SERBIANS FIGHT DESPERATELY TO CHECK TEUTONS

ADVANCE OF INVADING FORCES IS BECOMING SLOWER

ITALY'S ACTION DISAPPOINTING

Is Said to Have Superfluous Forces But Will Stay Out of Balkan Fight.

London, Oct. 13.—In the Balkans the Serbians, though greatly outnumbered by armies with superior equipment, are making a stubborn defense. The Austro-German advance is slow and will probably become slower when the mountains, where the Serbs are strongly entrenched are reached.

Since Nish reported the repulse of the Bulgarians nothing has been heard while the movement of the Anglo-French forces landed at Saloniki are kept secret.

It is believed the Russians will find difficulty in landing at Bulgarian Black Sea ports which have been strongly fortified and mined. It is doubtful if Eumania will give consent for the Russians to cross Rumanian territory.

The Entente powers are disappointed over Italy's decision to stay out of Balkan operations. Italy with aspirations in Asia Minor and claiming great influence in the Balkans is said to have superfluous forces and transport facilities.

It is reported in Paris that General Savoff, former Bulgarian war minister, resigned his command in the Bulgarian army rather than fight against Russia.

On the eastern front the Russians won a big victory in Galicia, routing three Austro-German divisions on the Strpa river. Von Hindenburg has been pushed several miles further west of Dvinsk.

The French report they repulsed a strong German infantry attack around Souchez and Vimy.

Zeppelin bombs killed eight persons and injured thirty-four in a new raid over London. The material damage is reported slight. Germany is conveying steamers to Sweden because of the activity of British submarines in the Baltic.

ORVILLE WRIGHT OUT OF AEROPLANE FACTORY

Has Sold Entire Interest to Syndicate—To Take Long Rest.

New York, Oct. 13.—Orville Wright has sold his entire interest in the Wright Aeroplane company at Dayton, O., to a syndicate consisting of Wm. K. Thompson, August H. Wiggin, president of the Chase National bank of New York and T. Frank Manville of the E. W. Johns-Manville company. It is announced here that the Wright company holds all the Wright brothers' aeroplane patents. The company is capitalized at a million with \$800,000 outstanding. Orville Wright owns 97 per cent. The purchase price was withheld. A new company will be formed with Orville Wright as consulting engineer. He will own stock.

Dayton, Oct. 13.—Orville Wright has been ill nearly a year. He announced that he would rest at least a year. The deal for Wright stock is reported to involve about a million and a half.

TRIAL OF NEW HAVEN DIRECTORS IS BEGUN

Test of Government's Ability to Convict Directors in Monopoly Cases.

New York, Oct. 13.—The trial of the directors and former directors of the New York, New Haven and Hartford railroad, which is to test the government's ability to convict directors of alleged monopolistic corporations under the Sherman act, was begun in federal court today. Three tentative jurors have been selected. The eleven defendants represent wealth running into the hundreds of millions.

HYDE ELECTED BY SMALL MAJORITY

If Contested Box is Thrown Out Majority Will Be Larger.

Charleston, Oct. 13.—Unofficial returns indicate that T. T. Hyde, has a majority of 19 votes over John P. Grace for mayor of Charleston. This takes into consideration all votes cast.

A box in Ward 10 has been protested, and there are also many challenged votes to be considered. The executive committee will meet Friday to declare the result of the election.

FRENCH DEPUTIES UPHOLD PREMIER

Viviani First Criticized Then Given Vote of Confidence—Criticism Caused By Balkan Policy.

Paris, Oct. 13.—After a stormy session of the chamber of deputies in which the government headed by Premier Rene Viviani was severely criticized for the Balkan policy by the foreign military and naval affairs committees, Viviani received a vote of confidence of three hundred and seventy-two to nine.

The overwhelming approval of the deputies, coming as it did on the heels of the resignation of foreign minister Delcasse, who has been shaping the French foreign policy, is called a notable triumph for the Viviani ministry. It was declared Delcasse's resignation was not due to discord in the ministry but to ill health.

Viviani was criticized for his alleged failure to arrange an ample allied force at Saloniki to effect the German-Bulgarian move.

Reading Calls on Wilson. Washington, Oct. 13.—Lord Reading, chairman of the Anglo-French financial commission called on the president, but remained only a few minutes.

