WILL OCCUPY STORE ROOM ON N. MAIN ST.

PETROLEUM OIL COMPANY'S WILL PROBABLY BE MOVED

DEAL NOT CLOSED

But it is Thought That Mr. Gambrell and Mr. J. H. Anderson Will Close the Matter.

"You may state that I will rent the store room provided the terms are satisfactory to both myself and Mr. Anderson," stated Mr. Chas. A. Gambrell of the Petroleum Oil company yesterday afternoon when asked about the rumor that he was going to lease the store room which is now under course of construction on the south side of the Blue Ridge railway.

"If I do," continued Mr. Gambrell, "the office of the Petroleum Oil company will be moved over there and placed on the first floor. The basement will be used for a storage room in which will be kept oil and greases. Since the ordinance of city council prohibiting gasoline stations in the heart of the business district has been repealed, I can now have a filling station there and one will be installed."

Mr. J. H. Anderson, who is having the store room built, stated that he did not have anything to say in regard to the matter except that he and Mr. Gambrell had been conferring about the renting of the store room.

Mr. Anderson and Mr. Gambrell will very likely get together on the matter this morning and close the deal.

It will be remembered that it was thought for a time that the store room in question would be occupied by the People's Grocery company, but they have abandoned this idea, it seems.

REV. G. C. HUTCHINSON DEAD

Pastor of Hampstead Square Church Passes Away.

Charleston, Sept. 7.—The Rev. G. C. Hutchinson, pastor of the Hampstead Square Methodist church, died yesterday afternoon at the Baker Sanatorium, from typhoid fever. He had been ill less than two weeks. The funeral services will be held this afternoon at the Hampstead Square church at 3:30 o'clock. The Rev. D. M. McLeod of Trinity, the Rev. S. B. Harper of Bethel, and the Rev. Burt Powell of the Spring Street church will officiate.

Mr. Hutchinson was a native of Huntington, W. Va., and a member of the West Virginia Conference before he was transferred to the South Carolina conference. He had served in a number of churches in South Carolina, having come to Charleston from the Methodist church at Johnston. He took charge of the Hampstead Square church, December 2, 1914.

Following the funeral services at his late church this afternoon, his body will be shipped to Salt Rock, W. Va., for burial. He is survived by a widow and three children. Arrangements have been made by J. Henry Stuhler.

Robbers at Jonesboro, Tenn. Nashville, Sept. 7.—A Johnson City special says that the postoffice at Jonesboro was entered by robbers this morning. The safe was blown open and \$1,800 in stamps and \$200 in cash stolen. Officers think the work was done by experts.

U-27 Believed Lost. Berlin, Sept. 7.—The admiralty announced today that the German submarine U-27 sank a small British cruiser several weeks ago. The submarine has not reported since August 10 and is believed to be lost.

SAYS PART OF RESERVE BANK ACT IS ILLEGAL

(CONTINUED FROM PAGE ONE.)

were necessary to the administration of government affairs, or an essential part of national banking business. He added that it was not a banking business, and as a result of all this the action of congress could not be sustained by the theory of implied powers.

Furthermore, he said, a search of the constitution failed to show anything which gave congress the authority to confer on national banks, or any other corporation the rights of trust companies.

Mr. Campbell said, conceding that congress did have the authority to grant trust company rights to national banks, all constitutional law was to the effect that congress could not delegate this authority to the reserve board.

Regarding the question of whether a legislature might relinquish the state's control over trust companies to the federal reserve board, he said: "It is inconceivable that the people of any state, if they understand the situation, will consent that officials not selected by the state, or responsible to it, shall define and regulate trusts to the exclusion of state officials."

NEW SCHEDULE FOR RIVER STREET CARS

WILL LEAVE STOPPING PLACE ON QUARTER IN FUTURE

NO OTHER CHANGES

Passengers Will Go to River St. On South Main Car, Then Transfer to Other.

Mr. Tom Hill, superintendent of the street railways, yesterday announced that a new schedule would be effective on River street this morning, owing to the fact that the work of putting down the track paving on that section is getting well under way. The schedule of the River street is now arranged so that they will leave going down toward Beuna Vista park on the quarter of the hour instead of the hour and the half as heretofore. For example, cars will leave at, say 8:15 and 8:45 instead of 8:00 and 8:30 as has been the schedule.

Passengers will leave the square on the Gluck mill car and go as far as River street. They will be given transfers down River street and will walk to the car which is at present stopping near St. John's Methodist church.

The construction work is getting well under way on River street and is being pushed forward very rapidly.

