THIRTY PER CENT PROFIT ON SPECULATION EVEN GREATER PROFIT ON INVESTMENT

We have a single tract of approximately 850 acres of rich, Chattahoochee river bottom land, located in Stewart county Georgia, within twenty-five miles of Columbus, which we will sell for SEVENTY per cent of what adjacent farm lands are selling for now.

Of this entire plantation, there is one portion of about 500 acres which we would sell separately. Of this smaller tract there are 120 acres cleared and under cultivation now; the balance—about 380 acres, is in woodland. On the entire plantation there are six tenant houses, barns and necessary outbuildings, and one large eight room dwelling house. The Seaboard Airline railway runs through this place, and there is a sidetrack on the farm. There are 40 acres of nut bearing Pecan trees on the plantation at present.

This is a very desirable plantation, and to a practical farmer of strict determination, some means, and who is not afraid of the work necessary in the management of such a plantation, this offers the opportunity of a lifetime.

Our only reason for offering this magnificent plantation at such a tremendous sacrifice is strictly a personal one, and we will give it to interested parties, privately.

We will pay the expense of a trip to Stewart county to the investigator of this bargain, buy the tract of land or any part of it. There are quite a few Anderson county people living in Stewart county Ga. now.

Germany's Strange Reticence.

When the kaiser enters Constantinople, to greet his exalted brother-in-arms, the sultan, he will have to take pains to forget what Germans have written of the Turks. For example, there is the letter which Bismarck wrote to the old emperor on August 17, 1878. It was said at the time of the first Balkan war over in the war with Turkey, and Bismarck associated himself with Wilhelm I in regretting the misfortune. He did not think that Germany would need a fact to change policy, but he went on to say:

"It is impossible without deep sympathy to read of the misfortunes of these brave and deadly soldiers of without indignation to learn of the shameless outrages committed by the Turks upon the wounded and non-combatants. With such barbarians it is difficult to be on good terms diplomatically, and I think that all Christian powers must be intimant. For the Russians there lies in them exactly the opposite of Christian virtues—against heathenish barbarism."—New York Evening Post.

The Shallow Pate We All Know.

Did you ever feel like wringing the neck of the cheap guy who went to a public entertainment for the purpose of disturbing and annoying the audience? If you ever had such feeling you were wrong. The idiotic cuss who goes to a place of entertainment and disturbs and annoys is not mean. It is not his innate cussedness that makes him as he is. He is unfortunate. He deserves your pity, not your censure. The poor fool to do the thing he is doing just as much as it is born in the dog to bark or the jackass to bray. Count one the list of those who go out every time there is a public entertainment in our community, and by their abominable behavior mar the pleasure of orderly people who attend; study them and see if we are not handing out some chunks of truth about them. A study of each one of them is keen-sensed. Long before they were born—at the evening of the entertainment—this is when the piece of folly they are getting off started. Into their brains went too little gray matter—and they are deformed in the worst place any human being can be deformed—the think works. It is a tragedy. They can no more help playing the fool than they can change the color of their eyes. They are built that way. Before their birth brain deformity decreed it and at birth "the sisters three" laid their hands on their tiny skulls with the prophetic saying: Be thou dull! What is to be done about it, do you ask? How shall the poor fool be treated? Get your Bible turn to Proverbs twenty-sixth chapter and third verse—and there you will find the remedy.—Monroe Enquirer.

LEBANON

The Lebanon Improvement association held an enthusiastic meeting in October. One number on the program was especially interesting, an article in the Farmer's Wife, entitled "Make Beech Grove Neighborhood Beautiful." It was read by Mrs. J. G. Ducworth, and she was so pleased with the idea that she suggested that we try the same thing in our neighborhood. To make the proposition more attractive she offered ten dollars to the person who accomplished the most in the effort to beautifying the neighborhood. It was decided to consider the question until the November meeting, and all who wanted to enter the contest could give their names to the secretary.

