STOMACH TROUBLE

FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting advices from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good. I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Thedford's Black-Draught, and quit

taking other medicines. I decided to take his advice, although I did not have any confidence in it. I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it. I am so thankful for what Black-Draught has done for me." "Thedford's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest. Get a package today. Only a quarter."

ANNUAL MEETING OF MILL STOCKHOLDERS

CALHOUN FALLS COTTON
MILL IN GOOD CON-
DITION

DIRECTORS MET

Yesterday in Anderson at Which
Time Officers Were Reelect-
ed for the Year.

The annual meeting of the directors of the Calhoun Falls Cotton mill was held yesterday at noon in the offices of Sullivan Hardware company. The annual meeting of the stockholders was held on Tuesday at Calhoun Falls and a very satisfactory report was made by Mr. Jas. P. Gossett, president of the mills. The same board of directors was elected as follows: Messrs. Jas. P. Gossett of Williamston, Ernest M. Lander of Calhoun Falls, C. S. Sullivan and W. F. Cox of Anderson, William Whitman of Boston, George M. Whittin of Whitinsville, Mass., and George A. Draper of Hopedale, Mass. At the meeting yesterday officers were re-elected for the next year as follows: Jas. P. Gossett, president and treasurer, and Ernest M. Lander, secretary and assistant treasurer.

VERDICT RENDERED AGAINST THE COUNTY

B. L. SUMMEY GETS VER-
DICT OF \$2,500 IN
COURT

ONE OTHER CASE

Was Tried Yesterday But no
Agreement Reached By the
Jury Last Night.

A verdict was returned by the jury in the case of Summey versus Anderson county yesterday morning for the plaintiff in the sum of \$2,500. Mr. W. J. Smith, attorney for the county, gave notice of appeal for new trial which will probably be heard on Friday of this week.

Mr. Summey was asking for damages in the sum of \$6,000 which he alleged his wife suffered when she was tarred from a buggy when one of the wheels went into a hole in a bridge in Garvin township. This accident occurred in November 1913. This case was tried once before but Judge Meminger ordered a non-suit after the testimony of the plaintiff was heard.

Yesterday morning in the court of common pleas the case of Mrs. Mary Clark and E. E. Clark against E. A. Monroe of Honea Path was taken up. The case went to the jury shortly after the noon hour and they had not returned a verdict when court took a recess yesterday afternoon at 6 o'clock. A sealed verdict will be returned this morning if they agree on one.

Yesterday afternoon just before the recess the case of the Morris Fertilizer company against N. S. Reaves was taken up but only few witnesses were examined.

Condition Mr. Glenn.
The Condition of Mr. L. M. Glenn, editor of The Intelligencer, who underwent an operation for appendicitis late Tuesday afternoon, is improved and the attending physicians state that he is getting along nicely.

YES! THE ANDERSON THEATRE

Minister Gives Testimony.
The Rev. C. M. Knighton, Havana, Fla., writes: "For three months I suffered intense pain in kidneys and back, which at times laid me up entirely. I read of Foley Kidney Pills and after trying various remedies without result I decided to try the Foley treatment. I was relieved almost with the first dose and it is a fact that I used only 11-2 bottles when all of the pains disappeared. I am 55 years of age and now feel like a young man again. Sold everywhere."

OCTOBER 10TH TO 16TH

No Action Taken By Paving Commission

REGARDING RECOMMENDA-
TION BY EXECUTIVE
COMMITTEE

TO MEET AGAIN

This Afternoon at 5 O'clock—
Have Not Decided On Addi-
tional Paving.

After discussion which lasted one hour, the meeting of the street paving commission yesterday afternoon adjourned, so that the members might have more time to think over the suggestions of the executive committee of the commission which were decided upon at a meeting held Tuesday morning. The members felt like they had not fully decided as to what streets ought to be paved with the money that will be left over after the present already outlined work had been completed and that they would like to think over the matter at least another 24 hours.

The meeting was called to order by Chairman Horton shortly after 4 o'clock and the first business was the reading of the minutes of two previous meetings, which were adopted. Mr. J. H. Godfrey was then asked to explain to the commission the recommendations which were discussed by the members of the executive committee on Tuesday morning.

Mr. Godfrey stated that the meeting of the executive committee was called for the purpose of taking stock of the finances of the commission and to determine what balance will be left on hand after the work already outlined has been finished, also to determine the amount of the paving certificates to be issued, the company which bought the others, Sidney Spitzer and company, having written for this information. He stated that after stating that the commission would have a balance on hand after completing the paving already outlined Mr. Sanders made tentative estimates of the cost of removing the cobble stone or Belgian block paving on East Whitner street from the square to McDuffie street, putting down brick paving instead; removing the cobble stone or Belgian block paving on McDuffie street from Benson to Whitner, and putting down asphalt paving instead; removing the cobble or Belgian block paving on West Benson street from the square to Peoples street and putting down asphalt paving instead, and removing the cobble stone or Belgian block paving on East Benson street from the square to McDuffie street. From his estimates this work would about clear of the balance on hand. Mr. Godfrey then stated that the executive committee wanted to offer this as a suggestion to the members of the commission. He stated also that Sidney Spitzer and company of Toledo, O., had been written to the effect that the city would have \$3,000 or \$4,000 of bonds to offer.

