Bear This in Mind,
"I consider Chamberlain's Cough Remedy by far the best medicine in the market for colds and coughs," says Mrs. Albert Blosser, Lima, Ohio. Many others are of the same opinion. For sale by all dealers.

The RAYO LAMP SAVES TROUBLE

YOU don't have to spend the greater part of your time cleaning it—and wondering why it won't burn. The Rayo is simple in construction and in design. It lights without removing the shade and gives the best sort of light—the kind that won't hurt your eyes.

Rayo Lamps

Rayo lamps are an ornament to any home. They require very little attention—yet always add to the attractiveness of the room.

The Rayo is the symbol of efficiency—economy—convenience.

Use Aladdin Security Oil or Diamond White Oil to obtain best results in Oil Stoves, Lamps and Heaters.

The Rayo is only one of our many products that bring comfort and economy to the farm. Ask for them by name.

- Matchless Liquid Gloss
- Standard Hand Separator Oil
- Standard Household Lubricant
- Parowax
- Eureka Harness Oil
- Mica Axle Grease

If your dealer does not carry these, write to our nearest station.

CONTRACT LET FOR MORE TRACK PAVING

W. W. JOHNSON WILL HAVE CHARGE OF NORTH ANDERSON JOB

OTHER WORK IS ALMOST FINISHED

Southern Public Utilities Company's Part of Work Will Be Completed Wednesday.

Mr. W. W. Johnson was yesterday awarded the contract to pave that section of the North Anderson Fallway's tracks from Greenville street to Roberts street, and work will in all probability begin Monday. Mr. Johnson will use the same forces that he has employed on the paving of the Southern Public Utilities company. The grading crews on North Main street will finish their part of the work for the latter company today, and Monday they will be moved to the track above Greenville street.

The grading crews ought to get through with our work tomorrow," stated Mr. H. A. Orr yesterday, "and if the weather is favorable all of our paving ought to be finished by next Wednesday night. This completes the job as far as the Southern Public Utilities company is concerned."

The street car track paving crews have had much extra work to do on North Main street as compared with that done on the other streets. Owing to the fact that a portion on that street is to be graded, the track crews had to grade down 2 1/2 inches before they really started on the excavation for the concrete paving. In all they have had to excavate to a depth of 43 inches, or nearly four feet.

In grading North Main street the paving crews will grade the street so that the east side will be on the same level as the west side. This will cause the street to be graded about 25 inches on the east side.

RED CROSS SEAL FUNDS NOT FOR WAR RELIEF

American Red Cross Director Urges Fund for Tuberculosis Prevention. None of the proceeds from the sale of Red Cross Christmas Seals, which are being sold widely throughout the United States for the benefit of the anti-tuberculosis movement, will not be used for any relief purposes, according to a statement by Ernest P. Bicknell, national director of the American Red Cross.

Mr. Bicknell says: "The American Red Cross is deeply appreciative of the sympathetic interest which has inspired the suggestion from various parts of the United States that a certain percentage of the Red Cross Seal sales fund, which has been used for the last seven years exclusively for the prevention and treatment of tuberculosis in the United States, be expended this year to aid the European war sufferers. While the Red Cross is desirous of securing contributions which will increase this war relief fund, we do not feel justified in adopting any policy which will tend to cripple the tuberculosis work in this country, dependent as it is for support to so large an extent on the sale of Red Cross Christmas Seals. The announcement that a percentage of the Red Cross Seal money would go to our war relief fund might possibly increase this sale; but, in our opinion, the final results would show a distinct loss in that part of the proceeds going for tuberculosis work."

"At the present time there are over 1,200 anti-tuberculosis societies distributed through nearly every state in the union and even in Porto Rico, the Canal Zone and far off Hawaii, which are dependent almost entirely upon the receipts from the Red Cross Seal sale for their work during the year 1916. The people of the United States must support this local war against tuberculosis, which annually kills 200,000 people and at the present time is leaving a trail of a million wounded."

Penfield Repeats Request. Vienna, Dec. 3.—American Ambassador Penfield repeated the request to the Austrian government to make reply to the American note respecting the circumstances in connection with the sinking of the steamer Ancona by an Austrian submarine. Several Americans lost their lives in the disaster.

Fortune's Favorite. First Coster—Well poor old Bill's gone. Second Coster (scornfully)—Poor indeed; Luckiest bloke in the market. Couldn't touch nuttin' without it turned to money. Insured his house—burned in a month. Insured himself again—accidents—broke his back first week. Joined the Bural Society last Tuesday, and now he's topped it. I call it luck.—The Bits.

WANTS ATTENDANCE OF SCHOOL TRUSTEES

TO MEETING OF COUNTY DELEGATION ON SATURDAY, DECEMBER 11

TEACHERS MEET

In Monthly Session Same Time—State Supt. Swearingen Will Make Address to Them.

Mr. J. B. Felton, county superintendent of education, has written to the trustees of the nine high schools in Anderson county urging them to be present at the public meeting of the county delegation on December 11, at 10 o'clock a. m., at which time Mr. J. E. Swearingen will be present and will discuss school questions in Anderson county. Mr. Felton also wishes all school trustees in the county to be present and listen to the suggestions made by Mr. Swearingen.

