

# FIRE PREVENTION DAY

FRIDAY, OCTOBER 8th

If not let us protect your property with a policy in an old line company. We will appreciate a share of your business.

## Frank & DeCamps Realty Company

Jno. Frank, Pres. C. J. DeCamps, Sec. & Treas.

We are recommending our 10-1-0 and 10-2-0 and 10-2-1/2-0 for wheat and oats this fall when you sow it.

This will give it stalk and grains in the head, and that is what you want in grain. If you will sow five acres in wheat and five in oats this fall, after preparing the land well and fertilizing it well with either of these goods, you will find it advantageous. The 10-2-1/2-0 is an especially fine goods for grain. Let us hear from you.

## Will Pave East Earle and Market Streets

PETITIONS FROM PROPERTY OWNERS WILL BE INVITED

WILL CONSUME BALANCE FUND

Members of Paving Commission Took Action On This Matter Yesterday Afternoon.

At the meeting of the street paving commission yesterday afternoon the members voted to invite petitions from the property owners on East Earle street from Main to McDuffie and on East Market street from Main to McDuffie, asking that these streets be paved, it being the unanimous opinion that it would be best to spend the \$2,100 which will be left of the paving funds after the work on Manning street has been completed.

At the meeting of the commission held on Wednesday afternoon the members decided not to pass on the question of what to do with the money which would be left over until after they had thought over the matter further. They were anxious to spend this money where it would be of the most good and would be of the most satisfaction to the people at large, and they therefore, decided to adjourn until yesterday afternoon.

City Engineer Sanders stated yesterday afternoon that the work on Earle and Market streets would about take all of the funds left over after the work on Manning street had been completed.

These streets, Earle and Market, are close in the business district and will link together two of the most important paved streets in the city, Main and McDuffie. It is very essential to have as many of the connecting streets paved as possible in order that mud will not be carried off those unpaved to those paved.

All of these matters were discussed by the members of the commission and they decided to invite petitions from the property owners on Earle and Market streets. It is thought that there will be no trouble in getting the petitions and it was sated by one member that he understood that one was already being circulated for Market street.

In regard to the Belgian block paving on East Benson, East Whitner and McDuffie, it was decided to let the city have this fixed up in first class condition. This will be done by leveling up the low places and grouting the blocks with cement. This work will be somewhat like that done on East Whitner street in front of the Standard warehouse which is very satisfactory.

The question of the fee which would be paid E. F. Cochran, acting city attorney, for his services to the paving commission, was discussed. Mr. Cochran was very liberal in doing the work for the commission which has consumed a great deal of time and which has included much research. It was agreeable to Mr. Cochran and to the commission that he be paid one-half of one per cent of the money appropriated by city council for the paving, which will amount to approximately \$780.

Another question that came up was that of paying for the office and clerical work in connection with the paving and it was decided that \$100 would be sufficient for this. This work has been done by a stenographer in connection with regular work.

The commission was very much gratified with the cost of the services of the attorney and the stenographer and it is believed that the people of the city generally will concede that the expenses were very moderate, considering the work done.

## APPOINT COMMITTEES FOR CLEMSON CLUB

S. DEAN PEARMAN, PRESIDENT, HAS NAMED MEN

Mr. S. Dean Pearman, president of the Clemson College Club in Anderson county, yesterday announced the personnel of the committees which it was decided for him to appoint at the last meeting of the club. At this meeting organization was made, officers elected and the business before the body thoroughly discussed but no committees were appointed.

It was announced yesterday that the club will have another meeting at 2 o'clock Saturday afternoon, October 16, in the chamber of commerce rooms on North Main street. A special invitation is extended to all Clemson men in the county to be present, whether they are graduates or those who attended only one or two years. This is the afternoon of the Clemson-Auburn football game and there ought to be an especially large attendance.

**Committees.**  
The appointment of the various committees yesterday was as follows:

Executive committee: A. E. Hollman, chairman; L. S. Horton and W. S. Beaty.

Committee on by-laws: S. Dean Pearman, chairman, W. P. Sloan and J. L. Hutchins.

Entertainment committee: Rufus Fant, Jr.; chairman, P. C. Grayton and Charlie Fant.

Membership committee: W. D. Garrison, Denver, chairman; J. C. Duckworth, Williamston; Ben Aull, Autun; L. A. Mertz, Belton, and J. B. Douthitt, Jr., Anderson, R. F. D.

## SALTS IS FINE FOR KIDNEYS, QUIT MEAT

Flush the Kidneys at once when Back hurts or Bladder bothers.

No man or woman who eats meat regularly can make a mistake, by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.