Her Grandmother Robbed Of \$75,000 in Jewelry.

Mrs. Preston Gibson.

One of the largest jewelry robberies in many years was that of Mrs. James McMillan, widow of late United States senator from Michigan, at her summer home, Eagle Head, at Manchester-by-the-Sea, in Massachusetts, when valuables worth \$75,000 were taken from the house. And it has become one of the most mysterious cases on which detectives have had to work. One agency was called off after considerable investigation had been made.

Mrs. Preston Gibson, grandmother of Mrs. McMillan, was with her at the time. Mrs. McMillan kept her jewelry in a safe near her room. Mrs. McMillan saved some \$6,000 worth of her jewels because she wore a \$4,000 pair of earrings and a \$2,000 necklace to bed. Detectives said they could learn nothing about the case, but a statement was made by a company which insured the valuables that \$42,000 had been paid to Mrs. McMillan.

President and Fiancee at Ball Game.

SECY. M'ADOO ON SHIPPING BILL

Tells Indianapolis Business Men of Administrations Plans to Build Up Merchant Marine and Naval Reserve.

Indianapolis, Oct. 13.—Outlines of a new administration shipping bill to provide the United States with naval auxiliaries in war-time and to be used in upbuilding foreign trade in times of peace, were made public tonight by Secretary McAdoo in a speech to the business men of Indianapolis. The new plan, which probably will be presented to congress at the coming session, proposes appropriation of \$50,000,000 to be expended by a shipping board to consist of the secretary of the navy, the secretary of commerce, members ex-officio, and three members to be selected by the president and confirmed by the senate.

The board would be empowered to organize a corporation or corporations and to subscribe to their capital stock in whole or in part. It would have authority to vote the stock belonging to the United States in the election of directors. The directors would choose the officers and employees of the corporation and by that means, Mr. McAdoo declared, they would be removed from political influences. The board would be authorized to establish steamship lines to countries where American trade needs such accommodation. It might operate ships or lease them to other parties. It would have power also to reform navigation rules and regulations, studying shipping problems and make recommendations to congress for legislation to encourage and develop a great merchant marine under the American flag.

Further, Mr. McAdoo suggested that the shipping board should have authority, acting in conjunction with the interstate commerce commission, to arrange for through bills of lading by rail and steam lines to foreign ports and for special through rates to foreign ports so American railroads and steamships might meet foreign competition in the markets of the world. He declared the time had come for congress to consider regulation of merchant marine companies. He did not say that such regulatory powers should be given to the shipping board but argued that the recent withdrawal from the oriental trade of the ships of the Pacific Mail company, which he criticized, would have been prevented if congress had passed the ship bill at the last session. The shipping board, in that case, he said, would have bought the pacific mail's ships and kept them in the oriental trade.

Secretary McAdoo laid particular emphasis on the need of naval auxiliaries in plans for preparedness for defense.

The most indispensable factor in any sensible plan of national defense, he said, "is a powerful navy—both offensively and defensively—supplied with essential naval auxiliaries in the form of an American merchant marine and manned by American seamen who are ready and willing to fight for the stars and stripes against any enemy on the face of the earth. We cannot with safety rely upon our ability to charter or

RUSSIANS WON BIG VICTORY

Petrograd Confirms Report That General Ivanoff Broke Austro-German Front Along Strips, Taking Many Prisoners.

London, Oct. 13.—It is reported unofficially that Bulgaria has declared war on Serbia, thus joining issue between the two nations squarely. Little is known of the progress of hostilities beyond the fact that Bulgaria has invaded Serbia, and is said to have suffered reverses in the opening engagements. In northern Serbia the Teutonic invaders are meeting a stubborn resistance.

Petrograd reports that the important Russian successes in Galicia are officially confirmed. General Ivanoff has broken the Austro-German front along the Strips, taking 1,000 prisoners and a number of guns. If the Russian victory is as definite as indicated by the official announcement, the Austrians will be compelled to fall back on Lemberg. Such a considerable moral effect in the Balkans, where the continued neutrality of several states is believed to be due largely to Russian reverses, in the Dvinsk region desperate, but indecisive fighting continues. The offensive frequently shifts from one side to the other.

