SEVERAL BUILDINGS TO BE BUILT AT IVA

MR. W. FRANK M'GEE WILL ERECT ANOTHER LARGE STORE ROOM

INSTALL GRIST MILL

He Will Also Have Latest Model Grist and Feed Mill Put in—Mr. Finley Also Building.

Mr. W. Frank McGee of Iva has let the contract for the erection of another fine store building adjoining his present place of business. The new building, which will be a combination store and ware room, will be approximately 28 feet by 100 feet and will be connected to the present store room by large arches, practically doubling his plant and allowing ample room for his increasing business which has outgrown his present large store.

The rear half of the new building will be used as a ware room to store heavy goods and reserve stock. The floor of the ware room will be wagon body high above grade, to make loading and unloading easy, the ware room being connected to the present store room by an incline for easy trucking. The front half of the new store will be fitted up in the most up to date manner, with tile floors and plate glass front, set in metal, with marble base below the glass and prismatic glass above the plate glass.

The front of the store room will be of pressed brick, the backs of the show windows will be glazed french doors and sides and overhead of show windows will be paneled with Beaver board.

Ample provision has been made for lighting and ventilation and everything that goes into the construction of the building will be of the best.

When finished the building will be one of the most modern and up to date in this section and will give Mr. McGee a magnificent plant for his large and growing business.

The plans for the building were made by Casey and Fant, architects of Anderson.

Mr. McGee has just had erected one large warehouse in the rear of his present store room, and he stated yesterday that in this building he would install a grist mill and a feed mill. These will be put in at an early date.

Mr. S. H. Finley is also erect a large buggy warehouse and display room at Iva. The fire there several months ago destroyed the building which was used for that purpose and the new building will stand on the same site.

SUNDAY SHOOTING AT LOWNESVILLE

Young White Man Killed by Negro—Unable to Learn Names of Either Party.

A young white man was shot and killed near Lowndesville Sunday afternoon by a negro. It was impossible yesterday to learn the names of either.

The report has it that the young man met the negro in the road and began teasing him, taking his knife away from him and finally throwing a rock at him. Then the negro drew his pistol and fired, the bullet taking effect in the young man's side.

It was stated yesterday morning that feeling was running high in Lowndesville and that if the negro had been caught he would have been severely dealt with. The shooting occurred near the Savannah river and the negro got across and made his escape.

If a young widow looks well in black she is apt to wear it for her next husband as well as for the late lamented.

A CONFESSION

Hopes Her Statement, Made Public, will Help Other Women.

Hines, Ala.—"I must confess," says Mrs. Eula Mae Reid, of this place, "that Cardui, the woman's tonic, has done me a great deal of good."

Before I commenced using Cardui, I would spit up everything I ate. I had a tired, sleepy feeling all the time, and was irregular. I could hardly drag around, and would have severe headaches continuously.

Since taking Cardui, I have entirely quit spitting up what I eat. Everything seems to digest all right, and I have gained 10 pounds in weight.

If you are a victim of any of the numerous ills so common to your sex, it is wrong to suffer.

For half a century, Cardui has been relieving just such ills, as is proven by the thousands of letters, similar to the above, which pour into our office, year by year.

Cardui is successful because it is composed of ingredients which act specifically on the womanly constitution, and helps build the weakened organs back to health and strength.

Cardui has helped others, and will help you, too. Get a bottle today. You won't regret it. Your druggist sells it.

CONTRACT CLOSED FOR SUPPLY FROM BED NEAR AUTUN.

TEST RUN TODAY

Will be Made of Asphalt Plant—Work on West Market Street is Going Right Ahead.

A contract has been placed by the Southern Paving company for the sand which is to be used in mixing the asphalt and it will be secured from the bed recently found near Autun. The supply will be shipped over the Blue Ridge railway and cars are now being loaded.

The company expects to finish the concrete work on West Market street some time this week and next will start on McDuffie street, as stated in the Intelligencer a few days ago. Everything is going fine on West Market street and there has been no trouble with the machinery or anything for the past several days. City Engineer Sanders stated yesterday that the city's inspector for the asphalt would arrive today. He comes to Anderson from Charlotte.

There will be a test run some time this morning of the asphalt plant. It is not known just yet when the plant will be put into operation but it will be within the next few days. Some of the concrete on West Market is about ready for the binder now and the other will be ready a few days after the base is finished.

THRIFT

If thrift does not come natural to you, cultivate it. Realize the fact that every man who has a dollar put aside is a capitalist.

We earnestly urge you to open an account with this bank for any sum. Either a Checking or a Savings account, in addition to being convenient encourages you not to use your money except in a wise way.

The prosperity you enjoy today does not guarantee you prosperity tomorrow. Changes in the business and industrial world may later deprive you of your present measure of prosperity.
