

# Found Simple Remedy that Relieved Child

Mild Laxative Compound Corrects Stubborn Case of Constipation.

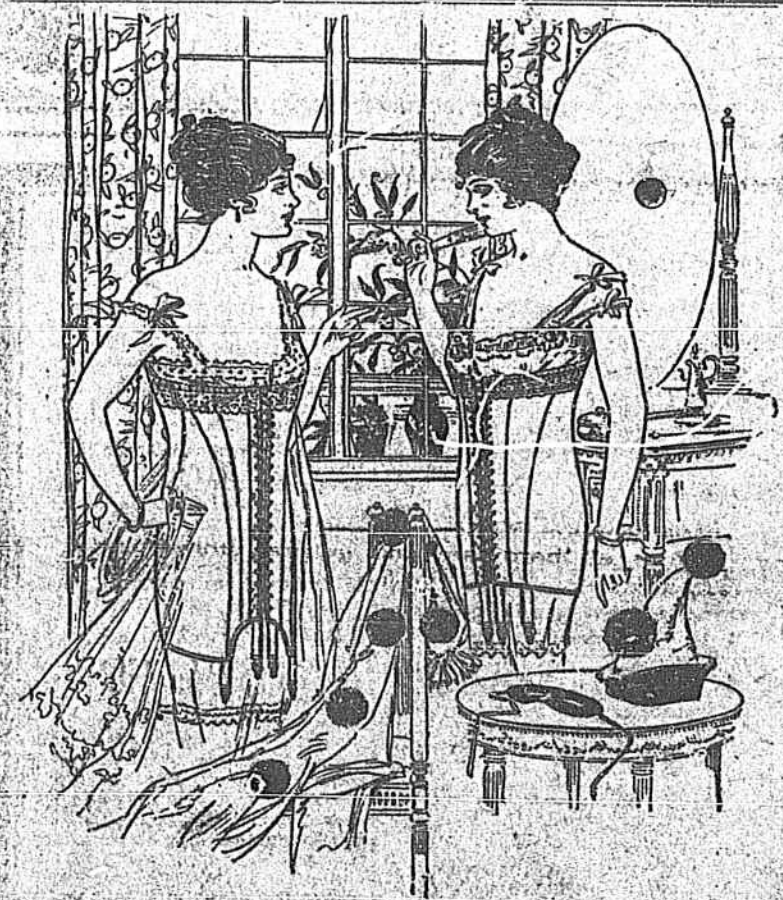

HARLEY BUREN BULLS

An important duty that devolves on parents is the regulation of their children's bowels. Health in later life depends in large measure on early training and a child should be taught from infancy to regular habits. When from any cause the bowel becomes congested with stomach waste a mild laxative should be employed to open up the passage gently and carry off the congested mass. A most effective remedy for this purpose is the combination of simple laxative herbs known as Dr. Caldwell's Syrup Pepsin. Mrs. W. D. Bulls, of Reed, Okla., used Dr. Caldwell's Syrup Pepsin for her baby boy, Harley Buren Bulls, and says "It did him more good than anything we have given him. His bowels are very stubborn about acting, but they act easily every time I give him Dr. Caldwell's Syrup Pepsin."

The market for more than twenty-five years and is the family standby in thousands of homes. Druggists everywhere sell it for fifty cents a bottle. A trial bottle, free of charge, can be obtained by writing to Dr. W. D. Caldwell, 454 Washington St., Monticello, Ill.

When and What He Makes It. It's always thus. The worst are always preaching. A man asked once: "Who's the author of the saying

that home is what we make it?" "The author of that saying," another man replied, "was I'll warrant, a chap who never made it before 3 a. m."—Washington Star.

## KNIGHTS OF PYTHIAS HELD A CONVENTION

SELECTED TOWNVILLE AS NEXT MEETING PLACE IN DISTRICT

### WELL REPRESENTED

Every Lodge in District Was Represented—Banquet Followed By Meeting Last Night.

The district convention of the Knights of Pythias, comprising those lodges in Anderson, Greenwood and Abbeville counties, convened in Anderson yesterday, the first session being held in the hall yesterday afternoon at 4 o'clock. All of the lodges were represented and there were about 30 or 40 visiting delegates at the convention.

