### NEW HABERDASHERY WILL BE ESTABLISHED

MESSRS. SMITH, GARRETT AND BARTON ARE PROPRIETORS

#### WILL OPEN OCT. 1ST

Have Rented Store Room in Ligon & Ledbetter Building—Up-to-Date Gents Furnishing.

Smith, Garret and Barton is to be the name of a new haberdashery establishment which is to be opened on North Main street by Messrs. Thos. Smith, J. C. Garrett and Allie G. Barton. This announcement was made yesterday and these gentlemen stated that the store would be open for business on October 1. They will occupy the store room in the Ligon and Ledbetter building between the one formerly occupied by the Spot Cash Grocery company but which in the future be occupied by Raser's tonsorial parlors, and the Western Union Telegraph office. The location is considered one of the best in the city and certainly the store room is a modern one.

Mr. Smith was connected for several years with the firm of B. O. Evans and company where he made for himself an enviable record as a clothing salesman. Mr. Garrett was also with B. O. Evans & Co., for awhile but more recently was with Thompson's Shoe store. Since September 1 Messrs. Smith and Garrett have been running the Anderson Tailoring company on West Brinson street, where they will continue in business until October 1. Mr. Garrett is a salesman of ability and is widely known. Mr. Barton, better known as "Buck," was for several months connected with Marchbanks & Babbes, jewelers, and is one of the most popular young business men of the city. These gentlemen, in connection with the haberdashery establishment will take orders for tailor made gents clothing and will run a pressing club. They state that they will handle the most exclusive and up-to-date lines of hats, shirts, collars, ties and gents furnishings and that they will keep the right-to-the-minute styles. They will adopt as their slogan, "Where Quality Reigns," and state that they will follow it out in every respect. Their business will be run on a strictly cash basis.

Messrs. Smith, Garrett and Barton are to be congratulated on their undertaking and since all three are widely known and connected, doubtless they will build up a large and flourishing business.

### BELTON MAN ALMOST KILLED YESTERDAY

**1,500 VOLTS ELECTRICITY PASSED THROUGH HIS BODY**

#### IS RECOVERING

Mr. Hill, Foreman for the Western Union Telegraph Co.—Was Changing Wires.

Mr. A. D. Hill, foreman of the Western Union Telegraph company at Belton, came near being electrocuted yesterday morning shortly after 11 o'clock while at the top of a pole re-arranging some wires. He was working near the place where the Piedmont & Northern crosses the track of the Southern and had cut a trolley wire in two. He was grasping one end in his hand when the wire in some way came in contact with the trolley wire of the P. & N., 1,500 volts passing through the man's body.

For a time it was thought that Mr. Hill would not survive the shock, but Drs. Weathersbee and Bowen were called and after working for nearly two hours consciousness was restored.

Mr. Hill's home was in High Point, N. C., and he had been in Belton only about a week. He is about 45 years of age. Last evening he was reported as very much improved.

### THE EPWORTH LEAGUE

Address Made by Rev. J. W. Speake Was Very Interesting.

The meeting of the Epworth league last evening was one of special interest. The meeting was addressed by Rev. Mr. Speake of the Methodist church. He made a very impressive talk on the need of a more careful consideration of the deeper and more essential things of life instead of the usual shallow line of things which appeal to the average young person. Each point touched on Mr. Speake was one of vital interest to all young people in their every day life.

**Shooting at Iva.**

Visitors in Anderson yesterday from Iva reported that a negro preacher named Fowler was shot Saturday night. It seems that he heard a noise about the barn and went out to investigate. He received two loads of shot in one of his legs. It is stated that his son is suspected of the deed and yesterday he was tried in magistrate's court for carrying concealed weapons. He was sent to the county chain gang and later will be tried on the latter charge.

### REMODELING FRONT OF P. & N. STATION

#### TICKET OFFICE WILL BE MOVED TO CRAYTON'S DRUG STORE

**WILL COST \$25,000**

And Work Will Be Completed About November 1—Mr. C. W. Crosby Visitor Yesterday.

Work of remodeling the front of the store room occupied by the Piedmont & Northern passenger station was started yesterday afternoon. The work is being done by the day and Mr. H. D. Master is superintendent. The work to be done will cost approximately \$25,000 and will be completed about November 1.

Besides putting in a new front, the ceiling of the room will be raised, new floors put down, a new roof put on, the walls replastered and the general appearance improved. The front will have two doors when completed, one for the entrance and exit of white people and the other for colored people.

Mr. C. W. Crosby of Greenville was in the city yesterday making arrangements about the removal of the ticket office of the P. & N. while this work is going on. He stated that it would be moved to Crayton's drug store across the street, the change very probably being made this morning. Later when the car track on North Main street is torn up for the paving the office will very likely be moved to the freight depot.

### PEOPLE WILL VOTE ON IMPORTANT QUESTION

#### PROHIBITION REFERENDUM WILL BE DECIDED BY THE ELECTORATE

#### EXPECT LIGHT VOTE

If Referendum Carries State Will Be Dry After December 1—Interest Has Been Increased.

