HIGH SCHOOL TEAMS CLASH TOMORROW

ANDERSON AND SPARTANBURG FOOTBALL TEAMS WILL PLAY

A GOOD GAME

Is Expected and Attendance Ought to Be Large—Admission 25 Cents to Be Charged.

Tomorrow afternoon shortly after 4 o'clock the local high school football team will play the Bethel high school of Spartanburg, and the game will attract large crowds. All of the high school pupils are talking the game and they are advertising it well.

This game ought to be a good exhibition of football. When one goes to a high school football game he expects to see some real live bucking and a little scrapping on the parts of the players and this always adds much interest to the contests. The Anderson team has been putting in hard practice and state that they are ready for the fight. The Spartanburg team is said to be a fast one and are coming over here with the determination to go back home victorious.

The game is to be played on the grounds at Beina Vista park and they will be put in first class condition today and the goal uprights erected. The Spartanburg team will arrive in the city about 2 o'clock. The teams will leave on the River street car which leaves the square at 4 o'clock and will begin the game a few minutes afterwards. An admission price of 25 cents will be charged.

Other games to be played by the Anderson team this season are as follows:

Two with Wofford Fitting school, one in Anderson.
 Greenwood high school in Anderson on Thanksgiving day.
 Elberton high school in this city. B. M. I. in Greenwood.

CITROLAX

Best thing for constipation, sour stomach, lazy liver and sluggish bowels. Stops a sick headache almost at once. Gives a most thorough and satisfactory flushing—no pain, no nausea. Keeps your system cleansed, sweet and wholesome.—R. H. Weichert, Salt Lake City, Utah, writes: "I find Citrolax the best laxative I ever used. Does not gripe—no unpleasant after-effects." Sold everywhere.

RED SOX, AMERICAN LEAGUE CHAMPIONS, TO PLAY FOR WORLD'S CHAMPIONSHIP.

Ready for It.

He was traveling in the south and had to put up over night at a second rate hotel in western Georgia, relates The Argonist. He said to the clerk when he entered, "Where shall I autograph?"

"Autograph?" said the clerk.

"Yes; sign my name, you know."

"Oh, right here."

As he was signing his name in the register in came three fellows immediately recognized as Georgia "crackers." One of them advanced to the desk.

"Will you autograph?" asked the clerk, his face aglow with the pleasure that comes from the consciousness of intellectual superiority.

"Certainly," said the "cracker" his face no less radiant than that of the clerk; "mine's rye."

STANDING OF THE CLUBS.

YES! THE ANDERSON THEATRE

Saves 7-8 of the labor of planting.

THE COLE ONE-HORSE GRAIN DRILL

If you plant your grain crop right between your cotton or corn rows with a COLE ONE-HORSE GRAIN DRILL, you are far surer of a good stand when winter is over than if you sow broadcast, or with a Western Drill.

With one of these machines you can go right between your cotton or corn rows and plant three furrows at a time. No need to wait until the crops are gathered. No need to make seven trips to plow and harrow the land. The soil of your fields is well cultivated in summer and by grain-growing time is well settled, making an ideal seed-bed for grain. Just plant your crop between the rows with a Cole. Save 7-8 of the labor. One man and one horse can easily plant 6 to 8 acres a day. Besides your cotton or corn crop you get a good grain crop and you can follow this with a cow-pea crop in the spring and plant it with the SAME MACHINE.

Sow Grain Between Your Cotton or Corn Rows

The seed are planted in little furrows which protect the grain from the winter winds and cold. No danger of the plants "spawing" up. The seed are planted in a basin where they secure the moisture they need. You can sow three rows at a time with a Cole No. 24. Our other machines sow one and two rows. Fertilizer can be applied at the time of planting, and the machine is splendidly adapted to applying fertilizer to growing crops. Don't accept any of the shoddy imitations offered. See that you get the genuine COLE.

Little Lemuel—Say, Paw, what is the meaning of ostentation?
 Paw—Ostentation, son, is a way the neighbors have of showing off.—Indianapolis Star.

Sullivan Hardware Co.

We are recommending our 10-1-0 and 10-2-0 and 10-2-1/2-0 for wheat and oats this fall when you sow it.

This will give it stalk and grains in the head, and that it what you want in grain. If you will sow five acres in wheat and five in oats this fall, after preparing the land well and fertilizing it well with either of these goods, you will find it advantageous. The 10-2-1/2-0 is an especially fine goods for grain. Let us hear from you.
