Don't Overlook The Seybt Property

This tract of about 125 acres is for sale. It lies about a mile from town, and can be bought in tracts from 10 acres up, and there's money in it. The price now is \$125.00 to \$175.00, according to the land—and ten years from today you couldn't buy it at TWICE this price.

Prof. C. W. Riser bought fifteen acres last week, and is going to build out there on the new road that has recently been made through this property.

Let us show it to you.

NEGRO WOMAN IN JAIL CHARGED WITH ARSON

SET FIRE TO CABIN IN NORTH ANDERSON SAT-URDAY NIGHT

POISONED WATER

When Arrested She Owned Up to Whole Affair and Said She Was Jealous.

Katie Crump, a negress, was placed in the county jail Sunday afternoon by Deputies Sanders and Williams on a charge of arson. It being said that she set fire to a negro cabin in North Anderson.

The house was the property of the North Anderson Development company and was occupied by Lou Freeman, Lizzie Maroud and Mattie Maroud, negroes. The attempt to burn it down was made Saturday night about 11 o'clock, but Sheriff Ashley was not notified until Sunday afternoon.

After Sheriff Ashley had been notified by Mr. John Lindley, he had Deputies Sanders and Williams go to North Anderson and make an investigation. They went to the cabin and talked to the negroes who lived in it and asked them if there was anyone whom they could suspect of having set fire to their house. They stated that Katie Crump had been making some threats against Lou Freeman, she occupying one room in the cabin and the other two negro women the other. Learning that the Crump woman lived on McCully street the officers went to her home and took her to North Anderson.

Mr. Sanders stated yesterday that when he first began to inspect the premises around the house which the woman had attempted to set fire to he noticed a track made by someone wearing a rubber bottomed tennis shoe. When he took Katie Crump there he had her to place her foot in the track and it was an exact fit. Questioned closely the woman owned up to the whole affair. She said that she was jealous of Lou Freeman and that she intended to burn her up. She said that she took some kerosene with her and poured this on the side of the house. She then got together some chunks of wood and pine bark and placed it under the window in the room where the Freeman woman was. She then struck matches to the oil but it would not burn and she tried the kindling. After that she went off across the road and hid in the weeds to watch the house burn down.

However, her purpose was thwarted by a negro man who passing along saw the fire just as it was began to blaze up and he began yelling that the house was on fire. This aroused the occupants and in a short time they had put the blaze out. This is the story as told by the negro woman and she seemed to be proud of the fact.

The negroes also noticed that something was wrong with the well water which they were about to use Sunday and an investigation by the officers led to the belief that bluestone had been placed in the well. A bucket was drawn up and some of the blue substance preserved.

Since the charge of arson is more serious than that of attempt to poison, the negro woman will be tried on the former.

STREET FLUSHER IS BOUGHT BY CITY

WILL DO AWAY WITH OLD SWEEPRR AND DUST PANS

LATEST IMPROVED

And is Said to Be Greatest Money Saver Known in This Line—Arrives in Few Days.

The city of Anderson has just purchased an automatic street flusher to be used on the streets of the city, the machine having been bought from the Studebaker company, the lowest bidder, after competitive bids had been submitted by several different firms. The price paid was \$900 I. O. B. Anderson.

Sometime ago a special committee with power to act consisting of Aldermen King, Spearman and Carter, was appointed to look into this matter. Several bids were received and the competition was said to be great.

The street flusher is said to be the greatest money saver known to the street cleaning departments anywhere and the people of Anderson will feel justly proud when it is learned that this city is to have one. The one bought has a capacity of 800 gallons and is the very latest type of automatic flusher.

This machine will do away with the old street sweeper and the dust pans that have long been a nuisance. The water from the new flusher is forced out of the tank by air pressure and strikes the pavement so hard that it carries everything before it and leaves the street perfectly clean. It will be used on the streets around the square and on all of the paving when it is finished.

The flusher is expected to arrive in Anderson in about 10 days.

MANAGERS ELECTED FOR COMING ELECTION

PROHIBITION ISSUE TO BE VOTED ON TUESDAY, SEPT. 14.

QUALIFICATIONS

For Suffrage are Given—Boxes to Be Distributed at County Court House.

Yesterday Messrs. W. A. Hudgens, C. E. Tolly and J. C. Ragsdale, state and county election commissioners, appointed managers for the different precincts in the county for the prohibition election which is to be held on Tuesday, September 11. The names of these managers are published elsewhere in this paper this morning.

The qualifications for suffrage are as follows:

Residence in state for two years, in the county one year, in the polling precinct in which the elector offers to vote, four months before any election of any poll tax then due and payable. Provided, That ministers in charge of an organized church and teachers of public schools shall be entitled to vote after six months' residence in the state, otherwise qualified.