Miss Jayne Garlington was a most welcome guest at the meeting, and she asked to be allowed to furnish three prizes instead of the one cash prize offered by Mrs. Ducworth. Her offer was accepted.

We adopted as our slogan, "Make Lebanon Community Beautiful." By acting together we can make better and prettier homes and thus a more attractive community. So far as we know, we are the first to undertake such an enterprise as this. We are expecting great results, and the task will be easy if everybody will enter the contest.

Prof. Niven of Clemson college has promised to come down and inspect the premises of all contestants. He will do this within the next few days. He will come again about the first of September to see who has done the most, and to award the prizes. Every one in Lebanon school district is eligible to enter the contest.

The following is an outline of the work to be done:

1. Premises to be made beautiful by keeping the yards cleaned, planting flowers, shrubs or anything to add the attractiveness.

2. All wood piles and hog pens kept in the back ground.

3. Whitewash or paint all outbuildings.

4. Orchards, groves, and hedges must be well kept.

5. Make the public road leading by your home as attractive as possible by planting sunflowers, cosmos, or anything you like along the roadside. Keep your road free from trash.

Let everybody do his level best to make Lebanon community beautiful.

Mr. L. R. Thompson, our good friend, but we regret to say not an honorary member of our association, has a plan by which he proposes to have all roads well dragged. Good roads will be a long step toward a beautiful community.

The teachers of the Lebanon high school are getting ready to present just before Christmas. A definite announcement will be made in a few days.

That's All.

Two small boys as alike as two peas, were watching a man tinkering with his automobile on Riverside drive, according to The New York Press.

"What's your name?" asked the man.

The boys looked at each other and finally one of them spoke.

"Johnny Black," he replied.

"And what's your name?" continued the man turning to the second boy.

"His name is Tommy Black," returned the first boy.

"Can't you boys talk?" commented the automobilist, as he was ready to move on. "Any relation?"

"No relation, cept by marriage," was the reply. "He's my brother."

WOMEN'S GARDEN CLUB IN REGULAR MEETING

IS IN CONNECTION WITH COMMUNITY WORK AT RIVERSIDE

SPLENDID TALKS

Were Made By Miss Garlington and Mrs. Duckworth--Work is Doing Splendidly.

Last evening at the Riverside mill the regular monthly meeting of the Women's Garden club, which has been organized by Miss Finley in connection with the community work, was held and was well attended. This club has a large membership and much interest is being shown. Winter gardens have been planted and it is said that these are doing well.

In addition to Miss Finley's talk last night, Miss Jayne C. Garlington made a short talk on "General Housekeeping," which was well received. Miss Garlington was followed by Mrs. J. G. Duckworth of the Lebanon section, whose subject was an "Ideal Home." Her talk was short but to the point and was much enjoyed.

The community work at the Riverside and Toxaway mills is making rapid progress in all departments, and Miss Finley is to be complimented upon its success.

Splendid Laxative For Elderly People

Has Been Prescribed by Well Known Physician For Many Years.

The infirmities of age are especially manifest in a tendency to constipation, and call for treatment that will afford relief in an easy, natural manner. The rapid action of cathartic remedies and purgatives that shock the system should be avoided, more especially as the relief they offer is only temporary and is usually more than offset by disturbance to the vital organs caused by their violent action.

Nearly thirty years ago Dr. W. B. Caldwell, Monticello, Ill., prescribed a compound of simple laxative herbs that has since become the standard household remedy in thousands of homes. It acts easily and gently, yet with positive effect, without griping or other pain or discomfort. Mrs. Rachel Allen, Galesburg, Kans., is seventy-one years old, and after using a bottle of Dr. Caldwell's Syrup Pepsin, wrote that it had done her a world of good and that she intends to keep it in the house always.

MRS. RACHEL ALLEN

Druggists sell Dr. Caldwell's Syrup Pepsin for fifty cents a bottle. It is a splendid remedy and should be in every home. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 454 Washington St., Monticello, Ill.
