**MANY BRITISH ESCAPE
DUTCH DETENTION CAMPS**

Little Evidence of Desire to Hold
or Re-capture Escaping Of-
ficers and Men.

The Hague, Netherlands, Aug. 26.—(Associated Press Correspondence.)—The ancient fortress of Werlwickerschans where are interned the British officers of the Antwerp relief expedition which was forced by the Germans to retreat into Holland a year ago, occasionally loses some of its British guests, notwithstanding that the Dutch profess to guard the place thoroughly. The British officers, like many of those interned in other camps in Holland, refuse to pledge themselves against trying to escape to England to rejoin the fighting forces, and once outside the fortress these prisoners find the Dutch people disposed to make things easy for them. The guards at the camp are under orders to shoot any escaping prisoner, and it is true that they do shoot at them, but there is often something mysteriously poor about their aim. In fact, it were not for the constant arrival of shipwrecked aviators, the quota of prisoners at Werlwickerschans would not be long sustained.

Colored Man Explains Why the Game
of Seven-Up Had Such Disastrous
Consequences.

From a genial game of seven-up with Buck, Luke had been hailed to answer to a charge of assault and battery. Exhibit 1, being Buck's nose, seemed evidence enough to prove that mayhem had taken place after the last hand. But when the verdict was pronounced, the prisoner's aggrieved air seemed to indicate an opinion that his lawyer had not done all that would have been done in his interest. This impression was confirmed when the judge asked him if he had aught to say in his own defense, and Luke stood up.

MCCORMICK VERTICAL LIFT MOWER

The McCormick vertical lift mower has all the good features of the regular McCormick mowers, and, in addition, it is so made that the cutter bar can be raised to a vertical position and lowered without stopping the team. This makes the McCormick vertical lift mower one that is meeting great demand for cutting on rough and stumpy ground. It permits the driver to cut close to the tree, stump, or rock, and save all the hay without loss of time or inconvenience. The cutter bar also can be raised high enough to pass over stones and stumps by means of a very convenient foot lift.

THRIFT

If thrift does not come natural to you, cultivate it. Realize the fact that every man who has a dollar put aside is a capitalist.

We earnestly urge you to open an account with this bank for any sum. Either a Checking or a Savings account, in addition to being convenient encourages you not to use your money except in a wise way.

The prosperity you enjoy today does not guarantee you prosperity tomorrow. Changes in the business and industrial world may later on deprive you of your present measure of prosperity.

TREES THAT WILL BE MISSED

Many Needed for Medicine Have Been
Cut Down and Are Not Being
Replanted.

The woodman's ax has been clearing our forests so rapidly as to work great injury to the farming interests of the country and to the wealth of the nation. The trees so necessary to the retention of moisture for the soil and a supply for the rivers have been ruthlessly cut down. The trees from which medicine are derived are rapidly disappearing with the rest. The wild cherry, beside having the ax as an enemy, of insect cut down by the tiny terebra, has its bark contains hydrocyanic acid, and is a popular tonic. The witch-hazel, known as a remedy by the Indians, is being destroyed. The bark of the slippery elm tree is wonderful healing to wounds and inflammations. The bitters as a mild cathartic, the white oak as an astringent, the white pine and spruce for the respiratory organs, the tamarack, the white willow and the birch as tonics, and the other trees with health-giving properties are rapidly fading away.—The Christian Herald.

HABIT WILL GROW UPON YOU

Conquer the habit of worrying if you want to be happy in this world. Worry will grow upon you, becoming a little worse day after day until it holds you in such an unrelenting grip that you are a veritable slave to its dictates. Shake off fear, fill your mind with happy thoughts, look into the future unafraid, and be thankful for the blessings of the present.

No matter how bad your condition you can always find something to be thankful for. If you are poor you may have health, a blessing many of the rich would be willing to pay for dearly. If you are ill you may at least be happy in the tender ministrations of friends and relatives around you. Look at any condition for the good, there is in it look for the best, do your best, and you will have no cause to worry.

**FRANK'S PHOTOGRAPH
CAUSES NEAR RIOT**

Columbus, Ga., Aug. 30.—There was a hearing of six cases in police court this morning growing out of disturbances Saturday night, which are reported to have started through the exhibition of a photograph of the body of Leo M. Frank hanging from a tree.

No mention is made of the photographs in the testimony. B. H. Howell, charged with exciting violence is held for the grand jury. James Lee and Joseph Sokolow who fought, it was said, because Lee showed a Frank picture in Sokolow's store, were fined fifteen dollars each. John Tomlin was fined ten dollars, James Day and John Long were released. They were charged with disorderly conduct. Howell gave \$200 bond.

TO BE HAPPY IN ONE'S WORK

"The principal of the New school believes that appropriate activity constitutes the highest form of human pleasure. He discourages the 'keeping in' of dilatory pupils, for the reason that such a policy tends to establish a mistaken attitude toward work. Ruskin says 'that God intended every man to be happy in his work,' and he would likely apply that sentiment with even greater emphasis to the child. If we accept this for our creed, we must agree that a far more fitting and effective form of 'punishment' is to deny the child the privilege of being active."—Exchange.

BIRDS SING WITH CHILDREN

At a rural infant school, Southampton, England, a pair of robins have built their nest in the beams two years in succession. The old birds went to and fro through the windows to feed the five young ones, who, when they were old enough, would perch on the children's shoulders. The male bird invariably joined in the children's school songs, concluding his singing when the piano stopped. A whole aviary of canaries has been kept for years at Sunninghill infant school, and these birds sing when the children are singing, and are silent during the other lessons.