Payment of all taxes, including poll tax, assessed and collectible during the previous year. The production of a certificate or the receipt of the officer-authorized to collect such taxes shall be conclusive proof of the payment thereof.

Before the hour fixed for opening the polls managers and clerks must take and subscribe to the constitutional oath. The chairman of the board of managers can administer the oath to the other managers and to the clerk; a notary public must administer the oath to chairman. The managers elect their chairman and clerk.

Polls at each voting place must be opened at 7 o'clock a. m. and closed at 4 o'clock p. m.

The managers have the power to fill a vacancy; and if none of the managers attend, the citizens can appoint, from among the qualified voters, the managers, who, after being sworn, can conduct the election.

At the close of the election, the managers and clerk must proceed publicly to open the ballot boxes and count the ballots there in, and continue without adjournment until the same is completed, and make a statement of the result, and sign the same. Within three days thereafter, the chairman of the board, or some one designated by the board, must deliver to the commissioners of election the poll list, the boxes containing the ballots and written statements of the result of the election.

SECOND PAYMENT TO BE MADE TOMORROW

HAVING CONTRACTORS WILL RECEIVE \$27,546 BY CONTRACT WORK MATERIAL

is Involved in Sum—First Payment Was Made Aug. 1st—Approximately \$15,300.

Tomorrow the street paving commission will pay to the Southern Paving Construction company \$27,546.11, this being the amount due for the paving work and materials placed on the grounds during the month of August. According to the contract made with the paving company, monthly payments are made by the commission which cover 80 per cent of the contract price and 50 per cent of the cost of materials.

This payment will include the last payment for the paving on West Market street, this job having been inspected and accepted by the commission. Of the amount to be paid the contractors on Wednesday, August 11, is for Market street. The other payment for this street, made August 1st was for \$6,013.75, which makes Market street cost \$17,567.86.

The payment to be made on Wednesday by Treasurer D. A. Ledbetter is divided among the streets, as follows:

South Main street, among payment, for material	\$ 2,785.00
West Market street, second and last payment	10,954.11
Church street, first payment	1,412.00
Calhoun street first payment	2,364.00
South McDuffie street, second payment	7,176.00
North McDuffie street, second payment	2,855.00
The total	\$27,546.11

The only other payment made to the paving contractors was made on August 1st and was approximately \$15,300.

It's The Hit Dog That Howls

While we had our "suspicions" as soon as the series of display ads now running in the afternoon paper began to appear, we did not KNOW that they were "hitting at" us until their issue of the 23rd., in which they state:

"A publisher who gives premiums to boost circulation frankly admits that HIS PAPER IS NOT WORTH THE SUBSCRIPTION PRICE."

Our worthy contemporary, the "Daily Wail" has taken up twenty odd inches of space daily for the past several days in an effort to tell the good people of Anderson about the demerits of this paper, and the merits of their's; and in rebuttal we will quote again from their ad: "The Evening Paper is the Growing Paper" and state that this remark is in part true, but only in part. They should have completed the sentence, making it read:

"The Evening Paper is the Growing Paper—Growing more jealous daily of the success of the Premium campaign of The Intelligencer."

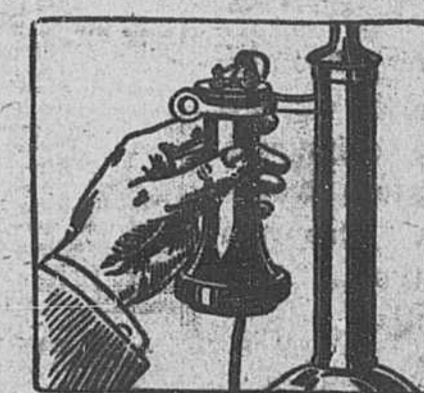

"Why?" You ask.

Because The Daily Intelligencer Has Added Over Three Hundred New Subscribers

—with the Spoon Premium, and when the "Daily Wail" finally tumbled to the fact, they wailed loud and long.

Good friends, this is the milk in the coconut. There's no need to look further for the reason for this "much ado about nothing."

Just Lift the Receiver off the Hook

THE Bell telephone is so simple that a child or servant or blind person can operate it as well as you can. Just lift the receiver off the hook and a trained operator responds instantly, prepared to render efficient service such as only human intelligence can produce.

In the dead of night you can use the Bell telephone, and even if a light is not convenient you have the assurance that the operator will respond when you lift the receiver from the hook.

Recently burglars who entered a Jacksonville, Fla., store accidentally knocked the Bell telephone receiver from the hook and the intelligent operator failing to get a response, called the police and notified the owner of the store.

Such human service as this makes the Bell telephone an indispensable business asset and an invaluable protection for the home.
