YOUNG MAN STRUCK BY INTERURBAN CAR

MR. WALTER CLINKSCALES WAS KNOCKED CLEAR OF TRACK

CROSSING TRACK

In Buggy and Did Not Know Car Was Approaching—Brought to Anderson Afterwards.

Mr. Walter Clinkscales, a farmer 28 years of age of the Craytonville section, was rather seriously injured yesterday morning when he was struck by an interurban car on the Piedmont & Northern lines, the accident occurring at a crossing just this side of Campbell's store between this city and Belton. Mr. Clinkscales was put on the car and brought on to Anderson where he was given medical attention. The attending physicians stated last night that Mr. Clinkscales' injuries were rather serious and are of an internal nature.

It is said that there is a railway cut at the crossing and Mr. Clinkscales did not see or hear the car until he had almost driven entirely across the track. Mr. Clinkscales was driving a mule to a buggy and when the buggy was struck by the car, he was thrown into the cotton patch at a distance of about 20 feet. The buggy was demolished but the mule was unharmed.

The train was in charge of Conductor Wilson and Motorman Vaughn. Mr. Clinkscales is the brother of Mr. J. E. Clinkscales of this city, who took him to his home near Craytonville yesterday afternoon. It is impossible to state just yet how great Mr. Clinkscales' injuries are.

NEW YORK LOOKING FOR HIGHER PRICES

MAY BE SHARP DECLINE IN COTTON MARKET, HOWEVER

THE LOCAL MARKET

Approximately 400 Bales Were Sold in Anderson Market Yesterday—Price 11 3-8 Cents.

Spot cotton sold freely in the Anderson market for 11 3-8 yesterday, a few bales bringing a little higher price. Early yesterday morning the cotton began coming into town and last night the total sales for the day were approximately 400 bales.

In the New York market October cotton sold at 11.58 or 70 cents per bale over Friday's close. January futures reached 12.11, a new record for the season.

New York spots yesterday were 15 points higher than on the previous day, this being attributed to unfavorable weather in the south, and bullish dry goods reports, southern spot situation and strength on Liverpool.

"There is a little better feeling now because the mills are buying a little bit more freely," stated Mr. P. K. McCully, Jr., yesterday in discussing the cotton market. "There is a disposition on the part of the New York people to look for still higher prices. Everybody connected with the trade seems to be just realizing that this is a very short crop of cotton. After such a tremendous advance, it is quite likely we will have a severe decline. The feeling is, however, that such a decline will be only temporary and the advantage of it will be taken by belated buyers to fill their wants."

A Reactionary.

"These reactionaries," said Lewis Fisher, the progressive mayor of Galveston, in a recent address, "remain a no fold Hiram Conway, the miller of Dee."

"Hiram pride himself on being conservative, and he ground his flour in the old fashioned way between mill stones."

"A brisk young chap brought a sack of wheat to the mill one morning and stood and waited for it to be ground. As the stones turned slowly and the meal trickled forth in a thin and sluggish stream, the young man said to Hiram:

"Hang it, Mr. Conway, I could eat that meal faster than your old mill grinds it out."

"Yes, checked I raw, but how long could you keep on eating it?"

"Till I starved," said the young man."

INSURANCE MEN HAVE FORMED ASSOCIATION

MEETING HELD AND OFFICERS HAVE BEEN ELECTED

OFFICERS ELECTED

J. Walter Dickson, President; J. B. Clement, Vice-President; Calhoun Harris, Secy.

Twenty-three insurance men met at the St. James hotel last night for the purpose of organizing a local association which will be a branch of the National Life Underwriters association and which will have for its purpose that of creating a better fellowship among the agents of Anderson and county and of devising means to keep the public here better informed along insurance lines.

The meeting last night was in the form of a supper and after finishing this Mr. M. M. Mattison was selected temporary chairman. Mr. Mattison then called on the various men attending to make short speeches and state what they thought of the advisability of forming such an organization as stated above. Several of those present made short talks and all were very favorably impressed with the idea.

After this discussion Mr. J. B. Clement moved that an organization of the Anderson county insurance men be formed and that a committee be appointed to draft a set of by-laws. This motion was adopted and the following committee was appointed: Messrs. Horace McGee, J. B. Clement, F. W. Felkel, J. Walter Dickson and Calhoun Harris. This committee is also to decide upon an appropriate name for the association.

The question of electing permanent officers was then taken up with the following results: Mr. M. M. Mattison nominated for president, asked that nomination be withdrawn; Mr. J. B. Clement nominated but also asked to be excused; J. Walter Dickson nominated and elected by acclamation. Mr. J. B. Clement was unanimously elected vice president. Mr. Calhoun Harris unanimously elected as secretary and treasurer.

The matter of membership was then discussed and several talks were made, all of the gentlemen expressing themselves as being very anxious to have every insurance agent in Anderson county a member. As a result of this discussion the following membership committee was appointed: Messrs. W. P. Sloan, J. D. Crout, and C. G. Gribble.

The next question to come before the body was that of membership dues. This brought up discussion. The majority of the speakers pointed out that it would be best to always have a supper or banquet on every meeting date and that in order to have this and to also be affiliated with the National Life Underwriters association, it would be necessary to have a membership fee of at least \$5.

A motion was then passed to the effect that the membership fee be \$5 a year, payable semi-annually.

The meeting then adjourned to meet again at the call of the president.

It was stated at the meeting that special efforts would be made to have every insurance agent in Anderson county become a member and all are asked to look into this matter.

The following gentlemen were noted present at the meeting Saturday night: Messrs. M. M. Mattison, C. B. Tribble, George Spear, Horace McGee, Calhoun Harris, W. P. Sloan, D. P. Sloan, J. D. Crout, J. W. Dickson, J. J. Trowbridge, Charles W. Webb, Sr., W. R. Osborne, J. B. Clement, W. A. Hudgens, Fred Felkel, Frank Harris, John Owen, C. C. Tribble, J. J. Breascale, W. W. Strickland, G. B. Clarke, O. S. Lewis, L. L. Bradley.