TO WORK GOLD MINE IN CHEROKEE VALLEY

Modern Mining Machinery Ordered for Mines Near Walhalla.

Walhalla, Sept. 6.—The revival services that have been in progress during the past week are being continued this week in the Walhalla Baptist church. The pastor, Rev. T. L. Smith, is being assisted by Rev. Thos. V. McCaul, of Clemson College. The citizens of the entire town are showing a great deal of interest in these services. The attendance, especially in the evening service, is unusually large. Mr. McCaul is a very strong and forceful preacher, and the town is indeed fortunate in securing his services.

The Walhalla graded schools opened this morning with the largest attendance for the first day in the history of the institution. Quite a number of out of town pupils were enrolled.

It is understood that the machinery for operating a gold mine in Cherokee Valley, twelve miles north of Walhalla, has been ordered, and is expected to arrive this week. For some time two experienced engineers have been prospecting in this locality, and have decided to operate a mine. It has been known for years that there was gold in this valley, and many years ago a number of mines were worked with profit. It is the general belief locally that the present operation will be successful.

The Walhalla hotel has reopened under new management. Mr. W. M. Fennell, who has for some time operated the Hotel Terrace now has charge of the Walhalla hotel. Mr. J. M. Sifton has assumed control of the Hotel Terrace.

Mr. C. W. Pitchford, who has been in New York for the past week, buying goods, is expected to return home tomorrow.

HERO TO BE HONORED WITH AN ODD STATUE

Copenhagen, Sept. 7.—The next popular hero in Germany to be honored with a wooden statue, converted later into metal by gold, silver, and iron nails contributed by admirals, will be Captain Otto Weddigen who commanded the famous submarine, U-9. Captain Weddigen lost his life in command of the U-29.

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold is dead or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache, no hawking, snuffing, mucous discharges or dizziness, no struggling for breath at night.

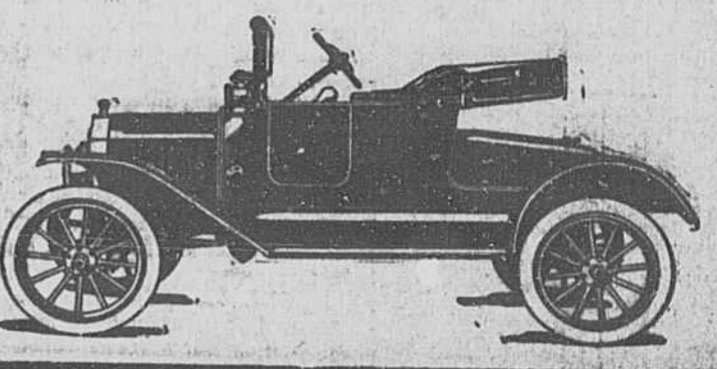

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and catarrh sufferer needs. Don't stay stuffed-up and miserable. It is just what every cold and relief comes instantly.

Operation Not Needed

Mrs. W. A. Barnes, who lives in Ballard, Calif., has sent to the Pinus laboratories a very strong endorsement of Fruitala and Traxo. In her letter, Mrs. Barnes says: "Doctors say gall-stones cannot be cured without an operation, costing much money as well as unnecessary suffering. I am cured, I know, and this is proof positive, and my friends know that such is the case."

Fruitala is a powerful lubricant for the intestinal organs, softening the hardened particles that cause so much suffering and expelling the congested waste in an easy, natural manner. A single dose is usually sufficient to clearly indicate its efficacy. Traxo is a splendid tonic alterative that acts on the liver and kidneys, stimulates the flow of gastric juices to aid digestion, and removes bile from the general circulation. Traxo should be taken three or four times a day following a dose of Fruitala to strengthen and restore the weakened, run-down system.

For the convenience of the public, arrangements have been made to supply Fruitala and Traxo through leading drug stores. In Anderson they can be obtained at Evans' Pharmacy, three stores.

Public Charges Are Not Beneficiaries Of Life Insurance

A census was taken about a year ago of the inmates of almshouses, of prisons, of asylums for the care of the helpless, in an Eastern State. It was found that but three of the occupants of these institutions, who numbered altogether over fifteen hundred, had been beneficiaries of life insurance.

It was somebody's neglect that forced the public to pay higher taxes in order to take care of nearly all of these people.

Life insurance limits the needs of poorhouses, prisons, old folks' homes. Life insurance, therefore, reduces the needs of the State in maintaining institutions for the care of the needy.

The man who has sufficient insurance to take care of his own future if he reaches old age, and of his dependents, should anything happen to him, is doing his duty, not only to his family, but to the State.
