## A WONDERFUL OPPORTUNITY

The C. S. Sullivan Estate owns a farm of 700 acres seventy miles West of Augusta, Ga., which they have put in our hands for sale. Mrs. Sullivan cannot handle the property. She would take Anderson County property in part payment.

It lies within, say, two miles of a nice town in which there is a bank, a large cotton warehouse, quite a number of prosperous stores, a large flourishing school with several teachers.

A splendid public road made of sand and clay runs through the property. The roads are all graded and are much better than in this county. The Augusta Southern Railway runs through the property and has a side track on a level. There is almost 500 acres cleared. There is probably 300+ in one field almost level.

The tenant houses are better than anything in this county that I have seen. There are six houses. Four of them are six rooms, two four rooms. The land is sandy, with a good clay sub-soil within six inches of the top.

This place was sold by the present owners for \$15,000.00. The purchasers who were speculators went broke owing about \$12,000.00 on it and you can buy it for that sum. Now there are lots of men in this county with one or two hundred acres of land that will bring enough to pay for this place.

You can give your children a farm and still have enough for yourself. It is in a splendid white section, good water, absolutely healthy, and all right in every particular.

On the farm adjoining this, there is the finest dairy I ever saw. They were milking exactly 100 Jerseys at the time I was there. Land is selling all around this at \$30.00 to \$50.00 an acre. This farm has been rented out for several years, but it is so level that they could not wear it out. I have just made a trip down there to look over the place, and I think it is a great bargain.

There is a tall room for 10 miles on the place. Fine road to Augusta. People running down there in automobiles almost every day. They make the round trip in 5 or 6 hours. Now if you have any property in Anderson County that you would like to put into cash, see me at once and let me see if I can't make a trade for you. We will give you good terms on the balance.

This place is about 18 miles from Spartan, and 9 or 10 miles from Sandersville. The land looks like the land down on the road from Belton to Honea Path or Williamston. The plan is to bring out this year because it was 13 illustrations. I met a man who works a very large farm on the place last year and he told me he made 14 bales of cotton with very little rain.

You can take it from me that this country is in a right and a good place to live. See me.

## HOLD THANKSGIVING SERVICES HERE TODAY

FIRST AT CENTRAL PRESBYTERIAN CHURCH AND THE EPISCOPAL

## STORES CLOSED

And Day Will Pass Off Like Sunday is the Prediction—Special Music is Arranged.

Today will almost be like Sunday in Anderson. All of the stores, or practically all of them will be closed and also the business houses. In short, Thanksgiving Day is to be generally observed in this city.

Union Thanksgiving services will be held this morning at 10 o'clock in the Central Presbyterian church and special services will also be held at Grace Episcopal at 11 o'clock. Dr. John E. White will deliver the sermon at the union services and several of the ministers of the city will take part.

Special music has been arranged for the occasion, and among that rendered will be "Venite," by Leeson Powers, Anderson College glee club; "A Psalm of Thanksgiving," Mrs. C. R. MacDonald.

## FOOTBALL GAME PLAYED TODAY

Many people will attend the football game this morning which is to be played between Anderson high school and Erskine sub team. The game will be called promptly at 10 o'clock at Bonna Vista park. Since all of the stores and business houses will be closed, doubtless the attendance will be larger than that of any of the other games played by the local school this season.

Capt. Jones stated yesterday that this ought to be one of the best games his team has played. Both squads will be about equally matched and the contest will be hard fought.

Those who have seen the games of the Anderson school this fall have seen some football equal to that of the best teams in the country and are anxious to see the game this morning.