Mr. Godfrey was then asked to explain whether the city would be able to issue any more bonds since the tax assessments for the property for the city of Anderson had been received by Auditor Smith from Columbia. He stated that it appeared that the first sheets of assessments received in Anderson showed an increase for the manufacturing industries of the city as well as the banks. Taking this into consideration and also the fact that the assessments of the property of the Southern Bell Telephone company and a few other concerns had been increased it was thought that there would have been an increase of something like \$120,000 over last year. Notwithstanding the above facts, the total assessments for the property in the city of Anderson for this year will show a decrease of about \$29,385 over those of last year, not because any of the property has decreased in value one bit, but because of some mistake that was made in the figures for the assessment last year. It was explained that all of the property in Anderson county showed an increase, especially in the towns, and that the city property had not decreased. The decrease in the total assessments is accounted to some error made last year.

This statement by Mr. Godfrey destroyed the hopes of the commission that they might be able to issue something like \$15,000 or \$20,000 more of bonds because of the increase that was expected in the tax assessments and it will now be impossible to issue any more than those already provided for until at least another year.

Petitions Read.
There appearing to be several petitions before the commission from property owners asking that their streets be paved, the clerk has asked to read those that some action might be taken. The petitions read were from property owners asking that streets be paved as follows:

South McDuffie from East Benson to East Whitner.

East Whitner from public square to McDuffie.

West Benson from public square to Peoples street.

Greenville street from Boulevard to Forest avenue.

East Whitner from public square to Manning street.

Federal street between North Main and Murray avenue.

South Main from Norris street to Driscoll street.

Johns street between South Main and McDuffie.

West Market between Maxwell avenue and city limits.

Some of these petitions had been on file for several weeks but they were

read so that the members might be better informed as to the streets from which the property owners had expressed their desire to have the streets paved.

Mr. Postell Cater appeared before the commission in behalf of a petition asking that Greenville street be paved from Boulevard to Forest avenue, a distance of about 400 feet. Mr. Cater explained that the city council had promised to extend sewerage over the distance provided the commission would have it paved. City Engineer Sanders stated that it would cost the commission about \$500 to have the work done, the other \$500 coming from the property owners.

Mr. Crowther appeared before the commission in behalf of the petition asking that East Whitner street be paved from the public square to Manning street.

It was shown that after all of the work already outlined and passed upon by the commission, including Manning street had been completed, there would be a balance on hand of about \$2,000. It is the intention of the commission to spend this money where it will be of the most good and where it will be more satisfactory to the people generally in the city.

There seemed to be a general opinion among the members of the commission that it would not be best to take up the Belgian blocks on the streets recommended by the executive committee and place new paving, and that this money which would be left over had better be spent on other streets. City Engineer Sanders explained that the streets mentioned as now having Belgian block paving could be put in first class condition with little cost by the city. Some of the members thought it best that the money be expended in paving streets connecting Main and McDuffie, especially East Market and Earle street.

After discussing the matter thoroughly the members of the commission thought it best to take no action yesterday afternoon, but decided to have another meeting this afternoon at 5 o'clock for that purpose. A motion to this effect passed and the meeting adjourned.

Slight Accident.

Last night Mr. Ned Prevost was knocked down and slightly injured by an automobile driven by Mr. A. C. Barton. It appears that Mr. Prevost was coming from around a street car and stopped in front of the automobile. The street car was standing still and the automobile was one of those accidents which are unavoidable and no blame is attached to anyone. Mr. Prevost was only slightly injured, a small abrasion being made on his head.

YES! THE ANDERSON THEATRE

Birth.
Born to Mr. and Mrs. George Briggs on Sept. 28th, a baby girl, named Theodore Louisa.

YES! THE ANDERSON THEATRE

A happy couple were on their way to Scotland. They had to change trains at Carlisle, and an obliging porter, while struggling with the luggage, noticed that the young lady's hair was dotted with rice. He approached the young man and, pulling a folded paper from his pocket, said: "A present for you, sir, with the company's compliments."

"Indeed," said the traveler, "what is it?"

"A railway map, sir."

"Oh, thank you; but what are these marks in blue pencil?"

"That's the beauty of it, sir; these marks show just where the tunnels are and their length."

**ACIDS IN STOMACH
SOUR THE FOOD AND
CAUSE INDIGESTION**

"Pape's Diapepsin" fixes sour, gassy, upset stomachs in five minutes.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can surely get relief in five minutes. Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapepsin, when you will understand why dyspeptic troubles of all kinds must go, and why it relieves sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapepsin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach misery and indigestion in five minutes.