Today the special election on the prohibition referendum will be held. Managers have been appointed and polling precincts designated by the commissioners of state and county elections for Anderson county. Should the qualified voters of South Carolina declare for prohibition, the county dispensaries will be wiped out and the whole state will be "dry" under the law after December 31.

The polls will be opened at 7 a. m. and closed at 4 p. m. It is expected that it will be known quite early tomorrow evening how Anderson has voted on the question.

In order to cast their ballots, voters are required to show their county registration certificates and their poll tax receipts. The poll tax must have been paid a specified time previous to the date of the election.

Up until the past few days there has not been so much interest shown in the election but lately interest has increased greatly and the city of Anderson, especially, is expected to poll a rather heavy vote. In the county, however, the vote will doubtless be light.

The Intelligencer will carry complete election returns Wednesday morning as far as it is possible to obtain the returns from over the state. It is hard to predict which way the election will go. There is a difference of opinion and considering fact that there are sixteen wet counties in the state, it is probable that the election will be close.

### THE FRAZER ACADEMY BEGINS FOURTH YEAR

OPENING EXERCISES WERE HELD YESTERDAY MORNING

#### 15 ARE ENROLLED

Number of Pupils is Limited to That Number as Usual—Prof. J. H. Hardin Principal.

The Frazer Academy was opened yesterday morning with an enrollment of 15 young men, the number of students to which the school is limited. This is the beginning of this academy's fourth year, and it is hoped that it, like all the rest, will be very successful.

At the opening exercises yesterday morning the Rev. J. D. Grant, Dr. W. H. Frazer and Mrs. Raymond Beaty all made short and impressive talks to the students.

Prof. J. H. Hardin has charge of the school this year. By limiting the number of pupils it gives the teacher an opportunity to get in closer touch with each one and in this way it is thought more benefit and real good will be accomplished.

### NEGRO THOUGHT DEAD ALIVE IN GREENVILLE

#### LINCOLN JOHNSON WAS NOT KILLED BY INTERUR. BAN CAR

#### PAID INSURANCE

And Now Company Must Get it Back—Body Was Identified in Anderson Few Days Ago.

The negro killed by the interurban car near Williamston a few Saturday nights ago was evidently not Lincoln Johnson, since he, alive, has now showed up in Greenville. It will be remembered that a negro came to Anderson and had the body exhumed and identified it by scars on the arms as Lincoln Johnson. The Intelligencer carried an article about the killing and also about the body being identified. The following from the Greenville News of Friday tells of Johnson showing up in the flesh: "Folks saw him in broad daylight, so it is evident that he was not a 'spirited' one, or first-cousin to those prohibitionists, or first-cousins thereto, so it can not be said truthfully that they were merely 'seen' things," or that they 'hadem bad.'" No sir, this is not a fish story, nor a ghost story. Lincoln Johnson came back to Greenville, according to statements made by those who knew him.

Now this same Lincoln Johnson, as everybody thought, was killed some days since near Williamston, by a Piedmont & Northern train. Tom Wallace, janitor at the Cleveland building, raised Johnson, and Wallace identified the body after it was exhumed in Anderson, and he brought it back to Greenville for burial. In this city a white man, high bank official, and citizen of sterling character, viewed the body, and said it was the earthly remains of the late Lincoln Johnson. There was the scar on the arm, and the scar on the foot. The size was right, and the general description was right. The dead man looked to be about seventeen years of age, and that was about the age of Lincoln Johnson. Everything tallied perfectly, and those who had known the Johnson boy, said that this was his clay carcass, where formerly his spirit abode.

It is said that insurance was carried on the life of Johnson, and that the insurance had been collected.

But Johnson has come back, and some consternation was caused by his coming. He was all there, for you could feel him. He was no more dead than if his life insurance had not been collected. He was about the liveliest man over whom a funeral sermon was ever preached, and about the healthiest whose death has been mourned.

Now the P. & N. officials don't know who their train killed. Now there rests in the colored cemetery of this city a negro's body, but who this negro was, no man knows. An inglorious end, forsooth. Dead and buried, and not even his name is known. So much of a stranger was he, that he passed for another, and none would ever have been the wiser, had he not wearied of his peregrinations, and longed for the home which had been his. But he repented him of his wanderings, and came back to the Pearl of the Piedmont, to find that he was dead and buried, as all of his friends thought—an Enoch Arden, strip of poetry and romance, and of all else save the supposed death.

### REPORT OF WATER

State Board of Health Says Anderson Supply is Good.

Sanitary Water Analysis No. 1434 of Water received August 28, 1915, from Southern Public Utilities company, Anderson, S. C.

Results in parts per million:

- Color..... 0.00
- Chlorine..... 4.00
- Free Ammonia..... 0.01
- Albuminoid Ammonia..... 0.02
- Nitrogen in nitrates..... 0.00
- Nitrogen in nitrites..... 0.00
- Total solids..... 68.00

Bacterial Analysis.

Bacterial indications of contamination, negative.

Remarks: Analysis indicate water to be of good quality and free from contamination.

Respectfully submitted,  
F. L. Parker, M. D.

Dressmaking Parlors.

After the 15th of this month Mrs. J. M. Reese will have her dress-making parlors over the store room of the Moore-Wilson company and will be glad to have her customers.
