as usual but the tent was crowded and then numbers stood outside.

The subject of the sermon was, "He Went Away," and was one of the strongest appeals for men's souls since the evangelist began preaching here nearly four weeks ago. Mr. M'Lendon stated yesterday that unless something unforeseen happened the meeting would close on next Sunday night.

The interest is growing in the morning services and the largest crowd of any morning in the week was present yesterday morning. New faces are seen every day and the evangelist is very proud of the great interest that is being manifested.

Last night there were 79 professions of faith and with the 20 yesterday morning, this makes a total of 2,286 since the meeting began.

By request the sermon yesterday morning is given below:

The sermon yesterday morning was as follows:

"Now, are we the sons of God?"

The question of salvation is a present tense question with God. It is one eternal "now." Now are we the sons of God? The truth is that every one of us in his presence this morning are saved now or lost now. We are traveling to the city of God now or we are on the broad way to death now. We are children of God now, or we are the children of the devil now. We are confessors of God now or we are deniers of God now. We are either acceptors or rejectors, there is no neutral ground. No man can serve two masters. Brother you cannot serve God and Mammon.

I am going to talk to you this morning on some of the evidence of this divine son-ship. I may say right here that I have no sympathy whatever with this modern teaching, however popular in some quarters, that seeks to make it appear we are all the children of God. You know that during the world's congress of religion at the world's exposition at Chicago in 1893, when the Buddhists and Mohammedans and followers of Confucius, and every other fanatical cult on the globe met, that they coined some high sounding phrases, the Fatherhood of God and the Fatherhood of Man. They tried to make it appear that God is the father of us all and that we should be brethren but I don't believe a word of it. The word of God plainly teaches there are two families. Paul says, "By nature we are the children of wrath. Jesus said in talking to some people on a certain occasion, "You are of your father, the devil," and the Scriptures say, in John 1:12, that as many as receive him, to them give ye power to become sons of God. But you must receive him before you get into the family, and then in John's epistle, 1:10, we read in this, the children of God are manifest and the children of the devil.

Now one of the first requirements and the very first condition of this divine son-ship is that we come out from the worldly crowd. Read II Corinthians, 6-14, in order to come into this relationship, the relationship of sons and daughters, we must come out from the worldly bunch, and if you propose to stay with this gang you will go to hell. Jesus taught most emphatically, concerning the broad and the narrow way. In speaking of the narrow way, he said that it was the lonesome way, and few there be that find it. In speaking of the broad way he said, and many there be that go in thereto. Brother if you want to become one of the children of God you must bid adieu to the worldly crowd. You can't cling to your worldly comrades. You have got to come out from among them in spirit, you can't tuck with the old gang and go to heaven. Come out from among them and be ye separate, and then he says, "I will receive you, and will be a father unto you and ye shall be my sons and my daughters." Friends, we need a wider line of demarcation, a wider separation from the world. Now I want you to understand, I am not preaching come out from the church, but I am preaching, come out from the world.

Now how do we become sons of God? We join the family? Shake hands with the preacher, does that make us a member of the family? Not a word of it. There is only one natural way and that is the way of the new birth. Jesus Christ said, "Except a man be born from above, he cannot see the Kingdom of God." Now being born of God is not something that you do at all. It is something that is done for you. Nothing you will possibly do will save you, but what he does will save you. It is a work divinely wrought. Now where there is a birth, it suggests the thought of a new life. If you are born of God, there is a new life. Old things have passed away and behold, all things have become new. Old ideas, old choices, and old purposes and old affections will go out, and new ideas and new purposes, and new choices and new affections will come into your life. People, have you had an experience like that? Do you know of such a transition as that. Do you remember how you walked home that

Said Savannah River Caused Much Trouble

Hawkinsville, Ga., Party Reached Anderson After Being Delayed Several Hours.

Mr. and Mrs. J. K. Livingston and two little sons arrived in Anderson yesterday morning about 1 o'clock, having motored from their home at Hawkinsville, Ga., and being on their way to Greenville.

Mr. Livingston stated yesterday that on account of the heavy rains, which he ran into at Macon, Ga., he had considerable trouble in getting over the roads and thought for a time that he would not be able to cross the Savannah river for several days. He first tried to cross at Brown's ferry but was unable to do so and went to Knox's Bridge where after several hours he succeeded in getting across. After crossing the river he found that the bridge over a creek on this side had been swept away and they had to go several miles around over an old mountain road before they got started out on the right road and after having been pulled out of the mud twice.

The party left here yesterday morning in their Oldsmobile for Greenville where they will visit for several days.

ONLY ONE CASE WAS TRIED YESTERDAY

Judge Ordered Sealed Verdict—Southern Ry. Cases Scheduled This Morning.

The second week of civil court was convened yesterday morning at 12 o'clock. Court was called to order at 10 o'clock but was dismissed until the later hour when Judge T. S. Jesse arrived from Spartanburg.

Only one case was taken up yesterday and that was J. I. Case Threshing Machine company against Theo. P. Watson. Court adjourned yesterday afternoon at 5 o'clock and as the jury had not reached a verdict at that time a sealed verdict was ordered.

From the evidence in the case it seemed that Mr. Watson had purchased a press for packing straw from this company and that they were suing for the purchase price. His defence was that the machine had not worked as intended.

The two cases at the Southern railway, one against the Whitcomb Oil mill of Belton and the other against the Broadway Oil mill of Williams, will come up this morning, and will very likely be tried together.

evening and the stars shown with a new light and the very trees seemed to clap their hands with a new joy. Things you formerly despised, you now love, and things you formerly loved, you now despise. People I can't tell you how God comes into the heart and instantaneously re-creates and revolutionizes and transforms and turns you into a new creature, and does it so quickly that you want someone to come along and identify you. I'll tell you that beats whitewash a thousand times, but there are a lot of things I don't understand. I don't understand how the food that we eat, is transformed and makes issue blood, corpuscles, nerves, bones, and sinew. All I have got to do is to shovel in the grub and nature will attend to the rest. I don't understand the dewdrop, nor the perfume in the flower, nor the thrill in the canary's throat, but bless God, I know that God can save, and transform, and life you out of the realm of a vagabond, and place you into the realm of a gentleman, and I'll tell you, it is not only a divine act, and a transforming act, but it is an instantaneous act. It is not a long drawn-out process. We are not preaching evolution, that old bastard theory of Darwin's. We don't believe men even evolved into Christians. A man left to himself, "Deadbeat." Some one has well said that you may join a temperance society and become reformed. You may join some literary society and become informed. You may join some secret society and become uninformal, you may join society and become deformed, but if you join Jesus Christ you may become transformed. Become a new creature in Christ Jesus, and when this happens, there will be an experience come into the realm of your conscience. You will not have to guess at it, or get a certificate from the preacher to know whether you have it. You get a wireless message right from the throne of God that the work is done, and you know it.

Not long ago, and old Scotchman was asked if he was a Christian. He said, "No, I have no doubts." Now I'll tell you that kind wouldn't last a week around the corner. If it was possible for a fellow to have religion and not know it, it would be possible for him to lose it and never miss it.
