

Camel CIGARETTES

Don't tire your taste, don't bite your tongue, don't parch your throat!

Made of blended choice Turkish and choice Domestic tobaccos. Camels are preferred over either kind of tobacco smoked straight.

Smooth and delightfully mild, yet having abundance of "body," Camels stand the test when compared with any brand sold at any price!

Cost of choice tobaccos blended in Camels prohibits the use of coupons or premiums.

CAMELS sell 20 for 10c. If your dealer can't supply you, send 10c for one package or \$1.00 for a carton of ten packages (200 cigarettes), sent postage prepaid. If after smoking one package you are not delighted with CAMELS, return the other nine packages and we will refund your dollar and postage.

JAPAN IS MAKING SUPPLIES FOR ALLIES

Japs Have Even Stripped Guns From Own Forts and Shipped to Russia.

Tokio, Aug. 6.—(Associated Press Correspondence.)—Now that the danger of war with China is over all Japan and Korea is engaged in making supplies for Russia and her allies.

The war brought big financial losses to Japan but the gaps are being filled in part by the furnishing of guns, ammunition, and general necessities to the armies at the front—particularly the armies of Russia.

Officially, Japan has given increased practical expression to her friendship towards Russia by going to the limit of dismantling some of her fortifications on the north eastern coast of the empire. Big coast guns stripped from these fortifications have been shipped to Vladivostok and thence forwarded to Galicia to strengthen the big gun artillery of the armies of the Czar.

Americans who visit Japan are especially astonished at the almost limitless number of tiny shops in the big cities of this nation—miles upon miles of streets filled with them—all occupied in making something when they are not selling something. These shops are really the factories of the empire. It is here that cloth goods and innumerable articles needed to keep huge armies in supplies are turned out, handed over to commission merchants, assembled in great quantities and distributed to Russia, France and even England.

Korea, also, is making big quantities of boots and ammunition cases. Major Papowski and another Russian officer have just arrived at Seoul to take over the fourth consignment of orders near Seoul and consisting of 40,000 pairs of boots and 30,000 ammunition cases.

The Japan Celluloid company at Aboshi, near Kobe has abandoned temporarily the celluloid business for a more profitable business of making explosives. This company recently received an order from the Russian government for 440 tons of gun-cotton to be delivered before the end of the year.

Leather materials, belts, pouches and sacks are manufactured at Tokyo. A series of temporary sheds have been erected on vacant land near the houses of the Diet and are busy night and day.

The production of rifles in Japan is limited in capacity compared to other countries, and Japan is anxious to fill out her own reserve stock. The available number of rifles for the reserve strength of the Japanese armies is estimated at 500,000 and it is understood that the general staff of the army is desirous of increasing the number to one million.

Song of the Dixie Farmer.
Oh, the Dixie Highway,
Comin' my way,
Glorious glory be,
The pigs is squealin'
'S' if they're feelin'
Just as glad as me.

The Land of Cotton
Ain't forgotten,
Now jest watch things hum.
Prosperity
I now kin see—
So let the old Dame come.

Frum way up North
They'll soon set forth—
We'll welcome them in glee
Oh, the Dixie Highway,
Comin' my way,
Sure looks good to me.

Salts for Kidneys
Or Bladder Bother

Harmless to Flush Kidneys and
Neutralize Irritating
Acids.

Kidneys and bladder weakness result from uric acids, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad S. a certain amount of your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again. Jad S. is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad S. is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

PENDLETON SOCIAL

The Tuesday club met at the home of Mrs. McPhail, a lovely old place, with the greenest of lawns, and particularly fine trees.

Mrs. McPhail has the genuine old fashioned spirit of hospitality, and always makes her guests so heartily welcome, that it is a pleasure to be one of them. Miss Annie McPhail, who looked very charming, in a summery rose gown, and Miss Irene Smith, a dainty little maid of six or seven years, served most delicious ices, and cakes. Some of the new books were in "Heart of the Blue Ridge," by Haldon Bailey, is of decided interest. One of the "Fairy Homes" of the mountains play a part in this stirring tale of the Blue Ridge.

Mrs. Ralph Watkins had a most successful recital Friday evening. She is a gifted musician herself and has taught her pupils up to a high grade of perfection. Miss Lulu Evans and Miss Clement of Belton, played wonderfully well. Little Miss Adams, who is also from Belton, sang two songs very sweetly, "Always Me," and "You Had Better Be Good." The last was especially pretty and effective.

The club of which Miss Annie Lee Boggs is president, is to give a play in the near future, to aid in getting the seats for the school hall. "The New Trap," is well known, and very clever and amusing and will be well worth seeing.

Some time ago I said the school improvement association had received a great blow in the removal of the supervisor. The effect is even worse than I thought.

The apathy that surrounds people in small towns and rural communities is a sad fact. They take but a feeble interest in improvements of any kind, but stimulated by the energy and frequent visits of the supervisor, they were really waking up and taking an active interest in the associations. The withdrawal of that stimulus, has lessened the interest and rapped the vitality of the associations to that much harm has been done, and unless renewed energy and activity will come with the opening of the schools, and the help and encouragement of the teachers, the outlook is not cheerful.

In Prison by Accident.
"How do you happen to be in prison?"
"It is the result of an accident."
"You ran over some one with your auto?"
"No, ma'am, I fell over a chair and waked up the owner of the house."
Houston Post.

Postponing Old Age.
Overworked, weak or diseased kidneys will often make a man or woman feel old before middle age. Rheumatism, aches and pains in back, puffiness under eyes, stiff joints and sore muscles, biliousness, headache and various other symptoms give warning that the kidneys need help. Foley's Kidney Pills bring a sound, healthy condition and help the kidneys eliminate uric acid and other poisons from the system, which, when permitted to remain, cause dangerous disease. Sold everywhere.

They Had Cut Him Down.
One day, in the lively old time of cowboy activities, a timid tenderfoot at Bitter Creek asked tremblingly if that bad man, Bill Busher, was hanging around there yet?
"No," replied the native who was asked. "But he was here last week."
"Are you sure?" said the tenderfoot. "Positive. I had hold of the rope."
