REPUBLIC OF PANAMA FIVE O'GLOCK TEAS TO PRACTICE ECONOMY AND CRICKET GIVE **Drink Hot Water** in the Morning Oct.

Panama, Correspondence.)-President Press Press correspondence, inaugurate Porras is determined to inaugurate an era of economy in governmental affairs. Ills first step in this direc-

tion was the discharge of many employes in all the departmental offices and a considerable reduction in the National Police Force. He has also recently reduced the salaries of all To feel your best day in and day employes, including himself, of from 10 to 15 per cent. In order to better the financial con-

dition of the country through the payment of its current obligations colds, rheumatism or gassy, acid stomach, you must bathe on the inand to liquidate a treasury deficit in side like you bathe outside. This is herited from a previous administravastly more important, because the tion, an effort is being made to ob-tain a new loan of \$1,000,000. This skin pores do not absorb impurities into the blood, while the bowel pores is to be secured by a bond issue and will become part of the national debt

lo, says a well-known physician. To keep these poisons and toxins well flushed from the stomach, liver, which already amounts to \$1,500,000 through a previous bond issue for kidneys and bowels, drink before breakfast each day, a glass of hot railway construction purposes. Both the reduction in force

water with a teaspoonful of lime-stone phosphate in it. This will salaries were ordered by the presi-dent in opposition to the advice and cleanse, purify and freshen the entire wishes of his political advisers who alimentary tract, before putting more fear that it will have a material influence on the presidential election next year. The president, however, pointed out that economics were ur-Get a quarter pound of limestone

phosphate from your pharmacist. It gently needed to prevent the country from becoming utterly bankrupt. He is inexpensive and almost tasteless xcept a sourish twinge which is not unpleasant. Drink phosphated hot told them that the national treasury was practically empty and that many makeshifts had to be resorted to to obtain sufficient money to pay the salaries due to employes.

The expenses of the government have been considerable excess of the revenue chiefly because in the past little or no attention was paid financial economies and reforms, and also to the great falling off in import ducleansing, sweetening and purifying, so ties because of the war in Europe and general business depression throughlimestone phosphate and hot water before breakfast, act on the stomout the republic itself. Offers of a loan have been made by

a local concern and also one in New York. Negotiations are still in progress in hopes of obtaining hetter terms than 97 with 6 per cent inter-ost. The previous loan was placed at 97 1-2 with 5 per cent interest. A COLD OR CATARRH Any loan negotiated will have to have the approval of the American government and this is being sought. Apply Cream in Nostrils To ⁽⁶⁾ Open Up Air Passages.

ostrils open right up, the air passages of your head are clear and you can breathe freely. No more hawksnuffling, mucous discharge, London, Oct. 18.-(Associated headache, dryness-no strug,ling for Press Correspondence.)-After pro-tracted negotiations, the demand of

breath at night, your cold or catarrh is gone. Don't stay stued up! Get a small bottle of Ely's Cream Balm from your the English railway men for an in-crease in their war bonus has been settled by the granting of about half their demand. Under the new agree-ment, the war bonus of most railway employes is practically doubled. The rate granted at the beginning of the war averaged fifty to seventy-five cents weekly, the revised bonus will, membane, giving you instant relief. Ely's Cream Balm is just what every cold and catarrh sufferer has been in most cases, reach \$1.25 weekly. The adjustment will cost nearly \$20,-

000,000 a year. Presumbly the government will ake over most of the extra burden. In return for the higher war bonuss now allowed, the men's leaders

have agreed not to present any further demands during the time the roads emain under government control.

Yard Engine Kills Three. Jackson, Ky., Nov. 1.—Three were killed and one seriously hurt when they stepped on the main track of the L. & N. to avoid a passenger engine and jumped in front of a yard engine. **** FOOTBALL RESULTS

report on the previous year's plantfing of the one-quart sample. Growers who wish to share in the special distribution the following year are expected to furnish a sample of the seed cotton representing ten 5-

locked bolls. These samples are to be used for determining the length, quality, and percentage of lint, in-formation that is needed to enable the special distribution of larger quanti-ties of seed (probably half bushels)

to be sont to communities that are likely to adopt the new varieties and establish them in regular cultivation. A mistake made frequently by farmers, and sometimes by professional breeder, is to attempt to combine testing with breeding. The new testing with breeding. The new variety of cotton is planted by the side of the local variety or a mixed stock in order to test its behavior, and seed is spiral from s saved from the same planting to increase the stock of the new varie-ty. There is serious danger that the seed of the new variety will not be pure on account of crossing with the local variety, so that its special value will be lost. The amount of crossing differs with the locality and the season, depending on the abundance of bees or other insects that carry the ollen from one flower to another. Usually, however, there is too much rossing to make it safe to rely on the purity of any stock of seed that has grown close to another variety of cotton.