Hindenburg evidently intends to continue his attack. It is reported that reinforcements for his army are on the way.

American Bill Passed.

London, Oct. 13.—The American bill approved by the house of commons yesterday, today passed all stages of the house of lords. Immediately there after it received the royal assent.

WARNING ISSUED ON BOLL WEEVIL

Department of Agriculture Advises Growers in Cotton Belt to Take Positive Action Against Pest.

Washington, Oct. 13.—Unless immediate measures are taken in Oklahoma, northwestern Texas, Tennessee and Mississippi the boll weevil will cause great damage next year, says a warning issued by the department of agriculture tonight. Planters in Alabama and Georgia are advised to kill the weevils this winter to avoid losses.

The unusual storms last August resulted in a tremendous movement of the weevil to northwestern Texas and Oklahoma. Information shows, it is said, that more than half of Oklahoma, all of Mississippi, two counties in Tennessee, all of Alabama except four or five counties and more than thirty counties in western Georgia are already infested.

Planters are urged to pick cotton at once and destroy the plants by burning or plowing under.

BOSTON TEAM WINS WORLD'S CHAMPIONSHIP

FIFTH AND FINAL GAME WAS HARDEST FOUGHT OF SERIES

BOSTON WON IN NINTH INNING

Sox Did Best Hitting of Season Driving Out Four Home Runs —Hooper Got Two.

Philadelphia, Oct. 13.—The Boston Americans are the world's champions for nineteen fifteen. In the fifth game of the series fought to the very finish the Red Sox defeated the Phillies by a score of five to four.

Twice Philadelphia took the lead only to be tied. Harry Hooper, the Sox outfielder finally clinched it for the American League by smashing a home run into the right center stands making his second in the game.

George Foster, who pitched the second game for the Sox, faced Mayer, who hurled against him before. Mayer later gave way to Rixey. Hooper faced Rixey when the winning drive was made.

The Quakers started the scoring in the first inning with two runs. Boston scored one in the second and evened the score in the third. Philadelphia with two more in the fourth jumped out with a lead of two. Boston evened the score again in the eighth and won in the ninth.

Not a Quaker reached first base in Philadelphia's half of the ninth. For the last five innings there was never a threat of a Phillies tally. The short Phillie Park caught the batting eye of the Sox, Hooper making two and Lewis one home run. Luderus also hit for four bases.

The Phillies started the game fast. In the first inning was hit by a pitched ball. Bancroft singled. Paskeft bunted safely and the bases were full. Cravath hit into a double play, retiring Stock and himself. Bancroft and Paskeft scored on Luderus' double.

In the second and third Boston began hitting. Gardner's triple in the second and Hooper's first home run in the third caused the retirement of Mayer in the eighth.

Gainer, who replaced Hohlitzell in the third, got a scratch hit and scored with Lewis on the latter's home run.

Attendance twenty thousand three hundred six. Receipts today were fifty-two thousand and twenty-nine. Score by innings.

Boston	5	11	0	0	2	1	5	10	1
Philadelphia	2	0	0	0	0	0	0	0	0

First Inning.
Boston—Hooper singled. Scott fouled to Luderus. Speaker forced Hooper. Luderus to Bancroft. Speaker out stealing. Burns to Bancroft. No runs, one hit, no errors.
Philadelphia—Stock hit by pitched ball. Bancroft singled. Stock going to second. Paskeft singled. Cravath

MEXICANS READY FOR BIG BATTLE

Carranza Forces to Begin Attack on Villistas at Guaymas.

Guaymas, Mexico, Oct. 13.—(Radio to San Diego, Oct. 13.)—Carranza expeditionary troops which arrived here Monday night were ready today to begin the attack against Guaymas. The Villa forces refused to surrender. A neutral zone was established for the protection of foreigners on the demand of the officers of the United States cruiser Chattanooga. The cruiser and the United States supply ship Glazier are anchored off the harbor. The flagship San Diego is en route here.

COTTON FUTURES LAW IS INVALID

Judge Hough Holds Law Unconstitutional Because it Taxes Methods Instead of Transactions.

New York, Oct. 13.—District Federal Judge Hough today declared unconstitutional the cotton futures law designed to prevent speculation in cotton futures. The judge held the law is a revenue measure and therefore should have originated in the house instead of the senate. The decision was rendered in the test case of Samuel T. Hubbard a cotton broker, to recover a thousand dollars paid to the international revenue collector under the previous revenue law.

