LUTHERAN COMMITTEE ON BOOKS OF CHURCH

Work of Revision of Books of Worship Completed After Many Years of Work.

Rock Island, Ill., Sept. 14.—At today's session of the General Council of the Lutheran church in America it was announced in the report of the Church Book committee that the work of revising the English books of worship in the Lutheran churches have been completed after many years work, and it was hoped that the new forms would contribute largely toward a United English Lutheran America.

The existing books and services have been thoroughly revised, according to the purest-liturgies of the Lutheran church of the 16th century. The result is a book upon which all three main bodies of Lutherans have come to perfect agreement, and all publishing houses will print from common plates. The new book is to be called "The Common Service Book and Hymnal." It will be published in a music edition also an edition with words only. The committee added a memorial tribute to the late Rev. Horn of Philadelphia, the secretary of the committee, who had labored most faithfully on this book and who died just before the realization of the aims of the committee had been attained.

Rock Island, Ill., Sept. 14.—The refusal of President T. E. Schmauk to act with other American denominations on an appeal for peace to the European governments, was endorsed in resolutions adopted by the general council of the Lutheran church of North America.

Newspaper Man Recommends It.

R. R. Wentworth of the St. James, (Mo.) News, writes: "Two months ago I took a severe cold which settled in my lungs and I had such pains in my lungs I feared pneumonia. I got a bottle of Foley's Honey and Tar and it straightened me up immediately. I can recommend it to be a genuine cough and lung medicine." Many mothers write this reliable medicine cured their children of croup. Hay fever and asthma sufferers say it gives quick relief. Sold everywhere.

Women Swimming Champions to Compete.

Josephine Bartlett.

Clare Galligan.

Lucy Freeman.

The big open water carnival for women, to be held by the Philadelphia Turngemeinde, under A. A. U. sanction, at Lafayette, Pa., will be attended by three women champions. Besides Miss Clare Galligan, the 100 and 220-yard title holder, there will start in the one mile swim Miss Lucy Freeman, the middle distance leader, and in the fancy diving contest Miss Josephine Bartlett, invincible in the district, at this graceful sport.

Miss Freeman swam 440 yards in 7 minutes 47 seconds, in an 84-yard pool a few days ago, and this time makes her a dangerous rival to the best, for she is comparatively faster at the mile than at the quarter. Miss Bartlett has swept everything before her this season, in fancy diving, irrespective of height of board, and should make a winning bid for honors.

MODEL PRISONER RECEIVES PAROLE

Governor Manning Extends Clemency to Greenwood Boy—Is Pathetic Case.

Columbia, Sept. 14.—Governor Manning today granted a parole during good behavior, to Robert Kennells, a young white man convicted at the October, 1914, term of court in Greenwood county, before Judge Sease, and sentenced to serve fifteen months on the public works of Greenwood county. This is the same case in which the governor, on August 3rd, last, granted a parole for ten days for the purpose of allowing the prisoner to visit his mother, who was at the time very ill. The prisoner returned to the chain gang promptly at the expiration of the ten days, and is reported to have been a model prisoner.

Judge Sease, who presided at the trial, recommended that the sentence be commuted to ten months; the prosecuting attorney, Solicitor R. A. Cooper, also requested that the prisoner be paroled. Several letters have been received by the governor in the case; and the board of pardons unanimously recommended that the sentence be commuted. In addition to this the governor today received the following letter from Dr. John W. Williams, of Honea Path: "Wish to state that Mrs. Kennells is gradually growing weaker every day and before many days have gone she will have passed into the great beyond. She is unable to get up at all and is absolutely helpless. "I would like very much to see her last days made as happy as possible and anything you can do will be gratefully appreciated to all parties concerned."

Among the papers filed in this case is a letter from the magistrate before whom the preliminary was held, in which the magistrate states that this boy was, in his opinion, led into the trouble by a bad companion, and that Kennells has been sufficiently punished. It is a sad case indeed, a young boy led astray by his companion and having to suffer on account of an act committed while in bad company. While the boy has been suffering imprisonment for the crime, his poor mother is now probably on her death bed; and according to statements contained in letters received at the governor's office, she is pleading for the return of her son before she is called to the great beyond. The governor today wired the supervisor of Greenwood county that parole has been issued and to allow the boy to go to his mother's bedside at once. The following is a copy of the telegram sent to the county supervisor, Greenwood: "I have today signed parole for Robert Kennells. Send him to his mother's bedside at once. Parole goes to you by mail." The governor also sent the following telegram to Mrs. J. H. White,

SOUTHERN TO EXTEND BLUE RIDGE RAILWAY

Build Line to Tunnel to Procure Ballast for Double Tracking On Main Line.

Walhalla, Sept. 14.—Engineers are here, and are busily engaged on the survey over the old Blue Ridge route, from West Union to the tunnel through Stumphouse mountain. It is reported that this road will be completed in the tunnel in order that the Southern may procure ballast for double tracking the main line. With this work going on, and active operations on the gold mine near here, business conditions are expected to improve here in the near future. It is rumored that another development will soon start near Walhalla that will mean a great deal to the development of this country. In the past Walhalla has been charged as being a sleepy, old town, but it looks today that she was at the beginning of an era of unwonted prosperity. A number of farmers in the country who have been holding their last year's cotton crop, are selling it here today at 10 cents. A normal course for teachers of Oconee county opened on yesterday at the high school auditorium. Miss Sallie Stribling, supervisor of the rural schools of Oconee county, is in charge. A number of boys and girls are leaving this week for the various colleges in the state. The election on prohibition is being held today in a very quiet manner. Up to ten thirty this morning seventy-five had voted at the Walhalla precinct. It is estimated that at least fifteen hundred votes will be cast in the county today. A great majority is expected to be for prohibition.

His Rest Was Broken. O. D. Wright, Rosemont, Neb., writes: "For about six months I was bothered with shooting and continual pains in the region of my kidneys. My rest was broken nearly every night by frequent action of my kidneys. I was advised by my doctor to try Foley Kidney Pills and one 50 cent bottle made a well man of me. I can always recommend Foley Kidney Pills for I know they are good." This splendid remedy for backache, rheumatism, sore muscles and swollen joints contains no habit forming drugs. Sold everywhere.

Style, Character and Frequency of a Retailer's Advertising Indicative of That Store's Service-- Sometimes when an advertising solicitor approaches a merchant in an effort to get him to use space in his paper, he is met with the remark: "Well, I have no one to prepare the copy for me, I have no talent along that line, nor do I have the time to bother with it; I know that advertising in the newspaper will pay me, but I can't write an ad that anyone would read," or something along that line. Of course, in this day and time almost every daily newspaper employs an Ad Man whose duty it is to solicit and write ads for those who want it done for them. Along this line, the Ad Man wishes to call attention to the firm of B. O. Evans & Co. who employ an ad writer, and a good one, too. They go to additional expense in the purchase of suitable illustrations for their advertising, although they know full well that both Dailies here furnish an excellent service of illustrations for the merchants free of cost. In this connection, the Ad Man wishes to call particular attention to some very remarkable illustrations that this firm has ordered, and which will be seen in the local papers within the next few weeks. They are truly remarkable for their beauty and originality; seldom are illustrations such as these ever seen in newspapers outside of New York or Chicago. It has often been said that one may well judge the service of a store by the character and frequency of its advertising—if this be true, and we believe in it implicitly, it speaks volumes for B. O. Evans & Co. Sasseen, the Ad Man.
