A WONDERFUL OPPORTUNITY

The C. S. Sullivan Estate owns a farm of 700 acres seventy miles West of Augusta, Ga., which they have put in our hands for sale. Mrs. Sullivan cannot handle the property. She would take Anderson County property in part payment.

It lies within, say, two miles of a nice town in which there is a bank, a large cotton warehouse, quite a number of prosperous stores, a large flourishing school with several teachers.

A splendid public road made of sand and clay runs through the property. The roads are all graded and are much better than in this county. The Augusta Southern Railway runs through the property and has a side track on this land. There is almost 500 acres cleared. There is probably 300 acres in one field almost level.

The tenant houses are better than anything in this county that I have seen. There are six houses. Four of them are six rooms, two four rooms. The land is sandy, with a good clay sub-soil within six inches of the top.

This place was sold by the present owners for \$15,000.00. The purchasers who were speculators went broke owing about \$12,000.00 on it and you can buy it for that sum. Now there are lots of men in this county with one or two hundred acres of land that will bring enough to pay for this place.

You can give your children a farm place and still have enough for yourself. It is in a splendid water section, good water, absolutely healthy, and all right in every particular.

On the farm adjoining this, there is the finest dairy I ever saw. They were milking exactly 100 Jersey at the time I was there. Land is selling all around this at \$30.00 to \$50.00 an acre. This farm has been rented out for several years, but it is so level that they could not wear it out. I have just made a trip down there to look over the place, and I think it is a great bargain.

There is a stall room for 15 mules on this place. Fine road to Augusta. People running down there in automobiles almost every day. They make the round trip in 3 or 4 hours. Now if you have any property in Anderson County that you would like to put into this, see me at once and let me see if I can't make a trade for you. We will give you good terms on the balance.

This place is about 15 miles from Sparta, and 3 or 10 miles from Sandersville. The land looks like the land does on the road from Belton to Hines Path or Williamston. The place is lying out this year because it was in litigation. I met a man who worked a two horse team on the place last year and he told me he made 14 bales of cotton with very little guano.

You can take it from me that this country is all right and a good place to live. See me.

Due West Alumnae.
A very delightful meeting of the Anderson division of the Due West alumnae was held Friday afternoon with Mrs. Guy Norris, at her home south of the city.

Mrs. Norris' home had been made most attractive and inviting by the many vases of chrysanthemums and the big fires in the open fire places. In the hall the guests were served with persimmon beer by Miss Lena Clark scales. The play to be studied was Julius Caesar, but it was decided to dispense with the program and give the entire afternoon to a social meeting. The members enjoyed discussing among other things the meeting of synod held last week in Due West and attended by many present.

After spending some time quite pleasantly in this way Mrs. Norris invited the guests into the dining room where a beautiful turkey dinner was served. Most of the good things served Mrs. Norris declared, had been raised on the Norris farm. The colors used in the dining room were garnet and gray, the college colors. A great pumpkin basket filled with fruit and tied with bow of these colors decorated the center of the table. After dinner the members were favored with several piano selections by Mrs. Sharpe. Then the meeting was adjourned to be held in December with Mrs. A. M. Sharpe and Mrs. Wilson.