The court, in holding also that law was void because it taxed the manner of performing the transaction instead of the transaction itself, deplored deciding the case on a technicality, but declined to discuss the other arguments on the litigation.

The cotton market broke on the decision but recovered partially when it became known the decision would not effect existing contracts. Atty. Gen. Gregory in Washington tonight would not say whether the government would appeal from the decision.

French Steamer Torpedoed.

Paris, Oct. 13.—The Messageries Maritimes liner Yunnan, six thousand four hundred seventy-four tons, has been torpedoed. She was presumably in the Mediterranean in French government service. The crew of ninety was saved.

Directors Close Georgia Bank.

Georgetown, Ga., Oct. 13.—The directors have closed the Farmers and Merchants Bank which had a capital of twenty-five thousand. A state examiner was called in.

Players Go West.

Boston, Oct. 13.—The world's best contestants will go intact to the Pacific coast for a series beginning at San Francisco October 20. Arrangements have been made by the national commission and presidents of the two clubs and representatives of the Pan-American Pacific exposition. They will play in Chicago, Omaha, Denver, Salt Lake City, Los Angeles and San Diego.

RICHEST TITANIC WIDOW WEDS

Mrs. George D. Widener, richest of the women who lost their husbands when so many wealthy Americans were drowned on the Titanic, was married Dr. Alexander Hamilton Rice of Boston. He is noted as a surgeon and explorer. In getting the license he gave his age as forty and Mrs. Widener's as forty-seven. Mrs. Rice was the daughter of William E. Elkins, the Philadelphia traction magnate, who left a very large fortune.

BIG INCREASE IN ARMY AND NAVY APPROPRIATION

ADMINISTRATION WILL ASK FOR FOUR HUNDRED MILLION

IS \$140,000,000 OVER LAST YEAR

Proposed to Increase Standing Army By 30,000 With Reserve Force of 400,000.

Washington, Oct. 13.—Four hundred millions for the army and navy, approximately one hundred and forty millions over last year, constitutes the amount President Wilson and his advisors estimate will be appropriated by the next congress. While the appropriation to be recommended has not been definitely fixed indications are that the army budget of a hundred and ten millions last year will be increased by at least sixty millions, while Daniels is counting on a hundred million increase over the hundred and forty-eight millions navy appropriation last year.

It is understood the administration program, which will be given right of way over other legislation, will call for an increase in the regular army probably from the present eighty-seven thousand to at least a hundred and twenty thousand and perhaps the creation of a reserve of four hundred thousand.

It is intimated that four capital fighting ships will be recommended for the first of five years, three for the second and enough thereafter to total between fifteen and twenty ships for the entire period. In administration quarters it is believed a bond issue will be proposed to meet the added expense.

WANT PERMANENT PEACE CONGRESS

David Starr Jordan to Urge Wilson to Call Conference of Neutrals.

San Francisco, Oct. 13.—David Starr Jordan, president of the International Peace Congress, was empowered by the organization today to urge President Wilson to call a conference of neutral nations to form a permanent body to bring about peace.

Greenville Negro Pardoned.

Columbia, Oct. 13.—Clarke Landrum, a negro was pardoned by Governor Manning this morning on the recommendation of the board of pardons. He was convicted from Greenville county for obtaining money under false pretenses. It was stated that the negro is innocent of the charges under which he was convicted.

Jay Munitions For Russia.

New York, Oct. 13.—Russia has been receiving twenty carloads of munitions daily for over two months from Japan according to Cyrus Robinson, mining engineer of London who arrived on the steamship California from Liverpool.

INDIANAPOLIS MAYOR IS FOUND NOT GUILTY

His Acquittal May Mean That Over Hundred Other Cases Will Be Dropped.

Indianapolis, Oct. 13.—After a trial lasting more than five weeks Mayor Joseph E. Bell, charged with conspiracy in connection with the nineteen fourteen primary and election, was acquitted today. The mayor was indicted with more than a hundred others, including Thomas Taggart, Democratic national committeeman. The prosecutor was silent tonight on the disposition of other cases. Taggart said he operated under a
