Followed Friend's Advice

After trying Fruitola and Traxo, Mrs. L. C. Clark, 840 Melba St., Dallas, Texas, wrote to the F. une laboratories as follows:

"I have been a sufferer from gall-stones, and Fruitola and Traxo was recommended and I am glad to say I took advantage of your most wonderful medicine, with wonderful results."

Fruitola and Traxo are two remedies that are used in combination. Fruitola acts on the intestinal organs as a powerful lubricant, softening the congested waste and breaking up the hardened particles so that easy elimination follows quickly.

The F. une laboratories have many letters on file testifying to the merit of Fruitola and Traxo; letters from people who have used the remedy and know how from actual experience what it has done for them.
