KNAPP STRESSES NEED OF DIVERSIFICATION

Expert Says This Plan is the Only Hope for Southern Farmers.

Atlanta, Sept. 7.—Crop diversification is emphasized as the hope of the agricultural future for Georgia and the southern states in a notable interview by Bradford Knapp, of the United States department of agriculture, made public today in "The Keystone," a magazine published in the interest of southern prosperity by the Southern States Life Insurance company.

"I believe that we are at the forks of the road," says Mr. Knapp, "that no wof all times is the time for us to have a vision of the future. On the one side is an uneconomic system, poor markets, precarious credit and bad agriculture. On the other sound economics, good markets, safety and security of return, healthy business conditions and successful and prosperous agriculture."

He is especially anxious to see the bankers and credit merchants of the south support the crop diversification movement, and on this point says: "If the bankers and credit merchants still fail to lend their constructive backing to the establishment of self-supporting agriculture, and are still going to make their loans and finance the agriculture of the south as a one crop agriculture, then we are going to have a one crop agriculture until such time as human nature breaks and we have a revolution which will overthrow the present system."

The same issue of "The Keystone" contains interesting articles by United States Senator Hoke Smith, by Dr. Oscar Dowling, Bishop Warren A. Candler, Oscar Underwood, Robert F. Maddox.

There is a signed statement by Asa G. Candler, in which he says of the Southern Life, "None of Atlanta's institutions has done more to impress upon the public at large the solidarity of Atlanta's prominent industrial concerns."

Chicago, Sept. 7.—Mrs. J. Orden Armour, wife of the millionaire packer, today related experiences last night with two masked and armed robbers who looted the Armour residence on Michigan avenue of jewelry valued at seven thousand five hundred dollars.

TAKE SALTS FOR THE KIDNEYS IF YOUR BACK HURTS

We Should Drink Lots of Water and Eat Less Meat, Says Noted Authority on Kidney Disorders

Recommends a Spoonful of Jad Salts In Glass of Water Before Breakfast to Stimulate Kidneys and Eliminate the Uric Acid

Uric acid in meat excites the kidneys, they become overworked, get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy, the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before

breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure, makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.
