### SIDE DRESSING WILL PAY

This year of all years as you fertilized lightly this spring and the beavy rains have washed away and leached out lots of what you did use. Your cotton has taken on a rapid growth, is full of water and when the weather turns off dry, as it probably will, your cotton will shed like everything unless you supply it plentifully with plant food, "We have the very goods for side dressing, made especially for that purpose. It will do your cotton a world of good. For every dollar you pay out for it you will get back from \$3 to \$5. If cotton is cheap the more you make to the acre the better you are off. If cotton is high the more you make to the acre theb etter you are off. more you make to the acre the better you are off.

But get your side dressing in the ground just as soon as you possibly can. The business of this crop requireth haste.