The letter to the trustees reads as follows: "Superintendent J. E. Swearingen, at the head of the department of education of this state, will visit Anderson, December 11th to talk school matters in general with the educational forces of the county and with the law makers of the county. We especially want the high school trustees of the county present as well as the high school teachers. The meeting will be held in the court room at 10 o'clock."

The Anderson County Teachers association will meet on the same date in the West Market school building, at which time Mr. Swearingen will address the teachers.

BRITISH SCIENTIST SERVING IN TRENCHES

London, Dec. 3.—Lieut. W. L. Bragg, who jointly with his father, Prof. W. H. Bragg, F. R. S., has received the Nobel prize for physics, is serving with the British forces in Flanders as an artillery expert. The third scientist who was associated with the two in their researches into crystals and X-rays, Henry J. M. Moseley, was killed by a sniper's bullet in Gallipoli.

Prof. Bragg and his son won their medals by following up certain discoveries in the formation of crystals made by Prof. Lave, a German scientist who himself won the Nobel physics prize in 1911. He developed the theory that an X-ray is a phenomenon similar to ray of light, but produced by waves lengths many thousand times smaller than the inconceivably small waves associated with light.

Prof. Bragg and his son hit upon a method of investigation by which they obtained the knowledge as to how atoms in crystals are arranged. "To our astonishment," he said, "it upset all the old set theories of crystallography and many other ideas as well."

In this work the pair were assisted by young Moseley, who was the son of the late Prof. A. N. H. Hoesley of Oxford. Starting from a certain point of Lave's researches into the diffraction of X-rays in their passage through crystals, the three, in the words of Prof. Bragg, "opened up vistas the significance of which is inconceivable."

OLD AGE PENSIONS

Foremost Worker For Cause Dead in London.

London, Dec. 3.—The death of Frederick Rogers removes the foremost of the workers for the old age pension act and one of the leaders of the democratic movement in England. Rogers had a remarkable career. He was born in the Whitechapel district of London in 1846 and got a job as an errand boy at 50 cents a week at the age of ten years. His father was a dock laborer. When 16, he was apprenticed to a bookbinder, a trade he followed for 27 years. Although practically self-taught, he learned to read as a child and early interested himself in social and political questions. During his long life he was a constant worker for social betterment. He helped to establish the university extension system in the east end of London as well as the well known social settlement, Toynbee Hall. His son was lately killed in the trenches at Loos.

MONTHLY REPORT OF THE CITY TREASURER

HAS NOW BEEN COMPILED FOR THE MONTH OF NOVEMBER, 1915

'S INTERESTING

And Should Be Read—Shows Receipts and Disbursements City Council During Month.

City Treasurer Scott has prepared his financial report for the month of November, as follows:

Receipts.

Trying to Save Babies

Miss Julia C. Lathrop. No person in the United States is more interested in the care of babies than is Miss Julia Lathrop, the chief of the children's bureau in Washington. Ever since she has held her place, she has been at work on this subject, and is recognized as an authority over the United States.

War Signs Obfuscated.

Paris, Dec. 3.—The traveler by rail from Nancy to Paris now finds little to be seen from the car window to indicate that the country on both sides of the line was twice covered in retreat and advance by the two great armies that are still fighting just beyond the ridges of Champagne and the forest hills of the Argonne that are visible to the north. Beginning with Meaux, most of the ravages of battle have disappeared. All blown-up bridges have been rebuilt or repaired and excepting an isolated structure most of the bombarded buildings have been repaired or replaced.

More Serbians Captured.

Berlin, Dec. 3.—Tentative forces defeated scattered Serbian detachments southwest of Mitrovitz, says official report. Twelve hundred Serbians were captured.

YOUNG MEN'S CLASS ELECTED OFFICERS

AT ANNUAL BANQUET AT ST. JOHN'S CHURCH LAST NIGHT

MR. A. H. DAGNALL

Was Elected Teacher to Succeed Dr. Nardin Who Refused to Be Re-elected.

About 55 young men were present last evening at St. John's Methodist church to attend the annual banquet of the Young Men's Sunday school class. In addition several invited guests were present.

A delightful oyster and turkey supper was served by the young ladies of the Sunday school after which the business of electing officers for the ensuing year was entered into as follows: Mr. Glenn Lassiter was elected president; John Owens, vice president; Edward Valentine, secretary and Jesse Whitten, treasurer.

After the election of these officers Dr. W. H. Nardin, teacher for the past three years, made an address. He reviewed the work of the class which he organized in the beginning with only five members and congratulated the young men on their loyalty. He stated that he refused to serve as teacher for another year and that he hoped that the members of the class would show their appreciation of his work by not insisting on his continuing as their teacher.

The name of Mr. A. H. Dagnall was suggested as teacher and he was elected for the next year. All of the new officers were called on for speeches and they responded. The reports of the secretary and treasurer were very complimentary to the class. The former's report showed that the average attendance for the past year had been 21 and the latter's showed how the class had maintained their native missionary in China.

Mr. O. M. Heard made a very instructive address, telling the young men that the eyes of U. S. people of the town were watching them and how everyone admired a young man's loyalty to his church. The meeting came to a close about 10:30 o'clock.

To Cut Big Melon.

Pittsburgh, Dec. 2.—The directors of the National Transit company, oil carriers, a former subsidiary of the Standard oil company, will meet in Oil City, Pa., in February and vote to distribute \$6,363,787 among the stockholders.