The session yesterday afternoon was held for the transacting of business, and at which it was decided that the next district convention be held at Townville. Mr. James Craig was re-elected district deputy, Mr. A. M. Lumpkin of Columbia, grand vice chancellor, and Mr. C. D. Brown, grand keeper of records and seals were present. Mr. Lumpkin explained that he had received a message from Mr. Herbert E. Gyles, state grand chancellor, that it would be impossible for him to be present. At this meeting a number of splendid speeches were made.

About 7 o'clock last evening approximately 150 local members of the Knights of Pythias lodge and visitors assembled in the hall preparatory to marching to the Acme cafe where an oyster supper was served.

The supper was well prepared and the service was good. Those present enjoyed it very much. After the cigars had been passed, Mr. Craig announced that Mr. Lumpkin would make a short talk. Mr. Lumpkin praised the local lodge and the success of the convention, and also the Fry, Louis, Bristol, formerly of Abbeville, but now of Columbia, who followed him. The Rev. J. H. Giboney followed and gave some Knights of Pythias history. After the banquet the brothers marched back to the hall where the rank of equite was conferred on two candidates.

### WILL MEAN \$100

Each to Those Which Secure it—Many Will Apply for Graded School Aid Later.

THIRTEEN SCHOOLS. Mr. J. B. Felton, county superintendent of education, yesterday mailed to the state department of education in Columbia 13 applications for term extension money in Anderson county schools. This will enable these schools to secure not over \$100 each, but in many instances this will mean a great deal to them. Mr. Felton stated yesterday that he expected one or two more to make application for this aid.

There will be about 33 or 34 schools to apply for rural graded school aid," stated Mr. Felton. "These applications are beginning to come in and they must be made and filed within the next few days."

Those schools applying for term extension aid are: Hammond, St. Paul, Savannah, Eureka, Calhoun, Cedar Grove, Oak Grove, Ebenezer, Bethel, Rocky River, Enal's Creek, Grove and Mountain Creek.

## DEATHS

**Death of Child.**  
Ella Wilson, the five months old child of Mr. and Mrs. D. H. Wilson, died at their home at 118 E. Street, Anderson, on Monday night. Funeral services were held yesterday afternoon and interment made in the Lebanon church cemetery.

**Disconcerting.**  
A candidate for parliamentary honors was addressing a political meeting in the city of England, says The Pitt. Anxious to make friends with his audience, he began thus: "Gentlemen, I am very pleased to address a working-class constituency. It may interest you to know that I am a workingman myself—in fact, I can work when you are asleep."

"You must be a burglar, then," said a voice at the back of the hall.

**Craves Relief.**  
"Never speak to me again," exclaimed the fair maid, as with flashing eyes she handed back to the footman the ring which he had just placed on her finger a few short days before. "I can never marry a coward."

## BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT

Says glass of hot water with phosphate before breakfast washes out poisons.

If you wake up with a bad taste, bad breath and tongue is coated; if your head is dull or aching; if what you eat sours and forms gas and acid in stomach, or you are bilious, constipated, nervous, sallow and can't get feeling just right, begin inside bathing. Drink before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it. This will flush the poisons and toxins from stomach, liver, kidneys and bowels and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning to wash out of the system all the previous day's poisonous waste, gases and sour bile before putting more food into the stomach.

To feel like young folks feel; like you felt before your blood, nerves and muscles became loaded with body impurities—get from your pharmacist a quarter pound of limestone phosphate which is inexpensive and almost tasteless; it will become real cranks is not unpleasant.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels. Men and women who are usually constipated, bilious, headachy or have any stomach disorder should begin this inside bathing before breakfast. They are assured they will become real cranks on the subject shortly.

## GRAY HAIR BECOMES DARK, THICK GLOSSY

Fry Grandmother's Old Favorite Recipe of Sage and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and texture to the hair when faded, streaked or gray; also cures dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Fry's Sage and Sulphur Compound." You will get a large bottle for about 50 cents. Every body uses the old, famous mixture because for one can possibly tell that you have faded your hair, and it comes so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application of your hair becomes beautifully dark, thick and glossy and you look years younger.
