

Fire Prevention Day

TODAY is the day set aside by the Governor of the State as Fire Prevention Day. This is a good step toward the prevention of many fire, for the great majority of fires could have been prevented had the proper care been taken of the property beforehand.

Fire Prevention Day is an Annual affair in a great many states, and if the people follow the suggestions of our Chief Executive, we will be the richer by many thousands of dollars annually, not to mention the lives lost by fires.

For Every Kind of Insurance Let Us Figure With You

Fire Burglary Plate Glass
Automobile Employers Indemnity
Bonds Tornado and Windstorm

No matter how careful you may be, someone else's carelessness may result in loss to you.

Before it is too late make yourself "SAFE" by securing a fire insurance policy from

WILLET P. SLOAN

"Better Be Safe Than Sorry"

"Dont's"

By CHIEF JACKSON, of the Anderson Fire Department :::

1. Don't go into a closet with a lighted match for clothing.
2. Don't kindle fires in stoves with kerosene.
3. Don't put out ashes and coal in wooden barrels or boxes.
4. Don't allow waste paper, excelsior and rubbish to collect.
5. Don't look for gas leaks with a match or lamp.
6. Don't have ice curtains near gas brackets.
7. Don't allow oily rags to be near stoves or about the premises.
8. Don't allow sawdust to be used in cupboards or floors.
9. Don't throw waste paper on a fire in a fireplace.
10. Don't keep matches in paper boxes or lying around.
11. Don't forget that matches are the beginning of many conflagrations.
12. Don't hang your clothing near open fires or stoves.
13. Don't fill lamps after dark, and never when lighted.
14. Don't allow rubbish to remain in hallways or on fire escapes.
15. Don't burn leaves and dead grass on windy days.
16. Don't forget to have the chimneys of your house cleaned each year.
17. Don't fail to look twice at everything that looks like fire.
18. Don't leave everything to the landlord; inspect your own building.
19. Don't fail to give the firemen every opportunity to make careful examination of your property. They are trying to help you.
- Concerning Gasoline.
1. Don't use gasoline for cleaning in a closed room.
2. Don't spill gasoline.
3. Don't fill the tank of your stove full.
4. Don't use a reservoir of more than two gallons' capacity.
5. Don't use a stove that leaks.
6. Don't fill the reservoir of stoves near a lighted lamp.
7. Don't strike matches to see how to fill the reservoir or whether it is too full or not.
8. Don't use a small gasoline stove until it is fastened down.
9. Don't use a leaky funnel in filling.
10. Don't fill a gasoline stove in a closed room. Have plenty of ventilation to carry away the vapor and out of the room. Beware of leaks and never forget how dangerous a material gasoline is.
11. Don't clean clothes with gasoline in a room in which there is an open flame such as in kerosene lamps, grates, gas stoves, etc.
